unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy this is a new release of the original 1909 edition meticulously rendered toy soldier collection in paper form includes easy to assemble free standing union and confederate soldiers cannons tents flags more all in full color 16 color plates introduction recapture the flavor and drama of american life in 1860 with a family of 9 paper dolls and their 36 authentic costumes formal and everyday attire includes hoop skirts and off the shoulder dresses for the ladies and military uniforms cravats and waistcoats for the gentlemen very detailed and quite lovely to look at the civil war news turns to the written record to re examine the building blocks of a nation picking up where most historians conclude chelsea stieber explores the critical internal challenge to haiti s post independence sovereignty a civil war between monarchy and republic what transpired was a war of swords and of pens waged in newspapers and periodicals in literature broadsheets and fliers in her analysis of haitian writing that followed independence stieber composes a new literary history of haiti that challenges our interpretations of both freedom struggles and the postcolonial by examining internal dissent during the revolution stieber reveals that the very concept of freedom was itself hotly contested in the public sphere and it was this inherent tension that became the central battleground for the guerre de plume the paper war that vied to shape public sentiment and the very idea of haiti stieber s reading of post independence haitian writing reveals key insights into the nature of literature its relation to freedom and politics and how fraught and politically loaded the concepts of literature and civilization really are the competing ideas of liberté writing and civilization at work within postcolonial haiti have consequences for the way we think about haiti s role as an idea and a discursive interlocutor in the elaboration of black radicalism and black atlantic anticolonial and decolonial thought in so doing stieber reorders our previously homogeneous view of haiti teasing out warring conceptions of the new nation that continued to play out deep into the twentieth century when i woke the battle had begun the shells of the enemy flew over us here tearing great limbs off the trees and screaming horribly then a shell struck into the ranks near where i was killing and wounding five or six i saw them fall and heard their screams but on we went and i know not who they were or what became of them lt col newton t colby september 21 1862 lt col colby served with the 23rd new york the 107th new york at antietam chancellorsville and harper s ferry and later in the veteran reserve corps as superintendent of old capital prison this is a compilation of colby s letters to family friends and other military personnel newspaper articles that detail the fighting in which colby and his fellow soldiers were involved and accounts of the fighting and daily life from other soldiers colby was not a well known name but he crossed paths with many prominent figures of the civil war witnessed history being made and was recognized as an excellent soldier by his peers and commanding officers slavery was at the heart of the south s agrarian economy before and during the civil war agriculture provided products essential to the war effort from dietary rations to antimalarial drugs to raw materials for military uniforms and engineering drawing on a range of primary sources this history examines the botany and ethnobotany of america s defining conflict the author describes the diverse roles of cash crops herbal medicine subsistence agriculture and the diet and cookery of enslaved people the journal of the civil war era volume 3 number 4 december 2013 table of contents special issue proclaiming emancipation at 150 articles introduction martha s jones guest editor history and commemoration the emancipation proclamation at 150 james oakes reluctant to emancipate another look at the first confiscation act stephen sawyer william j novak emancipation and the creation of modern liberal states in america and france thavolia glymph rose s war and the gendered politics of a slave insurgency in the civil war martha jones emancipation encounters the meaning of freedom from the pages of civil war sketchbooks book reviews books received notes on contributors using an event study methodology this paper analyzes the aftermath of civil war in a cross section of countries it focuses on those experiences where the end of conflict marks the beginning of a relatively lasting peace the paper considers 41 countries involved in internal wars in the period 1960 2003 in order to provide a comprehensive evaluation of the aftermath of war the paper considers a host of social areas represented by basic indicators of economic performance health and education political development demographic trends and conflict and security issues for each of these indicators the paper first compares the post and pre war situations and then examines their dynamic trends during the post conflict period the paper concludes that even though war has devastating effects and its aftermath can be immensely difficult when the end of war marks the beginning of lasting peace recovery and improvement are indeed achieved the national tribune was the premier union veterans newspaper of the post civil war era launched in 1877 by a new york veteran to help his comrades and sway congress to pass better pension laws a short time later the national tribune began publishing firsthand accounts penned by the veterans themselves and did so for decades thereafter this rich overlooked and underused source of primary material offers a gold mine of eyewitness accounts of battles strategy tactics camp life and much more from generals to privates the paper printed articles and long serials on everything from major battles such as gettysburg and antietam to arguments about which battery fired the shot that killed general leonidas polk whether grant s army was surprised at shiloh and just about every topic in between unbeknownst to many a number of confederate accounts were also published in the paper decades in the making dr rick sauers unique multi volume reference work the national tribune civil war index a guide to the weekly newspaper dedicated to civil war veterans 1877 1943 lists every article 1877 1943 the first two volumes are organized by author his unit title and page column location the third volume the main index includes a subject author and unit guide as well as a unit as sources index that lists articles that mention specific commands but are written by soldiers who were not members of that unit as an added bonus this reference guide includes the contents of both the national tribune scrapbook and the national tribune repository two short lived publications that included articles by veterans and a listing of the major libraries that have national tribune holdings thanks to dr sauers civil war researchers and writers worldwide now have easy access to the valuable contents of this primary source material the single most important volume for anyone interested in the civil war to own and consult from the foreword by james m mcpherson the first guide to civil war literature to appear in nearly 30 years this book provides the most comprehensive up to date and informative survey and analysis of the vast body of civil war literature more than 40 essays each by a specialist in a particular subfield of civil war history offer unmatched thoroughness and discerning assessments of each work s value the essays cover every aspect of the war from strategy tactics and

