Second Language Writing in Elementary Classrooms 2016-04-29 this is the second revised edition of the book published in 2010 under the same title it reflects the author s experience teaching a graduate level mathematics content course for elementary teacher candidates at suny potsdam since 2003 the book addresses a number of recommendations of the conference board of the mathematical sciences for the preparation of teachers demonstrating how abstract mathematical concepts can be motivated by concrete activities and the use of technology such approach to school mathematics makes it easier for teachers to grasp the meaning of generalization formal proof and the creation of an increasing number of concepts on higher levels of abstraction the book s computer enhanced pedagogy and its strong experiential component enabled by the use of manipulative materials have the potential to reduce mathematics anxiety among teachers and help them develop confidence in teaching the subject matter through modeling and problem solving classroom observations of teachers learning mathematics as a combination of theory and experiment confirm that this approach elevates one s mathematical

understanding to a higher ground most of the chapters are motivated by a problem typically found in the elementary mathematics curricula and or standards either national or new york state the context in which the author prepare teachers by exploring traditional problems in depth teachers can uncover fundamental mathematical concepts and ideas hidden within a seemingly mundane task the need to have experience in going beyond traditional expectations for learning is due to the constructivist orientation of contemporary mathematics pedagogy that encourages students to ask questions about mathematics they study each chapter except the last one includes an activity set that can be used for the development of the variety of assignments for teachers digital tools used in the book include spreadsheets wolfram alpha geogebra kid pix studio deluxe and graphing calculator pacific tech
