petting farm fun is the third release in the popular hood picture book series it is a delightful bedtime story to entertain and then relax young children before they fall asleep the tradition of the bedtime story has been around since before the written word for generations and in every culture parents have prepared their children for bed by telling them stories karen jean matsko hood is a prolific author and poet that loves children and animals it is only fitting that she would write and direct the art of this delightful petting farm story her family has raised nubian goats fainting goats baby doll southdown sheep icelandic sheep icelandic horses and other petting animals as she knows this is a valuable experience for children the author and her family also have first hand experience raising chickens turkeys ducks and geese for organic eggs her children have actively worked on the goat dairy farm to milk

goats for organic milk all this inspired her to write this book

British Museum Catalogue of printed Books

1889

this is the fifth scrapbook in the series and is especially designed for children to help them to remember their unique and joyful adventures through life scrapbooking provides an outlet of expression that may not be available in any other form families get involved and show their children how much they love them by helping them fill in the pages of this book to preserve family memories when i was young i had a baby book my holiday memories scrapbook for kids by author karen jean matsko hood is a wonderful way to document enjoyable past and present experiences a storehouse of unique recollections as family s journey through their lives you will share many pleasant memories with your child browsing together through this special scrapbook as they grow and mature through their individual times and accomplishments encourage your child to record moments holidays and special family events with written thoughts and their own hand drawn pictures as well as photographs along the way so often we lose some parts of our child s events because of no singular place to keep them here is the answer to that situation in this memorable scrapbook you will want one for each of your children so they can protect their personal holiday memories

Petting Farm Fun

2014-01-01

in this first biography of the general in more than twenty years miller offers a new original perspective directly challenging those historians who have pointed to hood s perceived personality flaws his alleged abuse of painkillers and other unsubstantiated claims as proof of his incompetence as a military leader this book takes into account hood s entire life as a student at west point his meteoric rise and fall as a soldier and civil war commander and his career as a successful postwar businessman in many ways hood represents a typical southern man consumed by personal and societal definitions of manhood that were threatened by amputation and preserved and reconstructed by civil war memory miller consults an extensive variety of sources explaining not only what hood did but also the environment in which he lived and how it affected him jacket

My Holiday Memories Scrapbook for Kids

2014-01-01

this collection introduces the reader to the life and times of stuart hood 1915 2011 highlighting hood s year spent fighting with the italian resistance during the second world war the essays consider how his experiences as a partisan influenced his peacetime trajectory written by distinguished scholars from several disciplines each chapter examines different aspects of hood s life and work including his scottish boyhood and university education in

edinburgh his distinguished career as a broadcaster presiding over an era of unprecedented creativity at bbc television his role in the establishment of the discipline of media studies and his contribution to radical european culture as the translator of 40 literary works from italian german french and russian and as the author of eight acclaimed novels stuart hood s reticence made him an enigma to many who knew him this collection assesses his many faceted achievements demonstrating how his life provides fresh insights into twentieth century european history this book will appeal to readers interested in the history of british and european socialism media studies and literature

John Bell Hood and the Fight for Civil War Memory

2010

john bell hood a native of kentucky bred on romantic notions of the old south and determined to model himself on robert e lee had a tragic military career no less interesting for being calamitous after conspicuous bravery in leading a texas brigade he rose in the ranks to become the youngest of the full generals of the confederacy the misfortune in store for hood a far better fighter than a strategist illustrates the strain and risks of high command one of the lasting images to come out of the civil war is that of the one legged general hood strapped in his saddle leading his men in a hopeless counter offensive against sherman s march on atlanta in this prize winning book richard m mcmurry spares no details of hood s ultimate complete and disastrous failure but he is concerned to do justice to one of the most maligned and misunderstood figures in civil war history

