maneuver combat training center ctc and home station requirements for exercise control and training feedback are intensive with the advent of battlefield digitization tactical decision aids smart intelligent and brilliant munitions advances in non lethal weapons and new reconnaissance surveillance and target acquisition rsta systems the workload for trainers continues to spiral force modernization is creating new control and feedback tasks that have the potential to rob trainers of time they would otherwise spend observing coaching and facilitating the learning of exercise players this study 1 identifies the impact of force modernization on future exercise control and training feedback functions 2 identifies tasks involved in after action review aar preparation observer controller oc coordination and mentoring and take home package construction 3 provides strategies to reduce oc and training analysis facility taf workload 4 identifies payoffs in task reduction achieved by each strategy 5 does not provide technical solutions or analysis of task criticality complexity duration or frequency for trainer tasks dtic this is a collection of the ray prouty s columns in rotor and wing and american helicopter society s vertiflite magazine from 1992 to 2004

the hover performance of a 27 percent scale model baseline rotor and advanced rotor with a 3 1 tapered tip tr3 for the ah 64 attack helicopter was investigated in the rotor test cell at the langley 14 by 22 foot subsonic tunnel as part of ongoing efforts to improve rotorcraft efficiency the hover performance of the baseline rotor was compared with that of the tr3 rotor and with that of a previously tested advanced rotor with 5 1 tapered tip tr5 rotor thrust in hover at a rotor height to rotor diameter ratio of 1 46 was varied over a range of thrust coefficients for rotor tip mach numbers of 0 63 and 0 57 respectively the rotor with the tr3 blades had improved hover performance as compared with the rotor with the tr5 blades and both the tr3 and tr5 blades were superior to the baseline rotor in terms of figure of merit for the range of thrust coefficients from 0 0020 to 0 0100 the additional margin in performance for the tr3 blades as compared with the tr5 blades was likely due to an increase in blade area and reynolds number at the blade tip region brought about by the change in taper ratio from 5 1 to 3 1 well over 9 000 total pages just a sample of what is included calibration procedure for dial indicating pressure gages calibration procedure for vernier calipers type 1 classes 1 2 3 7 pages calibration procedure for torque wrench raymond engineering i model pd 730 8 pages calibration procedure for torque wrenches and torque screwdrive general calibration procedure for pyrometer and thermocouple tester type n 3a calibration procedures for hydraulic actuator test stand barkl and dexter mdl bdl 812121 calibration procedure for vibration monitoring kit consolidated electrodynamics type 1 117 calibration procedure for vibrex balance kit model b4591 consi of vibrex tester model 11 blade tracker model 135m 11 and ba phazor model 177m 6a calibration procedure for force torque readout mis 38934 type i and type ii calibration procedure for strain gage simulator arrel enterprises model sgs 300 calibration procedure for pressure gages differential general calibration procedure for fuel quantity system test set simmonds precision jc air model psd 60 laf calibration procedure for optical power test set ts 4358 g calibration procedure for protractor blade model pe 105 calibration procedure for gage height vernier model 454 calibration procedure for cylinder gage model 452 calibration procedure for gage blocks grades 1 2 and 3 calibration procedure for micrometers inside 13 calibration procedure for dial indicators calibration procedure for gages spring tension calibration procedure for force measuring system emery model s 19 calibration procedure for precision rtd thermometer azonix mod w temperature probe instrulab model 4101 10x plus voltage calibrator john fluke models 332b af and 332b d nsn 6625 00 150 6994 calibration procedure for voltage calibrator ballantine models 420 421a and 421a s2 calibration procedure for calibrator an usm 317 sg 836 usm 317 and hewlett packard model 8402b calibrator set range an usm 115 fsn 6625 987 9612 24x microfiche range calibrator set an upm 11 magnetic compass calibrator set an asm and magnetic compasscalibrator set adapter kit mk 1040a asn calibrator crystal ts 810 u calibrator power meter hewlett packard model 8402b nsn 6625 00 702 0177 peak power calibrator hewlett packard model 8900b nsn 4931 00 130 5386 apn mis 10243 magnetic compass calibrator set an asm 339 v 1 nsn 6605 00 78 and adapter kit magnetic compass calibrator set mk 1040 asn 6605 00 816 0329 24x microfiche magnetic compass calibrator set an asm 339 v 1 nsn 6605 00 78 and adapter kit magnetic compass calibrator set mk 1040a asn 6605 00 816 0329 24x microfiche storage serviceability standard for amccom materiel radiac calibrators radiac sets

aspects of training conduct after action reviews it reduces repetitive tasks and improves training quality a great book that provides you with numerous training ideas suggestions and techniques developed and deployed in a short time due to the pressure of the vietnam war bell s ah 1 cobra performed well but army planners believed a better attack helicopter would be needed in the next war in 1976 hughes helicopter s yah 64a prototype bested the cobra in firepower performance and range and won the competition to replace it it would be 1982 before production commenced but eventually over 1100 would be produced including the advanced ah 64d apache longbow dubbed the apache the ah 64 is a four blade twin engine tandem cockpit design with tailwheel landing gear the ah 64 features double and triple redundant systems that ensure maximum survivability in combat and an awesome array of weapons that can include hellfire missiles and a 30mm m230 chain gun that can be slaved to the pilot s head movements via a helmet mounted display ihadss the apache first saw combat during the invasion of panama in 1989 and

conducted the first attack of operation desert storm in 1991 flying into iraq to destroy enemy radar systems ah 64s are credited with destroying over 500 tanks during that conflict they continued their service in bosnia and kosovo in operation iraqi freedom and operation enduring freedom in afghanistan the ah 64 is now also deployed by the united kingdom israel the netherlands saudi arabia japan and other air forces worldwide created by the army for the ah 64a version of the apache this unclassified pilot s flight manual runs over 600 pages and contains chapters about aircraft systems and procedures it is reprinted here in its entirety

Effect of Planform Taper on Hover Performance of an Advanced AH-64 Model Rotor 1987

the trainer is a how to guide concerning army training covering all aspects of training conduct after action reviews it reduces repetitive tasks and improves training quality a great book that provides you with numerous training ideas suggestions and techniques

DA Pam 1986

developed and deployed in a short time due to the pressure of the vietnam war bell s ah 1 cobra performed well but army planners believed a better attack helicopter would be needed in the next war in 1976 hughes helicopter s yah 64a prototype bested the cobra in firepower performance and range and won the competition to replace it it would be 1982 before production commenced but eventually over 1100 would be produced including the advanced ah 64d apache longbow dubbed the apache the ah 64 is a four blade twin engine tandem cockpit design with tailwheel landing gear the ah 64 features double and triple redundant systems that ensure maximum survivability in combat and an awesome array of weapons that can include hellfire missiles and a 30mm m230 chain gun that can be slaved to the pilot s head movements via a helmet mounted display ihadss the apache first saw combat during the invasion of

panama in 1989 and conducted the first attack of operation desert storm in 1991 flying into iraq to destroy enemy radar systems ah 64s are credited with destroying over 500 tanks during that conflict they continued their service in bosnia and kosovo in operation iraqi freedom and operation enduring freedom in afghanistan the ah 64 is now also deployed by the united kingdom israel the netherlands saudi arabia japan and other air forces worldwide created by the army for the ah 64a version of the apache this unclassified pilot s flight manual runs over 600 pages and contains chapters about aircraft systems and procedures it is reprinted here in its entirety
