Russia 2015-07-15

this book presents a comprehensive survey of the current state of russia and how russia is likely to develop in the immediate future not always sticking to the mainstream narrative it covers political events including putin s constitutional reforms of january 2020 and their likely consequences economic developments russia s international relations and military activities and changes and issues in russian society including in education the place of women health care and religion special attention is paid to manifestations of the covid 19 pandemic the book s overall conclusion is that events of 2020 may compel putin to think again before he decides whether to run for office in 2024

Russia after 2020 2021-09-25

empire revolution and the new tsar is russia in the hands of a lunatic ever since vladimir putin s presidential incarnation pundits and political analysts have asked this question with increasing frequency known for his aggressive politics abroad and irresponsible despotism domestically the leader of the world s largest nation holds seemingly limitless control over his people but putin is only the latest face of russian political power understanding his rule means understanding russia in russia putin s playground anastasia edel explores the tumultuous relationship between the russian state and its people and traces russia s history from its inception through putin s controversial rule in a series of short and punchy articles putin s playground examines every facet of russian life and culture from literature to oligarchs including peter the great to punk protesters pussy riot

Russia: Putin's Playground 2016-01-05

the gates of hell shall not prevail decimated by war revolution and famine the evangelical lutheran church of russia was in critical condition in 1921 in the gates of hell matthew heise recounts the bravery and suffering of german russian lutherans during the period between the two great world wars these stories tell of ordinary christians who remained faithful to death in the face of state persecution christians in russia had dark days characterized by defeat but god preserved his church against all human odds the church would outlast the man made sandcastles of communist utopianism the gates of hell is a wonderful testimony to the enduring power of god s word christ s church and the spirit s faithfulness

The Gates of Hell 2022-05-11

skillfully lays out mr putin s approach to the middle east wall street journal detailed and fascinating diplomatic courier putin intervened in syria in september 2015 with international critics predicting that russia would overextend itself and barack obama suggesting the country would find itself in a quagmire in syria contrary to this anna borshchevskaya argues that in fact putin achieved significant key domestic and foreign policy objectives without crippling costs and is well positioned to direct syria s future and become a leading power in the middle east this outcome has serious implications for western foreign policy interests both in the middle east and beyond this book places russian intervention in syria in this broader context exploring putin s overall approach to the middle east historically moscow has a special relationship with damascus and traces the political diplomatic military and domestic aspects of this intervention borshchevskaya delves into the russian military campaign public opinion within russia as well as russian diplomatic tactics at the

united nations crucially this book illustrates the impact of western absence in syria particularly us absence and what the role of the west is and could be in the middle east

Putin's War in Syria 2021-11-04

in 2012 on the eve of vladimir putin s inauguration for a controversial third term as president mass protests ended in violent clashes between demonstrators and the police they ruined my big day now i m going to ruin their lives putin was alleged to have said now boris nemtsov is dead other key opposition leaders are either in prison or under house arrest and the kremlin is using the situation in ukraine to further its domestic aims encouraging the rise of violent pro putin groups and labelling protesters national traitors journalist and long time moscow resident marc bennetts examines how putin and his shadowy advisers crushed russia s brave new protest movement featuring rare interviews with everyone from nemtsov and other protest leaders to kremlin insiders bennetts provides an unprecedented insight into the realities of politics on the ground the result is a brilliant portrayal of the battle for russia s soul one which continues to this day

I'm Going to Ruin Their Lives 2016-02-25

in the freezing winter of 2011 in what was a watershed moment 100 000 took to moscow s streets to protest putin s landslide election victory amid widespread allegations of corruption and vote rigging a few months later pussy riot hit headlines around the world when they were arrested following their anti putin demonstration in a russian orthodox cathedral now marc bennetts takes us straight to the beating heart of the opposition movement introducing a generation of russian dissidents all united by their

hatred of putin and his bid to silence all political adversaries we meet a bustling cast of urban youth blogging and tweeting to expose the injustices of the regime and a rag tag bunch of dissenters from bolshoi ballerinas to skinhead nationalists featuring interviews with everyone from gary kasparov to top kremlin loyalists this is the definitive guide to the vicious battle for russia s soul

