Project Finance (PFI) Sep 11 2023

Project Finance (PFI) is a long-term financing structure for infrastructure and industrial projects. It is characterized by the fact that the source of debt repayment is limited to the cash flow generated by the underlying project. This structure is often used for large-scale projects worldwide due to its non-recourse or limited-recourse nature. A Special Purpose Company (SPC) is often established to manage the project and its financing.
