schools the book addresses several important topics including problems of definition of at risk and measurement social political and health aspects of being at risk theories of at risk status including coping competence agency intrinsic motivation and cultivation theory the voices of those who are at risk groups that are often ignored when discussing at risk youth native americans and appalachians necessary changes such as prevention early intervention and a critical look at assessment practices and grades a look at the role of higher education

An Introduction to Early English Literature 1889 this book contains 53 nineteenth century american legal cases in which courts discussed accounting issues some are well known wood v drummer 1824 was the foundation for the idea that capital could not be returned to shareholders and it was this restriction which made it necessary to distinguish between income and capital the famous case of 1849 burnes v pennell is often cited as the source of the rule that dividends cannot be paid except from profits however many of the cases covered in this book are not well known it is often assumed that few american legal cases on accounting matters were decided in the nineteenth century however many of the 53 cases included here preceded the earliest british legal cases that discussed accounting issues and they are interesting for several reasons they show that government regulation of accounting pre dated the modern regulatory ear they also illustration that sometimes private contracts specified a particular accounting treatment and that accounting therefore served to define private rights they also illustrate that american courts discussed accrual accounting problems as early as 1837 and that a cash concept of profits was not the norm

Sessional Papers 1891 the only collection of essays on one of britain s angry young men this book contains discussions of most of wesker s published plays with an emphasis on the more recent works essays reevaluate the plays that made wesker a household name in britain the trilogy the kitchen and chips with everything clive barker co director of centre 42 gives a fresh account of that movement and playwright paul levitt provides a previously unrecorded history of caritas blood libel and shylock a personal profile of wesker by novelist margaret drabble is reprinted from an earlier article original essays cover the theory and practice of theatre wesker s in text stage directions british television s adaptation of his plays and an actor s and a director s perspectives on working with the playwright major international weskerian critics are assembled here klaus peter myller and heiner zimmermann from germany rossana bonadei angela locatelli and alessandra marzola from italy keith gore glenda leeming martin priestman jeremy ridgman margaret rose and robert wilcher from great britain menakshi ponnuswami from india robert gross kimball king and robert skloot from the united states these essays take a wide range of critical approaches from an exploration of gender to semiotics biography and the new historicism this is the most comprehensive collection of criticism on arnold wesker to date every major weskerian scholar writing in english has contributed a piece to this casebook originating in germany italy great britain india and the united states their essays create an international cultural context for wesker s plays they also position his work among his contemporaries in his historical era and in the political and theatrical environment that defines his world furthermore they form a biographical profile of wesker often giving us firsthand accounts of turning points in his career finally some essays evaluate and interpret the major plays dissecting and scrutinizing the formal elements that make them distinct their critical approaches are varied in that they make liberal use of semiotics bakhtinian and communication theory cultural studies and traditional readings their contributions compose a multi faceted view of wesker s life and work setting out fresh arguments for all his plays

Biennial Report 1897 the contributors to this volume investigate several themes about music s relationship to the literary

compositions of james joyce music as a condition to which joyce aspired music theory as a useful way of reading his works and musical compositions inspired by or connected with him

National Identities and Socio-Political Changes in Latin America 2013-10-31 these studies examine the ways in which succeeding democratic regimes have dealt with or have ignored and in several cases sugar coated an authoritarian or totalitarian past from 1943 to the present they treat the relationship with democratization and the different ways in which collective memory is formed and dealt with or ignored and suppressed previous books have examined only restricted sets of countries such as western or eastern europe or latin america the present volume treats a broader range of cases than any preceding account and also a much broader time span investigating diverse historical and cultural contexts and the role of national identity and nationalism studying the aftermath of both fascist and communist regimes in both europe and asia in an interdisciplinary framework while the conclusion provides a more complete comparative perspective than will be found in any other work the book will be of interest to historians and political scientists and to those interested in fascism communism legacies of war democratization collective memory and transitional justice this book was previously published as a special issue of totalitarian movements and political religions
