standards in ebook production and celebrating reading in all its forms look for more
titles in the harperperennial classics collection to build your digital library

George Eliot's Life as Related in Her Letters and Journals 1885 reading
george eliot s work was described by one victorian critic as like the feeling of
entering the confessional in which the novelist sees and hears all the secrets of
human psychology that roar which lies on the other side of silence this new
biography of george eliot goes beyond the much told story of her life it gives an
account of what it means to become a novelist and to think like a novelist in
particular a realist novelist for whom art exists not for art s sake but in the
exploration and service of human life it shows the formation and the workings of
george eliot s mind as it plays into her creation of some of the greatest novels of
the victorian era when at the age of 37 marian evans became george eliot this
change followed long mental preparation and personal suffering during this time
she related her power of intelligence to her capacity for feeling discovering that her
thinking and her art had to combine both that was the great ambition of her novels
not to be mere pastimes or fictions but experiments in life and helps in living
through the deepest account of human complexity available philip davis s
illuminating new biography will enable you both to see through george eliot s eyes
and to feel what it is like to be seen by her in the imaginative involvement of her
readers with her characters

George Eliot 1995 george eliot u s demonstrates the complex and reciprocal
relationship between george eliot s fiction and the writings of her major american

contemporaries including Nathaniel Hawthorne, Harriet Beecher Stowe, and Ralph Waldo Emerson. The book also traces Eliot's influence on subsequent American fiction. The introductory section raises methodological questions concerning influence and intertextuality and addresses the mutual reception of European and American social and cultural discourses in order to illuminate culturally motivated divergences and convergences in the authors' presentation of gender, race, and national and ethnic alterity. The book's main body discusses Eliot's and the American writers' depiction of domestic social discourses on gender, religion, and community and analyzes their depiction of the cultural alterity of Italy. It also focuses on Eliot's and Stowe's different attitudes toward race and nation building and discusses the parallels between the Kabbalistic passages of *Daniel Deronda* and American Transcendentalist thought and social life in works by later writers such as Cynthia Ozick and John Irving. Monika Mueller teaches American and English literature at the University of Cologne.

George Eliot 1886. This intensely engaging biography examines the extraordinary life of George Eliot from her childhood through her scandalous liaison and social exile to her hard-won status as one of Victorian England's literary elite.

The Works of George Eliot: Impressions of Theophrastis Such 1880. Reading George Eliot as a European novelist among other European novelists, John Rignall explores her use of European travel scenes and locations in her fiction and also places her novels in conversation with the work of other major European writers. Throughout the book, Rignall shows Eliot's engagement with the cultures of France and Germany, suggestively making the case that Eliot's novels belong to the tradition of the European novel that descends from Cervantes. Rignall develops the fundamental theme of Eliot's position as a European novelist in chapters that explore the significance of Eliot's first visit to Germany with G. H. Lewes. Eliot's ideas on the cultural differences between French and German writing, the incidental part travel plays in novels such as *Daniel Deronda* and *Middlemarch*, the role of European landscapes in her fiction, the dialogical relationship between Eliot and Balzac, comparisons between *Middlemarch* and Flaubert's *Madame Bovary*, and connections between the novels of Eliot, Gottfried Keller, and Theodor Fontane. *Daniel Deronda* is examined both within the wider context of European Jewish life and as part of a tradition of French novels that harkens back to Balzac and anticipates Proust. Rignall's final chapter takes up Nietzsche's notorious criticism of Eliot in *Twilight of the Idols*, showing that Eliot, with her sceptical intelligence and insight into the essentially metaphorical nature of language and grasp of modernity, has something in common with this philosophical iconoclast.
