Inside Culture 2000-05-03 inside culture offers a fresh and stimulating reassessment of the direction of cultural studies nick couldry argues without apology for cultural studies as a discipline centred around the interrelations of culture and power with a clear focus on accountable empirical research that deals with the real complexities of contemporary lives inside culture chapters discuss the broad conceptual issues around cultures texts the self and the individual there are detailed discussions of a range of cultural studies authors which demystify the elaborate language of contemporary cultural studies with suggestions for further thinking at the end of chapters

Corpus Linguistics, Context and Culture 2019-11-18 corpus linguistics context and culture demonstrates the potential of corpus linguistic methods for investigating language patterns across a range of contexts organised in three sections the chapters range from detailed case studies on lexico grammatical patterns to fundamental discussions of meaning as part of the discourse contexts and cultures theme the final part on learner contexts specifically emphasises the need for mixed method approaches and the consideration of pedagogical implications for real world contexts beyond its contribution to current debates in the field this edited volume indicates new directions in cross disciplinary work

Introducing Intercultural Communication 2018-12-29 taking a truly global perspective this textbook presents concepts theories and applications from the field of intercultural communication in a lively and easy to follow style covering all the essential topics from immigration to intercultural conflict to the impact of mass media and technology this cutting edge new edition features a student friendly structure with enhanced signposting to guide students through the book expanded coverage of ethics digital communication and social media a brand new set of international case studies to tie theory to real world practices including the european refugee crisis chinese food culture and barbie dolls and beauty a suite of student friendly learning features including do it activity boxes chapter summaries and applications of key theories in theory corner links to further reading and sage video to help understanding a host of online resources to reinforce students learning including multiple choice quizzes discussion questions and exercises introducing intercultural communication is the ideal guide to becoming a critical consumer of information and an effective global citizen it should be required reading for students in media and communications business and management linguistics and beyond

Trains, Literature, and Culture 2012 trains literature and culture is the first work to thoroughly explore the railroad s connections with a full range of cultural discourses including literature visual art music graffiti and television but also advertising architecture cell phones and more provided by publisher

Irish Children's Literature and Culture 2011-03-17 what constitutes a national literature is rarely straightforward and it is especially complex when discussing writing for young people in an irish context until recently there was only a slight body of work that could be classified as irish children s literature whatever the parameters in comparison with ireland s contribution to adult literature in the twentieth century this volume looks critically at irish writing for children from the 1980s to the present examining the work of many writers and illustrators and engaging with all the major forms and genres

topics include the gothic the speculative picturebooks poetry post colonial discourse identity and ethnicity and globalization modern irish children s literature is also contextualized in relation to irish mythology and earlier writings thereby demonstrating the complexity of this fascinating area the contributors who are leading experts in their fields examine a range of texts in relation to contemporary literary and cultural theory and also in relation to writing for adults thereby inviting a consideration of how well writing for a young audience can compare with writing for an adult one this groundbreaking work is essential reading for all interested in irish literature childhood and children s literature

Hegemony and Culture in the Origins of NATO Nuclear First-Use, 1945–1955 2005-11-18 johnston argues that the preemptive first use of nuclear weapons long the foundation of american nuclear strategy was not the carefully reasoned response to a growing soviet conventional threat instead it was part of a process of cultural socialization by which the united states reconstituted the previously nationalist strategic cultures of the european allies into a seamless western community directed by washington building a bridge between theory and practice this book examines the usefulness of cultural theory in international history

Religion, Media and Culture: A Reader 2012-02-13 this reader brings together a selection of key writings to explore the relationship between religion media and cultures of everyday life it provides an overview of the main debates and developments in this growing field focusing on four major themes religion spirituality and consumer culture media and the transformation of religion the sacred senses visual material and audio culture religion and the ethics of media and culture this collection is an invaluable resource for students academics and researchers wanting a deeper understanding of religion and contemporary culture

