true love endures this love story has taken over fifty seven years to tell it began with the hot fiery passion of youth the separation of our lovers because of time and space and then the rekindling of that love from the embers found in the ashes of that fire the story starts in the coastal town of watsonville california where these lovers met at watsonville high school in 1960 anyone who was alive in the fifties and early sixties really miss those good old days we did not realize at that time how great they were we enjoyed simple pleasures cruising on a saturday night drive in movies and many nights sitting at the beach listening to the radio we were innocent but not prudish mischievous but not mean respectful to our parents the elderly and those in authority we were not angels but neither were we devils so from those days which have taken on an idealistic perspective we progress to real life as grown ups in the eighties and nineties this double autobiography follows the lives of cecil and lois through marriages divorces births deaths and all the myriad of unexpected events that came along the way

and at last we reach retirement after all those years of employment what we hoped for does not turn out exactly like we thought again unexpected events and surprises await us but true love endures

how identity influences the economic choices we make identity economics provides an important and compelling new way to understand human behavior revealing how our identities and not just economic incentives influence our decisions in 1995 economist rachel kranton wrote future nobel prize winner george akerlof a letter insisting that his most recent paper was wrong identity she argued was the missing element that would help to explain why people facing the same economic circumstances would make different choices this was the

beginning of a fourteen year collaboration and of identity economics the authors explain how our conception of who we are and who we want to be may shape our economic lives more than any other factor affecting how hard we work and how we learn spend and save identity economics is a new way to understand people s decisions at work at school and at home with it we can better appreciate why incentives like stock options work or don t why some schools succeed and others don t why some cities and towns don t invest in their futures and much much more identity economics bridges a critical gap in the social sciences it brings identity and norms to economics people s notions of what is proper and what is forbidden and for whom are fundamental to how hard they work and how they learn spend and save thus people s identity their conception of who they are and of who they choose to be may be the most important factor affecting their economic lives and the limits placed by society on people s identity can also be crucial determinants of their economic well being
