Untitled Robin Cook 2024 *2024-12-05*

robin cook keeps the suspense mounting and the pages turning in these three gripping medical thrillers combining cutting edge technology rich medical lore and his signature brand of spellbinding suspense cook draws his tales straight out of today s headlines creating controversy and intrigue with the same broad stroke of his pen

Robin Cook *1997*

like arthur conan doyle before him best selling novelist robin cook has turned from the practice of medicine to that of writing popular suspense fiction widely recognized as the master of the medical thriller cook uses the medium of the popular novel to address a range of social issues environmental pollution gender inequality in the workplace the risks inherent in the common practice of secrecy in science research and above all the ramifications of medicine s transition from profession to corporate industry this study analyzes in turn each of cook s medical thrillers from coma to contagion following a biographical chapter the genre chapter examines the ways in which cook s medical thriller incorporates plotting conventions and strategies borrowed from such popular literary genres as the science fiction novel the murder mystery and the gothic romance each novel is then examined in a separate chapter with subsections on plot character and theme stookey also offers an alternative critical approach to the novel which gives the reader another perspective from which to read and discuss the text a complete bibliography of cook s fiction general criticism and biographical sources and listings of reviews of each novel complete the work the only study of one of america s most popular contemporary novelists read by adults and young adults alike this is a key purchase for schools and public libraries

Robin Cook *1996-09-24*

host the explosive thriller from new york times bestselling author and master of the medical thriller robin cook takes readers back to where the genre began and the questions posed in coma what happens when innocent hospital patients are used as medical incubators against their will lynn peirce a fourth year medical student at mason dixon university thinks she has her life figured out but when her otherwise healthy boyfriend carl is admitted to hospital for routine surgery lynn is devastated by his sudden death convinced there s more to the story than the authorities are willing to reveal lynn searches for evidence of medical malpractice with the help of her lab partner michael what she uncovers however is far more disturbing hospitals associated with middleton healthcare have unnervingly high rates of unexplained complications and patients contracting serious and terminal illnesses following routine surgery when lynn and michael begin to receive death threats they realize they must discover the truth before the shadowy forces behind middleton healthcare can put a stop to their efforts once and for all

Host 2015-10-22

the master of the medical thriller robin cook returns with cure a heart pounding crime mystery with her young son s potentially fatal neuroblastoma in complete remission new york city medical examiner laurie montgomery returns to work at the office of chief medical examiner worried that she still has what it takes laurie finds her first case back to be a dangerous puzzler involving organized crime and two start up bio tech companies caught in a zero sum game satoshi machita a former kyoto university researcher is set to own a valuable patent controlling pluripotent stem cells destined to spark a trillion dollar industry of regenerative medicine when he dies on a crowded new york subway platform laurie must decide whether his death was natural or something fiendish behind the scenes there are people who would like to see laurie as far away from the investigation as possible despite threats against her laurie presses on until they extend to the person she loves most in the world her son jj suddenly laurie must face solving the crime and saving her son s life

Cure 2011-02-04

just when you thought it was safe to eat a hamburger again robin cook master of medical mysteries deadly epidemics and creepy comas returns with an all too likely villain drawn right from current headlines the american meat industry if you ve ever wondered where the e coli bacteria comes from and exactly how it can ravage the human body destroying everything in its path this is the book for you as usual in toxin cook delivers solid information well researched medical arcana and a scathing indictment of managed health care

Robin Cook 1999-10-01

from the bestselling doctor robin cook whose high voltage thrillers regularly quicken readers pulses comes acceptable risk a harrowing tale of greed abandoned ethics and ambition run awry in the newest area of medical intervention cosmetic psychopharmacology with billions of dollars at stake every scientist in america is fighting to discover the next prozac the latest feel good drug edward armstrong believes he has hit the jackpot he has isolated a stunningly effective antidepressant from a bacterial mould first uncovered over two hundred years ago but there is more to the drug than anyone could have imagined when edward turns violent and the corpses of mutilated animals appear near the laboratory his girlfriend decides to investigate the truth about this new miracle drug before it claims any more innocent lives

Toxin 2014-09-11

fever is a fast paced thriller from new york times bestselling author and master of the medical thriller robin cook when his wife died of cancer and he desperately needed to know why doctor charles martel turned to research then his world is shattered for the second time his daughter is admitted to hospital his research project is cancelled suddenly he s a man fighting against the odds against doctors who want to treat his daughter s leukaemia the wrong way against a research institute that puts profits before ethics odds enough to turn a responsible citizen into a desperate criminal