Earth, Cosmos and Culture 2021-04-19 this book traces the development of diverse british cultures of outer space utilizing key geographical concepts such as landscape place and national identity it examines the early visionary ideas of writers h g wells and olaf stapledon the ambitious british space programme of the 1960s and narrations of british cultural identity that accompanied the space missions of helen sharman beagle 2 and tim peake the exploration of british cultures of outer space throughout the book helps understand the emergence of the british interplanetary society it also explains its significance in pre war and post war periods through an analysis of the roles of influential figures such as arthur c clarke and patrick moore the chapters explore utopian and dystopian representations of space exploration examine the mysterious phenomenon of ufo culture and consider plans for humanity s imagined future across interstellar space throughout the book geography is advocated as a home for critical studies of outer space illuminating its significance in terms of the reciprocal relationships between exploration and the sublime science and the imagination earth and cosmos as an emergent field of research in the social sciences this book makes an excellent contribution to the study of the outer space in britain and abroad developing a distinctive kind of outer spatial geography with major implications for future teaching and research

Animal Cell Culture and Technology 2004-08-02 provides all essential practical information for establishing a laboratory animal cell culture comprehensive glossary of terms

Cultural Intelligence (Youth, Family, and Culture) 2009-02-01 twenty first century society is diverse and christians must be able to understand other cultures and communicate effectively between and among them following up on the bestselling hurt inside the world of today s teenagers this new addition to the youth family and culture series explores the much needed skill of cultural intelligence or the ability to work effectively across national ethnic and even organizational cultures while rooted in sound scholarly research cultural intelligence is highly practical and accessible to general readers it will benefit students as well as guide ministry leaders interested in increasing their cultural awareness and sensitivity packed with assessment tools simulations case studies and exercises cultural intelligence will help transform individuals and organizations into effective intercultural communicators of the gospel excerpt what do you do when you encounter someone who isn t like you how do you feel what goes on inside you how do you relate to him or her these are the kinds of questions we want to explore in this book few things are more basic to life than expressing love and respect for people who look think believe act and see differently than we do we want to adapt to the barrage of cultures around us while still remaining true to ourselves we want to let the world change us so that we can be part of changing the world and we want to move from the desire to love across the chasm of cultural difference to the ability to express our love for people of difference relating lovingly to our fellow human beings is central to what it means to be human and when it comes down to it christian ministry at its core is interacting with all kinds of people in ways that give them glimpses of jesus in us the billions of us sharing planet earth together have so much in common we re all born we all die we re all created in the image of god we eat sleep persevere and care for our young we long for meaning and purpose and we develop societies with those around us but the way we go about the many things we have in common is deeply rooted in our unique personalities and cultures so although we have so much in common we have as much or more about us that s different

Cultural Policy 2013-10-08 contemporary society is complex governed and administered by a range of contradictory policies practices and techniques nowhere are these contradictions more keenly felt than in cultural policy this book uses insights from a range of disciplines to aid the reader in understanding contemporary cultural policy drawing on a range of case studies including analysis of the reality of work in the creative industries urban regeneration and current government cultural policy in the uk the book discusses the idea of value in the cultural sector showing how value plays out in cultural organizations uniquely the book crosses disciplinary boundaries to present a thorough introduction to the subject as a result the book will be of interest to a range of scholars across arts management public and nonprofit management cultural studies sociology and political science it will also be essential reading for those working in the arts culture and public policy

Language, Culture, and Teaching 2001-08 this book will explore how language culture are connected to teaching learning and examine the sociocultural sociopolitical contexts of language culture to understand how these contexts affect student learning achievement

Culture and Cultural Politics Under Reza Shah 2013-08-22 culture and cultural politics under reza shah presents a collection of innovative research on the interaction of culture and politics accompanying the vigorous modernization programme of the first pahlavi ruler examining a broad spectrum of this multifaceted interaction it makes an important contribution to the cultural history of the 1920s and 1930s in iran when under the rule of reza shah pahlavi dramatic changes took place inside iranian society with special reference to the practical implementation of specific reform endeavours the various contributions critically analyze different facets of the relationship between cultural politics individual reformers and the

everyday life of modernist iranians interpreting culture in its broadest sense this book brings together contributions from different disciplines such as literary history social history ethnomusicology art history and middle eastern politics in this way it combines for the first time the cultural history of iran s modernity with the politics of the reza shah period challenging a limited understanding of authoritarian rule under reza shah this book is a useful contribution to existing literature for students and scholars of middle eastern history iranian history and iranian culture

