## ***The Elements of Expression 2012-06-01***

more than ever in this completely updated edition the elements of expression helps word users light up the cosmos or the written page or the face across the table as they seek the radiance of expressiveness the vivid expression of thoughts feelings and observations nothing kills radiance like the murky generic language dominating today's talk airwaves and posts it tugs at our every sentence but using it to express anything beyond the ordinary is like flapping the tongue to escape gravity the elements of expression offers an adventurous and inspiring flight into words that truly share what's percolating in our minds here writers presenters students bloggers even well intentioned mad men will discover language to convey precise feelings move audiences delight and persuade no snob or scold the acclaimed word maven arthur plotnik explores the full range of expressiveness from playful tough talk to finely wrought literature with hundreds of rousing examples confessing that we are all like a squid in its ink when first groping for luminous expression he shines his amiable wit on the elements leading ultimately to language of fissionable intensity

## ***Events of Putting and Taking 2012-05-09***

events of putting things in places and removing them from places are fundamental activities of human experience but do speakers of different languages construe such events in the same way when describing them this volume investigates placement and removal event descriptions from 18 areally genetically and typologically diverse languages each chapter describes the lexical and grammatical means used to describe such events and further investigates one of the following themes syntax semantics mappings lexical semantics and asymmetries in the encoding of placement versus removal events the chapters demonstrate considerable crosslinguistic variation in the encoding of this domain as well as commonalities e.g. in the semantic distinctions that recur across languages and in the asymmetric treatment of placement versus removal events this volume provides a significant contribution within the emerging field of semantic typology and will be of interest to researchers interested in the language cognition interface including linguists psychologists anthropologists and philosophers

## ***Putting Faith in Hate 2018-02-15***

explores the interplay between law and religion in the area of hate speech whether religion is the target or source

## ***Putting a Song on Top of it 2004***

as in many native american communities people on the san carlos apache reservation in southeastern arizona have for centuries been exposed to contradictory pressures one set of expectations is about conversion and modernization—spiritual linguistic cultural technological another is about steadfast perseverance in the face of this cultural onslaught within this contradictory context lies the question of what validates a sense of apache identity for many people on the san carlos reservation both the traditional calls of the mountain spirits and the hard edge of a country rock or reggae song can evoke the feeling of being apache using insights gained from both linguistic and musical practices in the community—as well as from his own experience playing in an apache country band—david samuels explores the complex expressive lives of these people to offer new ways of thinking about cultural identity samuels analyzes how people on the reservation make productive use of popular culture forms to create and transform contemporary expressions of apache cultural identity as samuels learned some popular songs—such as those by bob marley—are reminiscent of history and bring about an alignment of past and present for the apache listener thinking about geronimo for instance might mean one thing but putting a song on top of it results in a richer meaning he also proposes that the concept of the pun as both a cultural practice and a means of analysis helps us understand the ways in which san carlos apaches are able to make cultural symbols point in multiple directions at once through these punning layered expressions people on the reservation express identities that resonate with the complicated social and political history of the apache community this richly detailed study challenges essentialist notions of native american tribal and ethnic identity by revealing the turbulent complexity of everyday life on the reservation samuels's work is a multifaceted exploration of the complexities of sound of language and of the process of constructing and articulating identity in the twenty first century

## ***Towards a Universal Justice? Putting International Courts and Jurisdictions into Perspective 2016-04-21***

towards a universal justice putting international courts and jurisdictions into perspective offers a comprehensive overview of legal issues concerning the role and interrelations of international courts and jurisdictions

## ***Putting Tradition into Practice: Heritage, Place and Design 2017-07-19***

## **Putting Human Rights to Work 2022**

the very existence of an employment relationship places the human rights of a worker at risk employers can and frequently do exercise their managerial and disciplinary powers in a manner that interferes with the most fundamental rights of the individual worker adequate safeguards against such infringements are necessary if individuals are to receive full protection of their rights this book examines how far the labour laws of england and wales offer such guarantees with a particular focus on dismissal law the chapters reflect on the relationship between employment labour and human rights before conducting a detailed and critical analysis of the scope shape and application of domestic employment law the framework for evaluation is drawn from the case law of the european court of human rights as it develops a principled and tailored approach to how the rights contained in the european convention on human right should be enforced in working relationships statutory mechanisms such as the law of unfair dismissal and common law causes of action are examined and found to be lacking in their capacity to vindicate and enforce the human rights of workers this book culminates in the proposal and elaboration upon an innovative solution the bill of rights for workers that would draw on the successes of human rights and labour law instruments to render the convention rights directly enforceable in the relationship between a worker and their employer

## ***“Putting on Christ,” etc 1866***

this collection of sermons by peter atkinson dean of worcester honours the highly distinguished ministry of this renowned preacher on the occasion of his retirement