Acceptable Risk 2014-09-11

in this new fast paced medical mystery thriller from the new york times bestselling author robin cook fan favorites jack and laurie must determine the manner of death after a pathology resident s suspicious suicide reeling from a devastating encounter that nearly ended his life jack stapleton is still in recovery leaving his wife laurie montgomery new york s chief medical examiner to manage a difficult situation at home and an even tougher one at work when a young man appears on the medical examiner s table an apparent death by suicide laurie is compelled to try and understand what happened the autopsy reveals the disturbing possibility that foul play was involved and provides many more questions than answers ignoring her own professional rules laurie personally investigates who might want the man dead and why so begins a descent into a dangerous world filled with ruthless individuals who will do anything to protect their business interests and that might just cost laurie her life

Fever 2014-09-11

from the master of the medical thriller robin cook comes brain another taut and compelling medical mystery two doctors suspect something is very wrong at the enormous medical center where they work and soon they will put their careers and their lives in deadly jeopardy as they penetrate the eerie inner sanctums of a medical world gone mad

Manner of Death 2023-12-07

a heart stopping tale of medicine gone mad and the abuse of power godplayer is a medical thriller from the master of the genre robin cook the first moment pathology resident cassandra cassidy met brilliant cardiac surgeon thomas kingsley she knew they were meant to be together forced by a deteriorating eye condition to switch from her chosen field to psychiatry cassandra needs the support that the charismatic doctor so passionately offers but while thomas continues his meteoric rise what should have been fairytale happiness begins to disintegrate as the solidity of their marriage begins to crumble and the dependable security of the hospital world around her seems equally menaced cassandra is convinced that someone is killing terminal patients someone who holds the power of life and death in their hands against her husband s furious objections cassandra takes it upon herself to stop the killings even as she fights to save her marriage little does she know that her search for the truth will open the floodgates of an unimaginable horror

Brain 2014-09-11

robin cook is the author and coma is the book for which the term medical thriller was first used it s a spine chilling shocker about a crime beyond imagining and the committed young medical student who brings it to light the surgery was routine the kind performed many times a day at boston s most prestigious hospital the teams that worked in or 8 were among the best in the world but even their incredible skill couldn t make up for what was happening around them several patients admitted to the hospital for minor surgery never awoke for some inexplicable reason their brains had been destroyed

Robin Cook Pamphlet 2002-07

death benefit is an explosive thriller from new york times bestselling author and master of the medical thriller robin cook pia grazdani is an exceptional yet aloof medical student working closely with columbia university medical center s premier scientist their cutting edge research could revolutionize health care creating replacement organs thorough her work with the brilliant molecular geneticist dr tobias rothman pia knows she will not only be given the chance to fulfil her professional ambitions but also maybe finally all push aside memories of her difficult abusive childhood however tragedy strikes in the lab pia with the help of infatuated classmate george wilson launches an investigation into the unforeseen calamity in the hospital s supposedly secure biosafety lab meanwhile two ex wall street whiz kids think they have found another lodestone in the nation s multi trillion dollar life insurance industry and race to find ways to control the data and make a killing and as pia and george dig deeper into the events at the lab matters become increasingly suspicious

Godplayer 2014-09-11

in the new fast paced medical thriller from bestselling author robin cook fan favorites jack and laurie are inadvertently drawn into a dangerous vortex of a series of homicides that have been cleverly staged as suicides after dr jack stapleton s near death confrontation with a medical serial killer his wife nyc chief medical examiner laurie montgomery is carrying the load both at work and at home when laurie insists that dr ryan sullivan an underperforming senior pathology resident who is spending his required month at the medical examiner s office but who truly detests doing forensic autopsies assist her on a suicide autopsy in hopes of stimulating his interest in the field the last thing she expects is to be unwittingly drawn into a major conspiracy that puts her own life in jeopardy desperate to avoid performing as many forensic autopsies as possible dr ryan sullivan offers to participate in a research project on a series of suicides put together by one of the medical legal investigators these suicides like the case ryan analyzes with laurie hint at some bothersome questions about their manner of death although the project was more of a ruse than a serious study ryan surprises himself by immediately uncovering unexpected shared commonalities most astonishing of all ryan s inquiries eventually put him and laurie at risk by leading to a nefarious cancer diagnostics company that promotes the very latest groundbreaking cancer screening technology in a shockingly self serving and fraudulent fashion

Coma 2003-08-05

fatal cure is medical mystery from new york times bestselling author and master of the medical thriller robin cook angela and david wilson husband and wife medical partnership are looking for a new life away from the pressures of the city and new hope in their battle against the incurable disease destroying their nine year old daughter s life bartlet s state of the art medical centre looks like the answer to the wilsons prayers until the falling of autumn leaves reveals something more sinister than the skeletons of the trees for in this rural paradise it isn t life the doctors try to save it s money

