Skeptic? Simple Answers Using Quran and Science 2023-07-10

if every action is predestined how can humans have free will is the theory of evolution compatible with the story of adam and eve why does a merciful god allow suffering can god create an immovable stone he cannot move if every entity has a creator who created god does this book really answer these centuries old paradoxes yes it does a close study of the quran reveals that the human way of thinking and logic used in the quran differ in many key areas this book uses logic from the quran to explain these paradoxes the solutions do not contradict islamic beliefs or scientific facts in addition this book does not draw on philosophical traditions and therefore is easy to understand to enhance the reading experience the book incorporates colors and graphics here is one example the quran mentions the name of and praises mary mother of prophet jesus pbuh the quran even has a chapter titled mary but the quran does not include the names of prophet muhammad pbuh grandmothers mother wives daughters and

granddaughter this includes his granddaughter born during the prophet s lifetime why are their names missing only allah knows this is not the way humans typically think the theory of evolution is discussed without rejecting scientific evidence how can the quran the word of allah contradict science which is knowledge given by allah for people with curious minds from any religion skeptic simple answers using quran and science has something unique to offer explanations to some of the most enduring and puzzling paradoxes in history this book would be an excellent addition to a school or college curriculum

Introduction to Islam **2015-04-16**

there has been a great demand for a booklet to introduce younger people to the teachings of islam in fairly simple language the ahmadiyya anjuman isha at islam lahore has over the past decades produced a range of excellent works dealing with all aspects of islam this literature has been widely appreciated and acclaimed as meeting the needs of the present times both for teaching muslims and for presenting islam to the world generally it has been felt for sometime that the wonderful knowledge contained in these comprehensive works must be made more readily accessible to

younger people by presenting it at an introductory level in simpler language this booklet has therefore been prepared to satisfy these requirements all the basic doctrines and practices of islam have been covered supplemented by information about the holy quran hadith and the moral teachings of islam no prior knowledge is assumed the question answer format used it is hoped will make the booklet more interesting than would be the case with a descriptive approach there are abundant direct quotations from the holy quran throughout with full references in some places the teachings of islam are elaborated in general words without direct quotations or specific references as this was not considered necessary in those cases in an introductory booklet of this kind for further reading on any point or fuller explanation the writings of maulana muhammad ali should be consulted in any case as younger readers advance in their knowledge they would be expected to move on to these standard books
