alone in a foreign country evading not only Aldith's large web of hench-vamps but vicious fae creatures disloyal to their queen. Gloriana says there's a poison in the human realm that's seeping into faerie and I may have found the source. I knew this was going to be a working vacation but battling vampires on one front and the fae on another is a lot especially in a country steeped in magic. As a side note I need to get word to Ben Vair. I think I've found the dragon she's looking for. Gloriana is threatening to set her warriors against the human realm but I may have a way to placate her. Aldith is a different story there's no reasoning with rabid vengeance. She'll need to be put out of our misery permanently if Clive and I have any hope of a long happy life together. Heck I'd settle for a few quiet weeks.
