and thereby enjoying what we read reading comprehension is absolutely critical to communication whether it involves a doctor healing a patient a lawyer presenting an argument in court an astronaut needing to know how to repair a malfunction when he is thousands of miles above the earth or most important enriching and widening the scope of your life in fact you cannot think of one area of learning or practice where understanding what you read is not absolutely essential the more you understand what you read the less of a drudgery and the more of a joy it becomes reading is the key that