Kicking the Kremlin 2014-02-06

this edited volume offers a comparative and interdisciplinary analysis of interrogation and questioning in war and conflict in the twentieth century despite the current public interest and its military importance interrogation and questioning in conflict is still a largely under researched theme this volume s methodological thrust is to select historical case studies ranging in time from the great war to the conflicts in former yugoslavia and including the second world war decolonization the cold war the troubles in northern ireland and international justice cases in the hague each of which raises interdisciplinary issues about the role of interrogation these case studies were selected because they resurface previously unexplored sources on the topic or revisit known cases which allow us to analyse the role of interrogation and questioning in intelligence security and military operations written by a group of experts from a range of disciplines including history intelligence psychology law and human rights interrogation in war and conflict provides a study of the main turning points in interrogation and questioning in twentieth century conflicts over a wide geographical area the collection also looks at issues such as the extent of the use of harsh techniques the value of interrogation to military intelligence security and international justice the development of interrogation as a separate profession in intelligence as well as the relationship between interrogation and questioning and wider society this book will be of much

interest to students of intelligence studies strategic studies
counter terrorism international justice history and ir in general

Interrogation in War and Conflict

2014-04-29

us major general retired john s harrel a graduate of the us army war college trained with the ukrainian army in the 1990s and in 2006 and commanded ukrainian troops as part of the nato force in kosovo in 2005 his military expertise and detailed knowledge of the combatants informs this clear narrative and analysis of the course of the first 10 months of the war he gives the reasons for the failure of the russian invasion and conversely explains how the ukrainian defense exceeded expectations while acknowledging that strategic mistakes were made on both sides

The Russian Invasion of Ukraine,

February - December 2022 2024-01-30

from the author of nothing is true and everything is possible elegant effortlessly readable essential reading for the new dark age of disinformation jonathan freedland original pomerantsev digs deep into the past history of information warfare in order to help us understand how to fight charlatans and fear mongers in the present anne applebaum excellent carefully researched and beautifully written to be read by everyone seeking perspective on all the lies of war and all the wars of lies timothy snyder from one of our leading experts on disinformation the incredible true story of the complex and largely forgotten wwii propagandist sefton delmer and what we can learn from him today in the summer of 1941 hitler and his allies ruled europe from the atlantic to the black sea britain was struggling to combat the powerful nazi propaganda machine which crowed victory and smeared its

enemies however inside germany there was one notable voice of dissent from the very heart of the military machine der chef a german whose radio broadcasts skilfully questioned nazi doctrine he had access to high ranking military secrets and spoke of internal rebellion his listeners included german soldiers and citizens but what these audiences didn t know was that der chef was a fiction a character created by the british propagandist sefton delmer just one player in his vast counter propaganda cabaret a unique weapon in the war as author peter pomerantsev uncovers delmer s story he is called into a wartime propaganda effort of his own the global response to putin s invasion of ukraine this book is the story of delmer and his modern day investigator as they each embark on their own quest to seduce and inspire the passions of supporters and enemies and to turn the tide of information wars

How to Win an Information War

2024-03-05

from governesses with supernatural powers to motor car obsessed amphibians the iconic images of english children s literature helped shape the view of the nation around the world but as translating england into russian reveals russian translators did not always present the same picture of englishness that had been painted by authors in this book elena goodwin explores russian translations of classic english children s literature considering how representations of englishness depended on state ideology and reflected the shifting nature of russia s political and cultural climate as soviet censorship policy imposed restrictions on what and how to translate this book examines how translation dealt with and built bridges between cultures in a restricted environment in order to represent images of england through analysing the soviet and post soviet translations of rudyard kipling kenneth grahame j

Marshall A. Milne and Paul Travers. This book connects the concepts of society, ideology, and translation to trace the role of translation through a time of transformation in Russian society, making use of previously unpublished archival material. Goodwin provides the first analysis of the role of translated English children's literature in modern Russian history and offers fresh insight into Anglo-Russian relations from the Russian Revolution to the present day. This groundbreaking book is therefore a vital resource for scholars of Russian history and literary translation.

