since the first translations of lewis carroll s alice books appeared in japan in 1899 alice has found her way into nearly every facet of japanese life and popular culture the books have been translated into japanese more than 500 times resulting in more editions of these works in japanese than any other language except english generations of japanese children learned english from textbooks containing alice excerpts japan s internationally famous fashion vogue lolita merges alice with french rococo style in japan alice is everywhere in manga literature fine art live action film and television shows anime video games clothing restaurants and household goods consumed by people of all ages and genders in alice in japanese wonderlands amanda kennell traverses the breadth of alice s japanese media environment starting in 1899 and continuing through 60s psychedelia and 70s intellectual fads to the present showing how a set of nineteenth century british children s books became a vital element in japanese popular culture using japan s myriad adaptations to investigate how this modern media landscape developed kennell reveals how alice connects different fields of cultural production and builds cohesion out of otherwise disparate media artists and consumers the first

sustained examination of japanese alice adaptations her work probes the meaning of alice in wonderland as it was adapted by a cast of characters that includes the father of the japanese short story ryunosuke akutagawa the renowned pop artist yayoi kusama and the best selling manga collective clamp while some may deride adaptive activities as mere copying the form alice takes in japan today clearly reflects domestic considerations and creativity not the desire to imitate by engaging with studies of adaptation literature film media and popular culture kennell uses japan s proliferation of alices to explore both alice and the japanese media environment

before the era of overpowered pcs and home consoles there was a time when video game enthusiasts could only experience the very best and the most challenging in places called arcades in these locations players of all ages and origins gathered to take their passion to a level no consumer grade hardware could the arcades of the early 90s were a highly competitive environment where publishers only had a few seconds to catch a player s attention and more importantly their quarters

it was during that time that a young company named capcom managed to elevate itself above the competition and turn itself into an icon this book is an engineering love letter to the platform that allowed this metamorphosis if you have always wanted to learn about the machine behind the legendary cps 1 titles street fighter ii ghouls n ghosts and final fight the book of cp system is for you inside you will find the hardware of the cps 1 described and explained in excruciating detail the software is also covered with a fully detailed modern pipeline turning code and assets into roms jump in and discover a world of one hundred explanatory illustrations sprinkled with typos and broken english to remind you this isn t just a dream

Rebuild World: Volume 1 Part 1 2017-07-05

本書は、1985年に発売されたゲーム機「MSX2+」のハードウェアとソフトウェアの仕組みを、最新の技術と手法を用いて再現し、現代のPC環境で動かすための方法を詳しく解説しています。ハードウェアの構成や動作原理、ソフトウェアの書き方、ROMの作成方法など、初心者から中級者まで楽しめる内容です。また、DIY的な要素も盛り込まれており、実際に組み立てや書き込みを行うことができます。

The Book of CP-System 2019-11-20

the role of translation in the formation of modern japanese identities has become one of the most exciting new fields of inquiry in japanese studies this book marks the first attempt to establish the contours of this new field bringing together seminal works of japanese scholarship and criticism with cutting edge english language scholarship collectively the contributors to this book address two critical questions 1 how does the conception of modern japan as a culture of translation affect our understanding of japanese modernity and its relation to the east west divide and 2 how does the example of a distinctly east asian tradition of translation affect our understanding of translation itself the chapter engage a wide array of disciplines perspectives and topics from politics to culture the written language to visual culture scientific discourse to children s literature and the japanese conception of a national literature translation in modern japan will be of huge interest to a diverse readership in both japanese studies and translation studies as well as students and scholars of the theory and practice of japanese literary translation traditional and modern japanese history and culture and japanese women s studies

science technology and medicine all contributed to the emerging modern japanese empire and

of the marine coastal ecosystems a relationship that is important for their conservation but has not been investigated fully this book is aimed at students and researchers in the fields of oceanography and marine coastal ecology as well as general readers who are interested in coral reefs diving and nature conservation

Science, Technology, and Medicine in the Modern Japanese Empire 2000

silk road studies has often treated material artifacts and manuscripts separately this interdisciplinary volume expands the scope of transcultural transmission questions what constituted a book and explores networks of circulation shared by material artifacts and manuscripts featuring new research in english by international scholars in buddhist studies art history and literary studies the essays in beyond the silk and book roads chart new and exciting directions in silk road studies contributors are ge jiyong george a keyworth ding li ryan richard overbey hao chunwen wu shaowei liu yi lan wu sha wutian michelle c wang and stephen roddy

Landscape and Authority in the Early Modern World 2021-10-09

postmodernism and japan is a coherent yet diverse study of the dynamics of postmodernism as described by lyotard baudrillard deleuze and guatarri from the often startling perspective of a society bent on transforming itself into the image of western enlightenment wealth and power this work provides a unique view of a society in transition and confronting like its models in the west the problems induced by the introduction of new forms of knowledge modes of production and social relationships

Japanese Cinema Studies 1963

this work will become not only the newly definitive study of kurosawa but will redefine the field of japanese cinema studies particularly as the field exists in the west
