a new phenomenon in the past several decades has been the steady growth of the role of the state in both political and economic life throughout the developing world this is largely the result of political leaders becoming increasingly involved in economic affairs and thereby using the state apparatus as an instrument to achieve politically defined economic objectives strong developmentalist states hence have

come to be seen as playing a central role in promoting economic growth and socio cultural change this collection of essays however raises a series of caveats about the idea that strong states promote development by exploring several case studies including algeria malaysia south korea venezuela and taiwan