Translating England into Russian

2019-12-26

Since the disintegration of the USSR, many Russian Baptists have actively engaged in evangelism, church planting, and acts of social service. This book is a response to the need to critically evaluate the effectiveness of past mission efforts and their undergirding theology. In this detailed study, Dr. Andrey Kravtsev combines historical and qualitative studies to outline the understanding of mission developed by Russian Baptists during the Soviet era when they were almost completely isolated from global missiological developments. First, Kravtsev identifies four key missiological concepts and uses them to analyze the history of mission theology in global evangelical mission movements and the Russian Baptists. He then interviewed thirty leaders from the Russian Union of Evangelical Christian Baptists to find their view of these concepts and their convictions of the need to reconsider traditional missiological views. From his findings, Dr. Kravtsev suggests five themes for facilitating the transition of Russian Baptist mission theology from the late Soviet model of eschatological escapism to a holistic missional evangelicalism. This book places evangelical mission in contemporary Russian socio-political and ideological contexts and provides an important contribution for leading

churches to a renewed missionary encounter with culture

Russian Baptist Mission Theology in Historical and Contemporary Perspective 2019-10-31

wall street and the russian revolution will give readers critical insight into what might be called the secret history of the 20th century the russian revolution like the war in which it was born represents the real beginning of the modern world the book will look not just at the sweep of events but probe the economic ideological and personal motivations of the key figures involved revealing heretofore unknown or misunderstood connections was trotsky for instance a political genius an unprincipled egomaniac or something of each readers should come away with not only a far deeper understanding of what happened in russia a century ago but also what happened in america and how that still shapes the relations of the twocountries today

Wall Street and the Russian Revolution 2017-06-07

an unprecedented analysis of the crucial but underexplored roles the united states and other nations have played in shaping syria s ongoing civil war one of the best informed and non partisan accounts of the syrian tragedy yet published patrick cockburn independent syria s brutal long lasting civil war is widely viewed as a domestic contest that began in 2011 and only later drew foreign nations into the fray but in this book christopher phillips shows the crucial roles that were played by the united states russia iran saudi arabia turkey and qatar in syria s war right from the start phillips untangles the international influences on the tragic conflict

and illuminates the west's strategy against ISIS, the decline of U.S. power in the region and much more. Originally published in 2016, the book has been updated with two new chapters.

The Battle for Syria 2020-07-01

Russian music today has a firm hold around the world in the repertoire of opera houses, ballet companies, and orchestras. The music of Pyotr Tchaikovsky, Nikolai Rimsky-Korsakov, Sergey Rachmaninov, Sergey Prokofiev, and Dmitri Shostakovich is very much today's lingua franca, both in the concert hall and on the soundtracks of international blockbusters from Hollywood. Meanwhile, the innovations of Modest Musorgsky, Alexander Borodin, and Igor Stravinsky have played their crucial role in the development of Western music, influencing the work of virtually every notable composer of the past century. *Historical Dictionary of Russian Music*, second edition, contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 600 cross-referenced entries for Russia's major performing organizations and performance venues, and on specific genres such as ballet, film music, symphony, and church music. This book is an excellent resource for students, researchers, and anyone wanting to know more about Russian music.

Historical Dictionary of Russian Music 2022-02-15

Digital Russia provides a comprehensive analysis of the ways in which new media technologies have shaped language and communication in contemporary Russia. It traces the development of the Russian language, internet, explores the evolution of web-based communication practices, showing how they have both shaped and been shaped by social, political, linguistic, and literary

realities and examines online features and trends that are characteristic of and in some cases specific to the russian language internet