American Agriculturist 1869 this is a broad introduction to the ways culture and ethnicity can affect human behavior text features original articles by international experts in the field an introductory chapter sketches conceptual and methodological issues and explains the purposes for cross cultural psychology students or professionals interested in cross cultural psychology or cultural or ethnic diversity

Psychology and Culture 1994 when geert hofstede famously defined culture as collective programming of the mind the definition broadly referred to culture as such including all the layers in his onion model the title of this volume culture s software represents a development of this original idea and was inspired by none other than professor hofstede himself he used this phrase over thirty years later when lecturing to an international group of scholars gathered in poland to debate the idea of cultural communication styles which has in recent years been fruitfully discussed from a fresh perspective by scholars working within cognitive and cultural linguistics the debate has given rise to this book which will inspire further research into this fascinating subject

Culture's Software 2015-09-10 explaining the literary history of scotland in the early modern period 1560 1625 through the investigation of manuscript production this book argues for the importance of three key places of production of such manuscripts the royal court burghs and towns

The Literary Culture of Early Modern Scotland 2016 where does our sense of identity and belonging come from how does culture produce and challenge identities identity and culture looks at how different cultural narratives and practices work to constitute identity for individuals and groups in multi ethnic â postcolonialâ societies uses examples from history politics fiction and the visual to examine the social power relations that create subject positions and forms of identity analyses how cultural texts and practices offer new forms of identity and agency that subvert dominant ideologies this book encompasses issues of class race and gender with a particular focus on the mobilization of forms of ethnic identity in societies still governed by racism it a key text for students in cultural studies sociology of culture literary studies history race and ethnicity studies media and film studies and gender studies

Identity And Culture: Narratives Of Difference And Belonging 2004-07-01 this volume is a path breaking contribution to the study of efforts of diaspora indigenous and minority groups broadly defined to use education formal and informal to sustain cultural continuity while grappling with the influences and demands of wider globalizing nationalizing or other homogenizing and assimilatory forces particular attention is given to groups that use educational elements other than second language teaching alone in programs to sustain their particular cultural traditions the focus of the book on cultural sustainability changes the nature of questions posed in multicultural education from those that address the opening of boundaries to issues of preserving boundaries in an open yet sustainable way as forced and elective immigration trends are changing the composition of societies and the educational systems within them bringing a rich diversity of cultural experience to the teaching learning process diaspora indigenous and minority groups are looking more and more for ways to sustain their cultures in the context of wider socio political influences this volume is a first opportunity to consider critically multicultural efforts in dialogue with educational options that are culturally particularistic but at the same time tolerant

academics will find this an excellent reference book practitioners will draw inspiration in learning of others efforts to sustain cultures and will engage in critical reflection on their own work vis à vis that of others teachers will realize they do not stand alone in their educational efforts and will uncover new strategies and methodologies through which to approach their work

Cultural Education - Cultural Sustainability 2008-02-06 what is masculinity is masculinities a more appropriate term how are masculinities socially culturally and historically shaped how are particular masculinities created enacted and represented in specific settings how can masculinities best be researched and theorized masculinities and culture explores how masculinities or ways of being a man are anchored in time and place the products of socio historical and cultural circumstances it examines the emergence of a masculinity fit for empire in the mid to late nineteenth century and by way of contrast the more recent media driven commercial new man and new lad masculinity the author considers some of the media discourses shaping masculinities today and the formation of specific masculinities in specific settings such as prisons hospitals and schools which both define and in turn are defined by strongly held conceptions of acceptable masculine behaviour he concludes by reviewing a range of ways in which masculinities might be researched from fieldwork and auto biographical and life history approaches through to semiotics and the use of both film and literary texts this lively text provides a comprehensive introduction to contemporary debates concerning masculinities as gendered constructions along with the means of researching and theorizing them

