we all have a story to tell i just decided to write mines in poetry to let people know it s possible to overcome our mountains i m not perfect but i do have faith this book is about overcoming not just mountains but even ourselves we always think that we know what we are doing and where were going we have been fooling ourselves in so many ways this book is to let people know you can change your situations sometimes we must go through it so we can show it to show what faith can do even if it s the size of a mustard seed this book is to let people know that no matter what your past was like you can still become something special your past only determine your future unless you let it this book is about pain from a love one struggles in life regrets that we make victory over the enemy faith love manhood family and the value of living you must have a test in order to have a testimony this book is about becoming a victor and not a victim how you are at your best when you are tired and have nothing left to give in your body but you still hold your head high and keep fighting the good fight like they say you can get knocked down 5 times as long as you got up 6 times somebody told me that it s better to see where you going and that the blind can t lead the blind i say that s the problem we depend on man to lead but also when you can t see where we going we must depend on somebody to guide us through the dark times it just depends on who you choose to guide you the blind can t lead the blind because both are blind men i want god to guide me this time that s why i named the book walking with my eyes closed

drawing on jesus s example of walking bestselling author mark buchanan explores one of the oldest spiritual practices of our faith what happens when we literally walk out our christian life we discover the joy of traveling at the speed of our soul we often act as if faith is only about the mind but what about our bodies what does our physical being have to do with our spiritual life when the bible exhorts us to walk in the light or walk by faith or walk in truth it means these things literally as much as figuratively the christian faith always involves walking out as again and again we find the holy in the ordinary come follow me jesus said and then he was off the most obvious thing about jesus s method of discipleship in fact is that he walked and invited others to walk with him jesus is always on the way arriving leaving approaching coming upon it s in the walking that his disciples are taught formed tested empowered and released part theology part history part field guide god walk explores walking as spiritual formation walking as healing walking as exercise walking as prayer walking as pilgrimage suffering friendship and attentiveness it is a book about being alongside the god who incarnate in jesus turns to us as he passes by always on foot and says simply come follow me with practical insight and biblical reflections told in his distinct voice buchanan provides specific walking exercises so you can immediately implement the practice of going god speed whether you are walking around the neighborhood or hiking in the mountains walking offers the potential to awaken your life with christ as it revives body

and soul

people ask me how did you do it having six children and raising them totally blind and i always give them the same answer with the help of god and this is the gospel truth i don't know how i would have done it without his help it was not easy but i was determined to have children with or without sight i always wanted children even when i was a little girl i was always around them i was the youngest of three but when you come from a big italian family there are always kids around and more than likely a lot of babies to take care of and play with so taking care of babies was not hard for me i was always very comfortable taking care of my own how would you feel if a doctor told you at the age of twenty three that you are going to be blind and there is no cure i was a newlywed at the time would my new husband want to stay with a blind wife would i be able to accept living in the dark in a sighted world would all my dreams of a home and children go up in smoke i never wanted to be a burden to my husband that's when i drew on my faith and trusted in god if god got me to it he would get me through it you will read about the miraculous ways god worked things out in my life the way in which i had my children was miraculous he said for i know the plans i have for you jeremiah 29 11 god is always in control when i was a young girl i was very insecure and shy but with this change in my life i had to toughen up and that's exactly what i did i went through a lot of hard times in my life but a lot of happy times too the secret is how you deal with it all there was fun and lots of laughter and a lot of surprises too life's journey is very simple you just follow the lord and you can't go wrong i am still following that path today and i can say that eyes indeed i walk by faith and not by sight and 2 corinthians 5 7

the power of walking by faith is a book that every christian needs to be victorious and receive every promise the lord has given to us faith is an ingredient that should be a part of our lives to be champions for god god wants us to walk with him by faith and be able to please him because without faith it is impossible to please god nor receive anything from him many today are walking by sight and they go by what they see and feel hence they are not walking in the provision and abundance of god faith is the key to our receiving breakthroughs in this life if you go by what you see and feel the devil and his demons will make a fool of you and torment your life when we don t walk by faith then we walk by fear and that is the greatest tool of the devil to paralyze one and make one s life miserable god wants us not to walk in fear but to walk in power in love and in sound mind when fear comes into one s mind one becomes confused and one begins to do the devil s bidding the mind is a powerful tool the good lord has given to us and if we allow the devil to control it he will only unleash misery unto us and cause us to be depressed one thing the devil will put in your mind if he can gain access into it is fear and with that fear he will hinder you completely in life and make you not to be what god has intended you to be the spirit of fear is what is stopping many people today from achieving things in life be it in marriage job business ministry or what have you fear can also lead one into poverty and lack because one is afraid to pay one s tithe and give unto the lord the devil will always suggest things to you and cause you not to obey the voice of god and walk in his abundance and then stop you from connecting to god s source of supply with this book you will tap in into the riches of god and walk boldly by faith and claim what god says is you when we walk by faith we possess everything we desire from god in short everything we need for our lives first exists in the spirit realm and we must by faith call it forth into the physical manifestation if we walk by sight we will not be able to accomplish much in life but by faith in god nothing can be impossible to us walking by faith is awesome and it makes you to continue to walk in god s inexhaustible provision and have what you desire in life my prayer for you as you read this book is that fear will be eliminated from your life and you will begin to walk by faith and please god and receive from him and make your life very rewarding and fulfilling this book will empower and motivate you and cause you to be a champion for god and live a happy and fulfilling life right here on

earth good luck and god bless you as you begin your spiritual journey into the arena of faith

pastor bill hybels s firm conviction is that the highest value in personal evangelism is being attuned to and cooperative with the promptings of the holy spirit this means playing only the role you are intended to play walking when the spirit says to walk talking when the spirit says to talk and falling silent when the spirit suggests that you ve already said enough more than two thousand years ago jesus himself introduced the perfect model for evangelism he left the marvelous adoration of the angels and the perfection of heaven and he chose to walk clear across the cosmos he had no memorized script no forced formulas instead he was armed only with an offer of redemption to people just like you and me many of whom were neck deep in pain of their own making today the goal for every christian is to reflect christ s love and follow his example by taking simple walks across rooms leaving our circles of comfort and extending hands of care compassion and inclusiveness to people living far from god designed for use with the video