Digital Russia 2014-03-05

if you were an independent adventurous liberated american woman in the 1920s or 1930s where might you have sought escape from the constraints and compromises of bourgeois living paris and the left bank quickly come to mind but would you have ever thought of russia and the wilds of siberia this choice was not as unusual as it seems now as julia l mickenberg uncovers in american girls in red russia there is a forgotten counterpoint to the story of the lost generation beginning in the late nineteenth century russian revolutionary ideology attracted many women including suffragists reformers educators journalists and artists as well as curious travelers some were famous like isadora duncan or lillian hellman some were committed radicals though more were just intrigued by the soviet experiment but all came to russia in search of social arrangements that would be more equitable just and satisfying and most in the end were disillusioned some by the mundane realities others by horrifying truths mickenberg reveals the complex motives that drew american women to russia as they sought models for a revolutionary new era in which women would be not merely independent of men but also equal builders of a new society soviet women after all earned the right to vote in 1917 and they also had abortion rights property rights the right to divorce maternity benefits and state supported childcare even women from soviet national minorities many recently unveiled became public figures as african american and jewish women noted yet as mickenberg s collective biography shows russia turned out to be as much a grim commune as a utopia of freedom replete with economic social and sexual inequities american girls in red russia recounts the experiences of women who saved

starving children from the russian famine worked on rural communes in siberia wrote for moscow or new york newspapers or performed on soviet stages mickenberg finally tells these forgotten stories full of hope and grave disappointments

American Girls in Red Russia

2017-04-25

the author of the nisibis war analyzes the red army s usage of horse mounted units along the soviet german eastern front during world war ii while the development of tanks had largely led to the replacement of cavalry in most armies by 1939 the soviets retained a strong mounted arm in the terrain and conditions of the eastern front they were able to play an important role denied them elsewhere john harrel shows how the soviets developed a doctrine of deep penetration using cavalry formations to strike into the axis rear disrupting logistics and lines of communication encircling and isolating units interestingly he also shows that this doctrine did not stem from the native cavalry tradition of the steppe but from the example of the american civil war the american approach was copied by the russians in wwi and the russian civil war refined by the soviets in the early stages of world war two and perfected during the last two years of the war the soviet experience demonstrated that deep operations cavalry raids against enemy rear echelons set the conditions for victory although the last horse mounted units disappeared in the 1950s their influence led directly to the formation of the operational manoeuvre groups that ironically faced u s forces in the cold war an expansive analysis of the technical tactical and operational employment of soviet cavalry against the germans and their axis allies for practitioners who want to understand the history and development the book is a goldmine of overlooked campaigns and actions the book s dense and detailed presentation makes it valuable to operational

planners and those interested in the soviet german war armor magazine

Soviet Cavalry Operations During the Second World War 2019-09-30

explores the impact of the russian revolution and league of nations on british modernist culture

Modernism, Internationalism and the Russian Revolution 2018-08-13

this book explores the impact of railroads on 19th century russian peasant collectivism the mutual insurance mechanism in a precarious agricultural environment provided by a structured communal village system predicated on the reputation and authority of community norms is exposed to rationalist exchange occasioning an institutional adaptation process the individualization of property rights in land spatial mobility technology animated market integration specialization literacy and human capital acquisition among peasant wage workers who commuted from their villages temporarily rising transaction costs forced the tsar to concede household property rights in land in the so called Stolypin reform of 1906 this challenge to the imperial patrimony powered by the railroads steered late imperial russia toward constitutional governance the spatial mobility technology gave peasants access to centers of agglomeration of knowledge changed cognitive perceptions of distance and reduced the uncertainty and opportunity costs of travel the empirical findings in this monograph corroborate the conclusion that the railroads occasioned a cultural revolution in late imperial russia and made stalin unnecessary for the modernization of the euro asian giant this book highlights the profound effect that the development of

the railroads had on russian economic and political institutions and practices it will be of indispensable value to students and researchers interested in transitional economics and economic history

Russia on the Move 2022-02-18

A/AS Level History for AQA Russia in the Age of Absolutism and Enlightenment, 1682-1796 Student Book 2016-04-14

in prose as beautiful as it is powerful rita gabris follows the trail of her grandfather s collaboration with the nazis a trail riddled with secrets slaughter mystery and discovery rita gabris comes from a family of eastern european jews and lithuanian catholics she was close to her catholic grandfather as a child and knew one version of his past prior to immigration he had fought the russians whose brutal occupation of lithuania destroyed thousands of lives before hitler s army swept in five years ago gabris discovered an

unthinkable dimension to her family story from 1941 to 1943 her grandfather had been chief of security police under the gestapo in the lithuanian town of svencionys near the killing field of poligon where 8 000 jews were murdered over three days in the fall of 1941 in 1942 the local polish population was also hunted down gabis felt compelled to find out the complicated truth of who her grandfather was and what he had done built around dramatic interviews in four countries filled with original scholarship and mesmerizing in its lyricism a guest at the shooters banquet is a history and family memoir like no other documenting the holocaust by bullets in a remarkable quest as gabis returns again and again to the country of her grandfather s birth to learn all she can about the man she thought she knew