Masculinities and Culture 2001-11-16 these essays three of them previously unpublished explore the competing claims of innovation and tradition among the lower orders in sixteenth century france the result is a wide ranging view of the lives and values of men and women artisans tradesmen the poor who because they left little or nothing in writing have hitherto had little attention from scholars the first three essays consider the social vocational and sexual context of the protestant reformation its consequences for urban women and the new attitudes toward poverty shared by catholic humanists and protestants alike in sixteenth century lyon the next three essays describe the links between festive play and youth groups domestic dissent and political criticism in town and country the festive reversal of sex roles and political order and the ritualistic and dramatic structure of religious riots the final two essays discuss the impact of printing on the quasi literate and the collecting of common proverbs and medical folklore by learned students of the people during the ancien régime the book includes eight pages of illustrations

Society and Culture in Early Modern France 1975 since the first trade deal with the us in 1987 canada has insisted on a cultural exemption to ensure that governments were free to protect canadian culture and to restrict foreign ownership and limit foreign content in the media negotiators and government ministers considered the cultural exemption key to reassuring canadians that the deal did not undermine our cultural sovereignty in every trade deal since culture has been a contentious issue media giants and foreign governments have pushed for unlimited access to canada ottawa has worked with cultural industries to maintain the cultural exemption garry neil has been close to every one of these negotiations and has been a key advisor to cultural groups on trade deals he has been part of the international initiative to assert the importance of cultural diversity in the world and to create effective measures to guarantee it this book reflects his experience trying to ensure that the reality matches the rhetoric when it comes to culture as he sees it in spite of the claims canadian cultural policies and programs have been steadily restricted by successive trade deals he explains how this has happened and what needs to be done for canada to maintain our cultural sovereignty and creative life in the face of multinational corporations and their government supporters who are promoting a world monoculture

Canadian Culture in a Globalized World 2019-04-30 the power of culture in city planning focuses on human diversity strengths needs and ways of living together in geographic communities the book turns attention to the anthropological definition of culture encouraging planners in both urban and cultural planning to focus on characteristics of humanity in all their variety it calls for a paradigm shift re positioning city planners base maps to start with a richer understanding of human cultures borrop argues for cultural master plans in parallel to transportation housing parks and other specialized plans while also changing the approach of city comprehensive planning to put people or users first rather than land uses as does the dominant practice cultural plans as currently conceived are not sufficient to help cities keep pace with dizzying impacts of globalization immigration and rapidly changing cultural interests cultural planners need to up their game and enriching their own and city planners cultural competencies is only one step both planning practices have much to learn from one another and already overlap in more ways than most recognize this book highlights some of the strengths of the lesser known practice of cultural planning to help forge greater understanding and collaboration between the two practices empowering city planners with new tools to bring about more equitable communities this will be an important resource for students teachers and practitioners of city and cultural planning as well as municipal policymakers of all stripes

The Power of Culture in City Planning 2020-11-29 commentators across the political spectrum have argued that the future has been absorbed by an ever expanding present to which we cannot imagine alternatives the notion that we have lost the ability to imagine change culturally socially and politically has become one of the defining problems of our time but what is the difference between the populist narratives of those who promise to solve this problem by returning us to a glorious past and those who promise to lead us into a glorious future often this book argues not very much at all revealing neo authoritarianism and capitalist hyper innovation as two sides of the same coin mathias nilges shows that today s reactionaries and futurists both harness and profit from the same temporal crises of our present looking to design popular culture literature and recent theoretical and political discussions nilges offers ways of understanding the re emergence of familiar and disturbing forms of right wing politics and culture authoritarianism paternalism fascism not as historical repetition but as dangerous consequences of the contradictions of capitalism today using critical theory in particular the work of ernst bloch this book recovers a politics and culture of hope which it locates beyond a future that is colonized by capitalism and a past that becomes the mystical playground for the new right in that which was never allowed to be and thus demands realization

