the protection of cultural property during times of armed conflict and social unrest has been an on going challenge for military forces throughout the world even after the ratification and implementation of the 1954 hague convention and its two protocols by participating nations this volume provides a series of case studies and lessons learned to assess the current status of cultural property protection cpp and the military and use that information to rethink the way forward the contributors are all recognized experts in the field of military cpp or cultural heritage and conflict and all are actively engaged in developing national and international solutions for the protection and conservation of these non renewable resources and the intangible cultural values that they represent this book offers a detailed examination of the professional military education system in the united states from a critical insider s perspective the mission of america s war colleges is to educate senior military officers in both the ways of war and the defence of peace but are these colleges doing the best job possible in carrying out that important mission military education faces many demands including a lack of preparation by the students uneven quality of the faculty and confusion over the curriculum many officers attend resident programs at the war colleges programs against the career advice of their leadership despite the fact that they are virtually guaranteed graduation after less than a year of study while others do their best to avoid it entirely as the professional military education system has come under increasing scrutiny and criticism some have even called for closing the war colleges that answer however does not serve the united states well especially in a complex globalized environment where military leaders need the best specialized education to prepare them for their future challenges this volume examines the system that created and supports the perpetuation of this system and why it is imperative that it be fixed written by a faculty member at a military college with twenty years experience of the pme system this book will of much interest to students of the us military us politics and military education in general this is the first explanation and evaluation of taiwan s defence forces and infrastructure it examines not only taiwan s armed forces but also its ministry of national defence personnel issues and civil military relations this book provides crucial base line data and evaluation of one of the major participants in an ongoing crisis across the taiwan strait that has the potential of involving china and the united states in armed conflict it examines the danger of a possibly nuclear conflict between china and the united states which would seriously disrupt all of east asia it also shows how taiwan s defence policies and actions do not match the threat taipei needs to develop and pursue realistic policies this is essential reading for all students of east asian security and sino american relations and of international and security studies in general

Professional Military Education 1990

the protection of cultural property during times of armed conflict and social unrest has been an on going challenge for military forces throughout the world even after the ratification and implementation of the 1954 hague convention and its two protocols by participating nations this volume provides a series of case studies and lessons learned to assess the current status of cultural property protection cpp and the military and use that information to rethink the way forward the contributors are all recognized experts in the field of military cpp or cultural heritage and conflict and all are actively engaged in developing national and international solutions for the protection and conservation of these non renewable resources and the intangible cultural values that they represent

Continued Engagement 2011

this book offers a detailed examination of the professional military education system in the united states from a critical insider s perspective the mission of america s war colleges is to educate senior military officers in both the ways of war and the defence of peace but are these colleges doing the best job possible in carrying out that important mission military education faces many demands including a lack of preparation by the students uneven quality of the faculty and confusion over the curriculum many officers attend resident programs at the war colleges programs against the career advice of their leadership despite the fact that they are virtually guaranteed graduation after less than a year of study while others do their best to avoid it entirely as the professional military education system has come under increasing scrutiny and criticism some have even called for closing the war colleges that answer however does not serve the united states well especially in a complex globalized environment where military leaders need the best specialized education to prepare them for their future challenges this volume examines the system that created and supports the perpetuation of this system and why it is imperative that it be fixed written by a faculty member at a military college with twenty years experience of the pme system this book will of much interest to students of the us military us politics and military education in general

Military Construction, Veterans Affairs, and Related Agencies Appropriations for 2014: Quality of life in the military 2013

this is the first explanation and evaluation of taiwan s defence forces and infrastructure it examines not only taiwan s armed forces but also its ministry of national defence personnel issues and civil military relations this book provides crucial base line data and evaluation of one of the major participants in an ongoing crisis across the taiwan strait that has the potential of involving china and the united states in armed conflict it examines the danger of a possibly nuclear conflict between china and the united states which would seriously disrupt all of east asia it also shows how taiwan s defence policies and actions do not match the threat taipei needs to develop and pursue realistic policies this is essential reading for all students of east asian security and sino american relations and of international and security studies in general