A Guest at the Shooters' Banquet **2015-09-08**

this book explores the phenomenon of de facto states in eurasia states such as abkhazia nagorno karabakh and the transnistrian moldovan republic it examines how they are formed what sustains them and how their differing development trajectories have unfolded it argues that most of these de facto states have been formed with either direct or indirect support from russia but they all have their own internal logic and are not simply puppets in the hands of a powerful patron the book provides detailed case studies and draws out general patterns and compares present day de facto states with de facto states which existed in the past

Russia 2017

a riveting trip down the corridors of soviet deception sunday telegraph five star review philps book vindicates the value of truth washington post philps has an eye for detail and a heart for those

left behind the times a tale of intrigue and suppression new york times a compelling and often horrifying tale of moral degradation and occasional heroism superbly told economist an engaging and insightful account of foreign correspondents living in the moscow landmark during the second world war history today reporters translators lovers spies in the red hotel the untold story of stalin s propaganda war former daily telegraph foreign editor and russia expert alan philps sets out the way stalin created his own reality by constraining and muzzling the british and american reporters covering the eastern front during the war and forcing them to reproduce kremlin propaganda war correspondents were both bullied and pampered in the gilded cage of the metropol hotel they enjoyed lavish supplies of caviar and had their choice of young women to employ as translators and to share their beds while some of these translators turned journalists into robotic conveyors of kremlin propaganda others were brave secret dissenters who whispered to reporters the reality of soviet life and were punished with sentences in the gulag through the use of british archives and russian sources the story of the role of the women of the metropol hotel and the foreign reporters they worked with is told for the first time this revelatory story will finally lift the lid on stalin s operation to muzzle and control what the western allies writers and foreign correspondents knew of his regime s policies to prosecute the war against hitler s rampaging armies from june 1941 onwards

De Facto States in Eurasia 2019-07-17

foreign fighters in ukraine is the first comprehensive academic study taking an in depth look at foreigners who have chosen to fight in the conflict in ukraine while there has been considerable focus in policy security and academic circles on the threat from returning jihadists so called returnee foreign terrorist fighters the same danger from right wing but not essentially terrorist

extremists and others has been largely overlooked as westerners rushed to join the nascent caliphate in syria iraq others simultaneously traveled to another foreign war on what many would call europe s doorstep the russo ukrainian war this book unmask this largely unknown group of fighters as the author dives into the fighters ideological and social backgrounds their motivations for joining the conflict their travails on the way there and their battle record in eastern ukraine to a large extent based on interviews with the fighters themselves it is a study on how and why men risk their lives while fighting a foreign war and attract the attention of security services at home upon their return particularly given the russian invasion of ukraine in february 2022 and the growing interest in far right violence worldwide the book evaluates whether these returnees constitute another security threat to the west this volume will be of interest to all those researching small wars terrorism peace and conflict studies and right wing extremism

The Red Hotel 2023-04-27

the russian intelligentsia is the first single volume history of a small but tremendously influential group of russian intellectuals who achieved world renown in a variety of spheres while previous accounts have addressed the history of individuals within this collective christopher read offers the first explanation of the intelligentsia as a group read traces the vast debates that broke out between and within a multitude of intellectual factions and contextualizes the ideas of the group within the framework of cultural social political and economic development from the late 18th century to the present day this comprehensive yet accessible account demonstrates how the russian intelligentsia morphed from one incarnation to the next and effectively situates this change and continuity within a pan european context it considers the role of the intelligentsia throughout its origins its transformation during

the russian revolution and since the collapse of communism and highlights the beliefs of key figures such as fyodor dostoyevsky ivan pavlov vladimir lenin leon trotsky and mikhail gorbachev in doing so read provides an essential guide to a fascinating aspect of russia s social and cultural history