Right-Wing Culture in Contemporary Capitalism 2019-12-12 this volume emphasizes the economic aspects of art and culture a relatively new field that poses inherent problems for economics with its quantitative concepts and tools building bridges across disciplines such as management art history art philosophy sociology and law editors victor ginsburgh and david throsby assemble chapters that yield new perspectives on the supply and demand for artistic services the contribution of the arts sector to the economy and the roles that public policies play with its focus on culture rather than the arts ginsburgh and throsby bring new clarity and definition to this rapidly growing area presents coherent summaries of major research in art and culture a field that is inherently difficult to characterize with finance tools and concepts offers a rigorous description that avoids common problems associated with art and culture scholarship makes details about the economics of art and culture accessible to scholars in fields outside economics

Handbook of the Economics of Art and Culture 2013-09-16 as societies are experiencing increasing levels of immigration from contexts outside of the western industrialized world child care programs are experiencing simultaneously increasing diversity in enrollment a question that has been raised by early childhood advocates and practitioners is whether the former

articulations regarding definitions of quality models of relationships and peer relations in the child care context are accurate and relevant within the increasing racial linguistic and ethnic diversity of the united states the culture of child care provides a much needed integration of research pertaining to crucial aspects of early childhood development attachment in non familial contexts peer relations among ethnically and linguistically diverse children and the developmental importance of child care contexts during early childhood this volume highlights the interconnections between these three distinct bodies of research and crosses disciplinary boundaries by linking psychological and educational theories to the improvement of young children s development and experiences within child care the importance of cultural diversity in early childhood is widely acknowledged and discussed but up until now there has been little substantive work with a cultural focus on today s educational and early child care settings this innovative volume will be a unique resource for a wide range of early childhood professionals including basic and applied developmental researchers early childhood educators and advocates and policymakers

The Culture of Child Care 2016-03-09 the fact that africa continues to lag behind all regions of the world on every indicator of development is hardly contentious however there is fierce debate on why this should be the case despite national and international efforts to reverse this situation while this book does not attempt to answer this question per se it addresses a largely ignored but important issue which might provide some insights into the matter this issue is the link between culture tradition and socio economic development in africa by weaving a common thread through these concepts this book breaks new ground in the discourse on development it highlights the differences between euro centric culture which is rooted in capitalist ideology and protestant ethic and traditional african culture where concepts such as capital accumulation entrepreneurial attitudes and material wealth are not of top priority in doing so it dispels popular myths stereotypes and distortions as well as discounting misleading accounts about major aspects of african culture and traditional practices

Tradition, Culture and Development in Africa 2016-12-05 dr lukasz wroblewski s book culture management strategy and marketing aspects clearly recognises that the pressures on the cultural sector in the 21st century are greater than ever before based on robust academic research within a practical industry context this book addresses all the key issues related to marketing strategy and planning for the cultural industries it will be an invaluable tool for managers policy makers and all those working in the creative and cultural world and will help them to develop sound strategies for the future dr kim lehman tasmanian school of business and economics university of tasmania dr wroblewski s book explains clearly what has changed to make the use of business models necessary even in organizations which might have resisted in the past globalization has resulted in a population which understands and appreciates art and culture created in other countries while it might be agreed that this is beneficial for society it means that cultural arbitrators within a country no longer have the authority to dictate what is accepted as culture managers now understand that to gain the support of the public they must explain the benefits of consuming their cultural product dr bonita m kolb professor emeritus of lycoming college in pennsylvania a thoughtful and penetrating analysis of culture management addressing marketing strategies and cultural institutions an important must read book for those involved in this exciting sector prof adrian payne university of unsw business school university of new south wales

Culture Management 2017-01-30 against the bleak backdrop of pressing issues in today s world civil societies remain vibrant animated by people s belief that they should and can solve such issues and build a better society their imagination of a good society their understanding of their engagement and the ways they choose to act constitute the cultural aspect of civil society central to this cultural aspect of civil society is the culture of democracy including normative values individual

interpretations and interaction norms pertaining to features of a democratic society such as civility independence and solidarity the culture of democracy varies in different contexts and faces challenges but it shapes civic actions alters political and social processes and thus is the soul of modern civil societies the culture of democracy provides the first systematic survey of the cultural sociology of civil society and offers a committed global perspective it shows that as everyone is eager to have their voice heard cultural sociology can serve as an art of listening a thoroughly empirical approach that takes ideas meanings and opinions seriously for people to contemplate significant theoretical and public issues