Death Benefit 2012-02-02

new york times bestselling author robin cook takes on the ripped from the headlines topic of using dna tracking to catch a killer in genesis an unforgettable medical thriller when the body of social worker kera jacobson shows up on chief medical examiner laurie montgomery s autopsy table it appears at first that she was the victim of a tragic drug overdose but for laurie and her new pathology resident the brilliant but outspoken dr aria nichols further investigation reveals an alarming discovery the young woman was ten weeks pregnant when she died but nobody seems to know who the father was or whether he holds the key to kera s final moments alive while laurie faces a personal crisis with the support of her husband forensic pathologist jack stapleton the impulsive aria investigates a controversial new technique to progress the case using dna databases to track down those who don t want to be found working with experts at a genealogy website based in new york she plans to trace the foetus s dna in the hopes of identifying the mystery father after kera s closest friend is found murdered days later the need for answers becomes critical because someone out there clearly doesn t want kera s secrets to come to light and if aria gets any closer to the truth she and laurie face becoming targets for a ruthless killer enjoy more medical mystery thrillers with contagion vector and pandemic

Manner of Death 2023-12-05

in critical robin cook delivers a heart pounding medical thriller of murder and mayhem car chases and corpses and a shock twist ending angela dawson m d appears to have it all at thirty seven she owns a fabulous new york city apartment a stunning seaside house on nantucket and enjoys the perks of her prosperous lifestyle with her controlling interest in three busy specialty hospitals in nyc and plans for others in miami and los angeles angela s future looks very bright but her climb to the top was rough marked by a troubled childhood a failed marriage and the devastating blow of bankruptcy then a surge of drug resistant staph infections in all three hospitals devastates angela s carefully constructed world not only do the infections result in patient deaths but the fatalities cause stock prices to tumble will angela be able to hold her empire together medical examiners laurie montgomery and jack stapleton are professionally and personally intrigued by these deaths with jack facing surgery in one of the hospitals to repair a torn ligament laurie can t help investigating opening a pandora s box of corporate intrigue that threatens not just her livelihood but her life with jack as well

Fatal Cure 2014-09-11

a doctor s life gets turned upside by a dangerous new technology in this thought provoking medical thriller from 1 new york times bestselling author robin cook george wilson m d a radiology resident in los angeles is about to enter a profession on the brink of an enormous paradigm shift foreshadowing a vastly different role for doctors everywhere the smartphone is poised to take on a new role in medicine no longer as a mere medical app but rather as a fully customizable personal physician capable of diagnosing and treating even better than the real thing it is called idoc george s initial collision with this incredible innovation is devastating he awakens one morning to find his fiancée dead in bed alongside him not long after she participated in an idoc beta test then several of his patients die after undergoing imaging procedures all of them had been part of the same beta test is it possible that idoc is being subverted by hackers and that the u s government is involved in a cover up despite threats to both his career and his freedom george relentlessly seeks the truth knowing that if he s right the consequences could be lethal

Genesis 2019-12-12

invasion is a fast paced thriller from new york times bestselling author and master of the medical thriller robin cook to anyone glancing upwards at the night sky it would have seemed like a brilliant shooting star but moments later electronic equipment of every kind began to spark and explode throughout the city the following morning college student beau stark is the first to pick up one of the countless strange black discs scattered far and wide after an initial sharp pain like a bee sting he becomes gradually infested his flu like symptoms signify the revival of an alien virus implanted millions of years in mankind s genetic code and since then lying dormant until the unwitting hosts are sufficiently developed to aid its relentless progress meanwhile all over the nation other human beings and animals succumb to the same virus and start to behave bizarrely and symbiotically as if controlled by some outside influence as beau assumes leadership of this growing band of the infested his college friends quickly realize that something truly horrifying is happening around them desperately struggling to piece together the puzzle they soon become hunted refugees in a desperate quest to save humanity before the gateway opens leave it to doctor turned novelist robin cook to scare us all to death los angeles times

Critical 2011-03-25

from master of the medical thriller robin cook author of the bestseller coma comes another heart pounding mystery through a crisis of medical malpractice emerges evidence of how the medical profession itself is being harmfully transformed by the intrusion of powerful business interests not least is the growing prevalence of concierge medicine where public service doctors will take on private patients for a fee in crisis a thrilling story which features dr laurie montgomery and dr jack stapleton whose long term professional relationship here takes on a new twist robin cook continues to enthrall us with his deep personal insight into contemporary medicine but also provides readers with the biggest surprise ending found in any of his many bestselling novels

Cell 2014-02-04
