JingGuo Novel Daji and I Rivals in Lov 2014 tv antiquity explores representations of ancient greece and rome throughout television history the first comprehensive overview of the swords and sandals genre on the small screen it argues that these shows offer a distinct perspective on the ancient world the book traces the historic development of fictional representations of antiquity from the staged black and white shows of the 1950s and 1960s to the most recent digital spectacles one of its key insights is that the structure of serial television is at times better suited to exploring the complex mythic and historic plots of antiquity featuring a range of case studies from popular serials like i claudius 1976 and rome 2005 8 to lesser known works like the caesars 1968 and the eagle of the ninth 1976 the book illustrates how broader cultural political and economic issues have over time influenced the representation of antiquity on television