## ***Putting the Sparkle in the Knowledge Society 2004***

how do young people between the ages of 13 and 24 put life together what do they value in life what parts does religion and spirituality play based on interviews and surveys over four years this book provides a detailed and well founded picture of australian young people the book examines the influences of families schools and churches on the lives of young people and describes how they can best help young people to enjoy positive and responsible relationships with themselves close others the wider society the natural environment and with god it suggests ways of pointing young people to the spiritual dimension of life respecting their frameworks for seeing the world but also doing justice to the counter cultural nature of the christian faith

## ***A Way of Putting It 2023-04-15***

putting skills into practice legal problem solving and writing for new lawyers is a concise new book that can be used either as the main text for an advanced legal writing course focused on preparing practice ready documents or as a reference for new associates the author daniel l barnett of the william s richardson school of law university of hawaii has consulted at a variety of law firms he has found that new lawyers often struggle to complete the projects they are assigned often because they do not understand how to apply the skills and knowledge they acquired in law school this step by step guide leads advanced legal writing students and new associates through the process of completing typical assignments it begins with the essential legal process question of determining the law that applies to the issue at hand and then guides readers through sophisticated questions of how to handle unclear analysis in different types of legal documents

## **Putting Life Together 2007**

putting intellectual property in its place examines the relationship between creativity and intellectual property law on the premise that despite concentrated critical attention devoted to ip law from academic policy and activist quarters its role as a determinant of creative activity is overstated the effects of ip rights or law are usually more unpredictable non linear or illusory than is often presumed through a series of case studies focusing on nineteenth century journalism fake art plant hormone

research between the wars online knitting communities creativity in small cities and legal practice the authors discuss the many ways people comprehend the law through information and opinions gathered from friends strangers coworkers and the media they also show how people choose to share create negotiate and dispute based on what seems fair just or necessary in the context of how their community functions in that moment while ignoring or reimagining legal mechanisms in this book authors murray piper and robertson define the everyday life of ip law constituting an experiment in non normative legal scholarship and in building theory from material and located practice

### ***Putting Skills Into Practice 2014-10-30***

written for the cellist looking for an approach that demystifies cello playing cello bow and you is an innovative text in the field of string pedagogy written by a 40 year veteran of the new york philharmonic orchestra and certified teacher of the alexander technique author evangeline benedetti has a unique voice and approach and invites cellists of all levels to explore make discoveries and organically internalize technique benedetti s approach compliments the work that students do with their teachers by encouraging them to be more aware of themselves and responsive to internal and external guidance cello bow and you allows students and professionals access to benedetti s vast performance and teaching experience she has pioneered an approach to playing that is a synthesis of the cellist s musical thought the knowledge of the dynamic properties of the instrument and bow and the ability to move effectively according to the mechanics of the human body the synergy of these elements leads to physically healthy playing and frees players to be musically expressive written in engaging informal prose the book is a must read for cellists and cello teachers beginning intermediate or professional

## **Putting Children's Interests First in U.S. Family Law and Policy 2018**

this monograph explores the grammar of modifier pps in japanese concentrating on their word order the study argues that i modifier pps are hierarchically arranged and ii there is an interesting fine grained correlation between different pp types and modal aspect functors which indicates that temporal and locative appear relatively freely with respect to a certain range of the modal aspect functors in the middle field whereas the rest of the pp types are more constrained in this respect unlike cartographic approaches to pps schweikert 2005 cinque 2006 the book adopts the working hypothesis that the fine grained hierarchies can be derived in a constrained manner along the lines of svenonius and ramchand 2014 and proposes that the properties of the pps characterized by i and ii can be captured in a sortal domain analysis the book appeals to a linguistic audience interested in modifier syntax as well as in japanese

## **The Principles of Psychology 1890**

## **Putting Adpositions in Place 2017-06-15**

this book investigates capitalism and freedom the guiding forces of many political systems in african philosophy it builds on classical and neoliberal capitalism rooted in private property and freedom and argues for the presence of these elements in the traditional and modern african political systems the author argues that while these elements are partly imported from western capitalists they are equally traceable in african traditional political systems kayange argues that african politics is marred by a conflict between embracing capitalism and freedom individualism on the one hand and socialism founded on african communitarianism and communist ideas on the other this conflict has affected policy development and implementation and has significantly contributed towards the socio economic and ethical crises that are recurrent in most of the african countries

## **The Complete Works of Oscar Wilde 2022-11-13**

do you think the programmers who work at your office are magical wizards who hold special powers that manipulate your computer believe it or not anyone can learn how to write programs and it doesn t take a higher math and science education to start beginning programming for dummies shows you how computer programming works without all the technical details or hard programming language it explores the common parts of every computer programming language and how to write for multiple platforms like windows mac os x or linux this easily accessible guide provides you with the tools you need to create programs and divide them into subprograms develop variables and use constants manipulate strings and convert them into numbers use an array as storage space reuse and rewrite code isolate data create a user interface write programs for the internet utilize javascript and java applets in addition to these essential building blocks this guide features a companion cd rom containing liberty basic compiler and code in several languages it also provides valuable programming resources and lets you in on cool careers for programmers with beginning programming of dummies you can take charge of your computer and begin programming today
