The Automobile Girls Along the Hudson: or, Fighting Fire in Sleepy Hollow 2017-09-05 laire reynolds has had to fight for everything that she has achieved in her life an erratic foster care upbringing has left her determined to put in the hard work necessary to achieve her dreams and build a solid future armed with her mba and a five year plan she has landed a prestigious internship with bellingham developments if she excels she will surely be offered a permanent job and a chance to make her mark in the industry she loves enter andrew bellingham heir to the bellingham empire drew is most definitely not a part of any five year plan his playboy reputation is often the talk of the town but claire is surprised to find that drew is completely the opposite of the gossip that surrounds him charming and intelligent not to mention devastatingly handsome drew is a man who gets what he wants and despite his father s dismay what he wants is claire sneak peek i m going to leave you two to it nora said but might i suggest actually speaking directly with the man her eyes sparkled with humor i should go with you i insisted i felt like it was rude to let her leave alone take some time to sort him out and i ll see you on monday good job this week claire i couldn t have asked for a better intern i seriously had the coolest boss ever but i heard the veiled warning in her words of advice i needed to make the drama go away so we could focus on work flavor of the month drew frowned as he took nora s vacant seat beside me i m flattered honesty that s what nora had recommended but how is this hard i blurted much to his amusement you re adorable when you re mad he chuckled drew please try to understand i i come from nothing i stammered i grew up in foster care and i ve had to claw my way here failure is not an option failure is the difference between having a roof over my head or a spot on the street this internship is everything and i cannot risk the possibility that this could turn into a real job on a silly flirtation i understand you want to irritate your father and that showering your attention on a nobody like me is a good way to do that but it s too much of a risk for me can t you understand that two things and then i will leave you to your evening he said softly and i could see the anger flashing in his eyes first i had no idea how much this job means to you and i didn t realize my attention could be such a negative thing i promise i will not bother you at work i would hate to think i could jeopardize your future second i am not trying to piss my father off by what was it showering my attention on a nobody like you i resent that you would even think of yourself in that light i find i m incredibly intrigued by you claire i happen to think you are beautiful funny charming completely refreshing and the more i get to know you the more i like you i admire your drive and dedication and now that i know something of your background i think i am in complete awe of you i won t interfere with your internship but i would like to make you aware right now that i absolutely intend to pursue your attention outside of work i was completely overwhelmed by his words as well as his anger anger that i didn t see myself the way he saw me i was still reeling when his lips brushed mine in a tentative kiss that sent my heart racing in my chest good evening claire he whispered as he stood to leave me

The President's Healthy Forests Initiative and H.R. 5214, H.R. 5309 and H.R. 5319 2003 forty four years in the fire service as of this writing and i am still motivated by sharing sound fire prevention methods to maintain a fire safe environment for you thirty three years in a city fire department typically in a leadership role and then nearly eleven years as the fire safety administrator in a world renowned institute have led me to the creation of this book for four years of my career within the fire

department i wrote a weekly column primarily focusing on household fire safety having managed the fire prevention bureau for my latter 16 years within that fire department i felt that educating the public on safer behavioral patterns within the home could fill the gaps between inspections and enforcement of critical fire related regulations and standards this book is a compilation of many of those articles and my forty four years of experience while published again with the earnest hope that reading them modification in your behavioral patterns will lead to a safer home meanwhile let me assure you the purpose of this book is not to instill a fear of fire within you but rather to educate you in simple ways to create that safer home from fire reading this book you will discover a path to a safer home whether through changes in your behavioral patterns additions to early warning notification devices or proactive considerations regarding your evacuation options should fire occur i m looking to instill within you that ounce of prevention that will lessen the possibility that you will become a victim of fire and that your efforts maintaining that level of safety will become a routine pattern in your lives