The Culture of Democracy 2022-08-19 a high performing school is described as one where student achievement is high and student and teacher absenteeism is low student behavior is such that teachers seldom have to control them or tell them what to do this results in greater time on task higher teacher morale low teacher absenteeism and improved parental support one other distinctive feature of a high performing school is that the student peer group is a positive force and not a negative force the end result is a school culture where faculty and students trust and care about each other and there is a cooperative attitude

Creating a Culture for High-Performing Schools 2011-12-16 disputing systems are products of the societies in which they operate they originate and mutate in response to disputes that are particular to specific social cultural and political contexts disputing procedures therefore are an important medium through which fundamental beliefs values and symbols of culture are communicated preserved and sometimes altered in law culture and ritual oscar g chase uses interdisciplinary scholarship to examine the cultural contexts of legal institutions and presents several case studies to demonstrate that the processes used for resolving disputes have a cultural origin and impact ranging from the dispute resolution practices of the azande a technologically simple small scale african society to the rise of discretionary authority in civil litigation in america chase challenges the claims of some scholars that official dispute systems are more reflective of the interests and preferences of elite professionals than of the cultures in which they are embedded

Law, Culture, and Ritual 2005-11-01 this book studies the writings of the seventeenth century chinese christian apologist xu guangqi comparing them with those of early latin christian apologists in europe to explore problems within the historical inculturation of christianity in china

Christianity and Imperial Culture 1998 under the vast umbrella of plant sciences resides a plethora of highly specialized fields botanists agronomists horticulturists geneticists and physiologists each employ a different approach to the study of plants and each for a different end goal yet all will find themselves in the laboratory engaging in what can broadly be termed biotechnology addressing a wide variety of related topics plant tissue culture development and biotechnology gives the practical and technical knowledge needed to train the next generation of plant scientists regardless of their ultimate specialization with the detailed perspectives and hands on training signature to the authors previous bestselling books plant development and biotechnology and plant tissue culture concepts and laboratory exercises this book discusses relevant concepts supported by demonstrative laboratory experiments it provides critical thinking questions concept boxes highlighting important ideas and procedure boxes giving precise instruction for experiments including step by step procedures such as the proper microscope use with digital photography along with anticipated results and a list of materials needed to perform them integrating traditional plant sciences with recent advances in plant tissue culture development and biotechnology chapters address germplasm preservation plant growth regulators embryo rescue micropropagation of roses haploid cultures and transformation of meristems going beyond the scope of a simple laboratory manual this book also considers special topics such as copyrights patents legalities trade secrets and the business of biotechnology focusing on plant culture development and

its applications in biotechnology across a myriad of plant science specialties this text uses a broad range of species and practical laboratory exercises to make it useful for anyone engaged in the plant sciences

Plant Tissue Culture, Development, and Biotechnology 2011-06-30 this edited collection will examine the way in which cities are imagined experienced and shaped by those who reside within them those who manage or govern them and those who as visitor tourist or traveller pass through them attention will be paid to the influence that these various inhabitants have on city life and living and the dialectic that exists between their sometimes collective and sometimes divergent perceptions and uses of city space in conjunction with this the collection will explore the ways in which local culture and cultural policy are used by public and private interests as the framework for changing the image and amenity of the city in order to raise its profile and attract tourists the book contributes to discussions of the increasingly high profile place that cultural programs have in urban regeneration initiatives and explore the tensions conflicts and negotiations that emerge in urban spaces as a result of policy and culture coming together papers will be sought from researchers around the world with a view to examining the nexus between tourism leisure and cultural programming from a number of perspectives and with reference to a range of international case studies this book was published as a special issue of the journal of policy research in tourism leisure and events

How to Study Strangers by Temperament, Face and Head 1895 written for students of comparative religion this volume introduces judaism through the exploration of ten core themes ranging from the depiction of the divine to the role of sacred texts
