Anton Chekhov's short story "The Graveyard" is a tale that is at once both hopeful and hopeless in which Anton Chekhov explores the tragedies of life with a comic touch. The short story opens with friends wandering a graveyard discussing a man they once knew whose digestion was fine but still died due to his nosiness. This mixture of the mundane and the mystical which is fundamental to much of Chekhov's celebrated writing is on display in this black comedy as the protagonists journey deeper into the graveyard the atmosphere grows more melancholic as they meet characters resigned to tragedy but morbidity and mockery co exist in equal measure in the graveyard as Chekhov's signature satirical dialogue celebrates life while exploring death. Chekhov's modernist style describes a familiar event with lyrical prose that

creates a sense of wonderment in the ordinary this short story displays chekhov s dark wit and is suitable for fans of writers such as franz kafka or martin mcdonagh a prolific writer of seven plays a novel and hundreds of short stories anton chekhov 1860 1904 is considered one of the best practitioners of the short story genre in literature true to life and painfully morbid with his miserable and realistic depictions of russian everyday life chekhov s characters drift between humour melancholy artistic ambition and death some of his best known works include the plays uncle vanya the seagull and the cherry orchard where chekhov dramatizes and portrays social and existential problems his short stories unearth the mysterious beneath the ordinary situations the failure and horror present in everyday life the first volume of a glorious two volume four color graphic novel adaptation of neil gaiman s 1 new york times bestselling and newbery medal winning novel the graveyard book adapted by p craig russell and illustrated by an extraordinary team of renowned artists inventive chilling and filled with wonder neil gaiman s the graveyard book reaches new heights in this stunning adaptation artists kevin nowlan p craig russell tony harris scott hampton galen showman jill thompson and stephen b scott lend their own signature styles to create an imaginatively diverse and yet cohesive interpretation of neil gaiman s luminous novel volume one contains chapter one through the interlude while volume two includes chapter six to the end neil gaiman s perennial favorite the graveyard book has sold more than one million