Stuart Hood, Twentieth-Century Partisan

2020-07-31

a global study of modern adaptations for readers of all ages of little red riding hood red riding hood for all ages investigates the modern recasting of one of the world s most beloved and frequently told tales author sandra l beckett examines an international selection of contemporary fiction for children adolescents and adults to find a wide range of narrative and interpretive perspectives in the tale and its revisions beckett shows how authors and illustrators from around the globe have renewed the age old tale in a range of multilayered sophisticated and complex

textual and visual red riding hood narratives with a child protagonist who confronts grown up issues of sexuality violence and death the red riding hood story appeals to readers of all age groups and is often presented in crossover texts that can be enjoyed by both children and adults beckett presents a wide selection of retellings many of which have been never translated into english texts come from a variety of countries in europe north america south america africa and asia and date from the early twentieth to the twenty first century this wealth of stories and illustrations is organized thematically into sections that consider little red riding hood alternately as a cautionary tale an initiation story a story focused on the wolf a tale inspired by the wolf within and a story of an unconventional girl who runs with wolves this volume provides a global survey of red riding hood s story in contemporary culture proving that the character is omnipresent in modern literature and that the universal appeal of her story knows no age boundaries red riding hood for all ages will be of interest to scholars of folklore gender studies and literature as well as librarians educators parents and all those interested in the many interpretations of the red riding hood tale

every legal system at the outset of court proceedings has rules aimed at safeguarding parties interests during the time needed to obtain a judgment on the merits however as the european commission put the case in a 1997 communication a comparative survey of national legislation reveals that there are virtually no definitions of provisional protective measures and that the legal situations vary widely the only convergence that can be ascertained is between the function of such measures recognizing that after almost twenty years the issues noted by the commission have not found a satisfactory solution here at last is a book that collects and compares the ideas behind the preliminary injunction an expression the authors use as a general term for a great variety of provisional and precautionary measures with an eye to defining and organizing this small but very important aspect of the law although the analysis touches on relevant measures from many countries the authors focus on the national legislation in four eu member states england france germany and italy to highlight the nature of the differences these kinds of measures entail they compare and contrast such aspects as the following differences in civil procedure the types of measures that may be taken the terms on which preliminary injunctions which are normally directly enforceable may be ordered by a court the kind of assets that may be affected the relationship between proceedings in an interlocutory action and proceedings on the substance necessity of credible evidence that immediate and irreparable injury loss or damage will result if no preliminary injunction is granted and the role of protective measures in summary proceedings the study also describes and examines the recent european order for payment ec regulation no 1896/2006 the most significant existing transnational instrument aimed at granting preliminary protection of creditors rights this incomparable book represents a major contribution to a growing debate particularly in europe on ways and means of securing equivalent protection for all litigants given the variety of legal systems and of measures available the debate will have to focus on the functions served by provisional protective measures the minimum conditions to be satisfied the adversary procedure requirement the enforceability of the measures and possible redress procedures there is no more thorough and reliable resource available to clarify these issues for practitioners and interested policymakers everywhere

John Bell Hood and the War for Southern Independence

1992-06-01

a fascinating collection of the pictures figures and diagrams that chemists create to explain their craft in a

chemical history tour arthur greenberg took readers on a wild romp through the history of chemistry introducing the unique characters sometimes bizarre theories and novel experiments that ultimately produced the modern science now greenberg returns with more tales of chemistry glory lovingly chronicling the extraordinary artwork that alchemists and chemists have produced in their pursuit of understanding the nature of matter in the art of chemistry myths medicines and materials the art of chemistry employs 187 figures including 16 full color plates to illuminate 72 essays on the mythical origins wondrous experiments and adventurous explorers in the annals of chemistry greenberg divides his delightful study into eight sections spiritual and mythological roots stills cupels and weapons medicines purges and ointments an emerging science two revolutions in france a young country and a young theory specialization and systemization some fun each section tracks chemistry s incremental progress from myth to modern science featuring the figures and diagrams that early chemists used to explain their craft along the way readers will meet the deadly basilisk and the fabulous phoenix that populated the lore of pre modern chemistry learn the contributions to chemistry of the american natural philosopher benjamin franklin and encounter antoine lavoisier the father of modern chemistry and perhaps france s greatest economist greenberg also examines our fundamental connections with science through two personal essays one on an adolescent friend who improbably but perhaps inevitably became a world renowned entomology professor and the other on his quest to discover his own chemical heritage the art of chemistry is sure to inform and entertain anyone interested in our eternal quest to know the natural world