Pussy Riot vs Putin Revolutionary Russia 2022-12-30

in the will to predict eglė rindzevičiūtė demonstrates how the logic of scientific expertise cannot be properly understood without knowing the conceptual and institutional history of scientific prediction she notes that predictions of future population economic growth environmental change and scientific and technological innovation have shaped much of twentieth and twenty first century politics and social life as well as government policies today such predictions are more necessary than ever as the world undergoes dramatic environmental political and technological change but she asks what does it mean to predict scientifically what are the limits of scientific prediction and what are its effects on governance institutions and society her intellectual and political history of scientific prediction takes as its example twentieth century ussr by outlining the role of prediction in a range of governmental contexts from economic and social planning to military strategy she shows that the history of scientific prediction is a transnational one part of the history of modern science and technology as well as governance going beyond the soviet case rindzevičiūtė argues that scientific predictions are central for organizing uncertainty through the orchestration of knowledge and action bridging the fields of political sociology organization studies and history the will to predict considers what makes knowledge scientific and how such knowledge has impacted late modern governance

Foreign Fighters in Ukraine 2024-02-22

the book examines prominent literary works from the past two decades by russian women writers dealing with the soviet past it explores works such as daniel stein interpreter by ludmilla ulitskaya the time of women by elena chizhova secondhand time the last of the soviets by svetlana alexievich and in memory of memory by maria stepanova and uncovers connecting thematic structures and features focusing on the concepts of displacement and postmemory the book shows how these works have given voice to those on the margins of society and of great history whose resistance was often silent in doing so these women writers portray the everyday experiences and trauma of displaced women and girls during the second half of the twentieth century this study offers new insights into the importance of these women writers work in creating and preserving cultural memory in post soviet russia

The Russian Intelligentsia 2023-05-15

through detailed exploration of events in tunisia egypt bahrain libya syria and yemen sean burns here breaks down the concept of professionalism within the armed forces into its component parts and demonstrates how variation in military structures determines their behaviour in so doing and by emphasising historical context and drawing on a wide range of political science theory burns sheds fresh light onto the ways in which military structure affects the potential for democratic transition or the course of civil war with this book he presented a wide ranging study of the middle east which provides key tools to understanding the opportunities for democratisation both during the arab spring and beyond and which is therefore essential reading for anyone working on the middle east popular uprisings and the politics of repression

The Will to Predict 2022-04-22

unlike brazil india or china prior to the beginning of market oriented reforms in early 1990s russia maintained a high level of human capital and possessed a highly developed system of vocational education continuous education and management development institutions sponsored by the government however after the beginning of the market reforms many state sponsored programs were disbanded and individual enterprises and newly emerging private educational institutions found themselves in a position of having to provide training and professional development services for future and current employees both government level policies in support of hrd and enterprise level hrd systems have emerged fairly recently in the russian federation and are still in a stage of change and development this book provides an in depth analysis of the current state of hrd in the russian federation it covers country level policies organizational level programs and strategies and individual level educational and training efforts while the study is focused on russia its conclusions will be of value to scholars students and practitioners examining similar issues surrounding the emergence and development of hrd systems in emerging countries furthermore the authors framework for analyzing hrd on multiple levels and across various parts of the adult and vocational education and development systems offers a unique and important contribution to the theoretical debate on comparative educational systems outside the hrd and hrm communities

Displacement and (Post)memory in Post-Soviet Women's Writing

2018-01-30

this book refutes the idea that russia plays a weak hand well in international politics the book argues instead that russia under vladimir putin s regime may not be as weak as is sometimes thought in the west it takes a multi dimensional approach in assessing russian state power in international relations going beyond metrics of power like relative strength of the economy human capital and size of the military to also include the policy weight or importance of russian firms and industries as well as where geographically russian influence has spread globally the book includes fresh empirical data on the russian economy demography and human capital and conventional military and nuclear weaponry capacities in russia relative to other great powers like china and the united states the book argues that realpolitik alone does not explain russian foreign policy choices under putin rather putin s patronal autocratic regime and the need for social stability plays an important role in understanding when and why russian power is projected in the 21st century
