it is believed that law and violence generally share an antithetical relationship in liberal democracies lawlessness is understood to produce violence and law is invoked and deployed as a means to resist and undo that violent modernities attempts to establish that this relationship is not one of animosity but of a deep counterintuitive intimacy and is at the base of what makes india a modern nation state delving into the patterns of law and violence through the cultural imaginaries of justice marked by the combined rise of neoliberalism and hindutva the book argues that legal imagination in india does not only emanate from courtrooms legislations and judgments but is also lived in the practices of ordinary disobediences and everyday failures the author suggests that it is only when law can be re imagined as such that the violence at the foundations of state law can be unsettled

explores how jazz helped propel the rise of african american islam during the era of global black liberation amid the social change and liberation of the civil rights and black power movements the tenor saxophonist archie shepp recorded a tribute to malcolm x s emancipatory political consciousness shepp saw similarities between his revolutionary hero and john coltrane one of the most influential jazz musicians of the era later the esteemed trumpeter miles davis echoed shepp s sentiment recognizing that coltrane s music represented the very passion rage rebellion and love that malcolm x preached soundtrack to a movement examines the link between the revolutionary

black islam of the post wwii generation and jazz music it argues that from the late 1940s and 50s though the 1970s islam rose in prominence among african americans in part because of the embrace of the religion among jazz musicians the book demonstrates that the values that islam and jazz shared black affirmation freedom and self determination were key to the growth of african american islamic communities and that it was jazz musicians who led the way in shaping encounters with islam as they developed a black atlantic cool that shaped both black religion and jazz styles soundtrack to a movement demonstrates how by expressing their values through the rejection of systemic racism the construction of black notions of masculinity and femininity and the development of an african american religious internationalism both jazz musicians and black muslims engaged with a global black consciousness and interconnected resistance movements in the african diaspora and africa

beginning in the 1920s upper manhattan became the center of an explosion of art writing and ideas that has since become legendary but what we now know as the harlem renaissance the first movement of international modern art led by african americans extended far beyond new york city this volume reexamines the harlem renaissance as part of a global flowering of black creativity with roots in the new negro theories and aesthetics of alain locke its founding philosopher as well as the writings of w e b du bois langston hughes and zora neale hurston featuring artists such as aaron douglas charles henry alston augusta savage and william h johnson who synthesized the expressive figuration of the european avant garde with the aesthetics of african sculpture and folk art to render

all aspects of african american city life this publication also includes works by lesser known contributors including laura wheeler waring and samuel joseph brown jr who took a more classical approach to depicting black subjects with dignity interiority and gravitas the works of new negro artists active abroad are also examined in juxtaposition with those of their european and international african diasporan peers from germaine casse and ronald moody to henri matisse edvard munch and pablo picasso this reframing of a celebrated cultural phenomenon shows how the flow of ideas through black artistic communities on both sides of the atlantic contributed to international conversations around art race and identity while helping to define our notion of modernism