the wonder that was india a survey of history and culture indian sub continent before coming muslims arthur llewellyn basham

battles to logistics intelligence supply and prisoner of war camps from generals and admirals to the men in the ranks from the atlantic to the far west from fighting fronts to the home front some sections cover civilian leaders the economy and foreign policy while others deal with the causes of war and aspects of reconstruction including the african american experience during and after the war breadth of topics is matched by breadth of genres covered essays discuss surveys of the war general reference works published and unpublished papers diaries and letters as well as the vast body of monographic literature including books dissertations and articles genealogical sources historical fiction and video and audio recordings also receive attention students of the american civil war will find this work an indispensable gateway and guide to the enormous body of information on america s pivotal experience drawings of soldiers and their foe can be cut out and set up a description accompanys each figure this book examines newspapers magazines photographs illustrations and editorial cartoons to tell the important story of journalism documenting its role during the civil war as well as the impact of the war on the press civil war journalism presents a unique synthesis of the journalism of both the north and south during the war it features a compelling cast of characters including editors horace greeley and john m daniel correspondents george smalley and peter w alexander photographers mathew brady and alexander gardner and illustrators alfred waud and thomas nast written to appeal to those interested in the civil war in general and in journalism specifically as well as general readers the work provides an introductory overview of journalism in the north and south on the eve of the civil war the following chapters examine reporting during the war editorializing about the war photographing and illustrating the war censorship and government relations and the impact of the war on the press this volume explores the nature of civil war in the modern world and in historical perspective civil wars represent the principal form of armed conflict since the end of the second world war and certainly in the contemporary era the nature and impact of civil wars suggests that these conflicts reflect and are also a driving force for major societal change in this sense understanding civil wars continuity and change in intrastate conflict argues that the nature of civil war is not fundamentally changing in nature the book includes a thorough consideration of patterns and types of intrastate conflict and debates relating to the causes impact and changing nature of war a key focus is on the political and social driving forces of such conflict and its societal meanings significance and consequences the author also explores methodological and epistemological challenges related to studying and understanding intrastate war a range of questions and debates are addressed what is the current knowledge regarding the causes and nature of armed intrastate conflict is it possible to produce general cross national theories on civil war which have broad explanatory relevance is the concept of civil wars empirically meaningful in an era of globalization and transnational war has intrastate conflict fundamentally changed in nature are there historical patterns in different types of intrastate conflict what are the most interesting methodological trends and debates in the study of armed intrastate conflict how are narratives about the causes and nature of civil wars constructed around ideas such as ethnic conflict separatist conflict and resource conflict this book will be of much interest to students of civil wars intrastate conflict security studies and international relations in general this book debunks popular myths and misconceptions about the american civil war through primary source documents and shows how misinformation can become so widespread the american civil war deeply divided the nation and was a pivotal point in american history the acrimony and bitterness of this four year struggle coupled with its importance to the fabric of american life has resulted in the development and perpetuation of many myths about the conflict this work separates myth from reality the author examines 10 popular myths about the war each of which is examined in terms of its origins and how it became ensconced in the american memory it uses primary sources to explain the evolution of the myths and to inform the reader about what really happened providing a unique quality to this work moreover the book not only explains the flaws in the myth but encourages the reader to further investigate each of the topics digicat publishing presents to you this special edition of historic papers on the causes of the civil war by eugenia dunlap potts digicat publishing considers every written word to be a legacy of humankind every digicat book has been carefully reproduced for republishing in a new modern format the books are available in print as well as ebooks digicat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature many books have tried to analyze the reasons for the chinese communist success in china s 1945 1949 civil war but suzanne pepper s seminal work was the first and remains the only comprehensive analysis of how the ruling nationalists lost that war not just militarily but by alienating the civilian population through corruption and incompetence now available in a new edition this authoritative investigation of kuomintang failure and communist success explores the new research and archival resources available for assessing this pivotal period in contemporary chinese history even more relevant today given the contemporary debates in hong kong and taiwan over the terms of reunification with a communist led national government in beijing this book is essential reading for anyone seeking a nuanced understanding of twentieth century chinese politics comprises 165 letters written by the editor s great great grandfather oscar a stearns his fiancée jennette l persons and various members of their families most of the letter writers were from warren waitsfield and fayston vermont arie military discharge paper this collection of essays represents the best recent history written on civil war activity in arkansas it illuminates the complexity of such issues as guerrilla warfare union army policies and the struggles between white and black civilians and soldiers and also shows that the war years were a time of great change and personal conflict for the citizens of the state despite the absence of great battles or armies all the essays which have been previously published in scholarly journals have been revised to reflect recent scholarship in the field each selection explores a military or social dimension of the war that has been largely ignored or which is unique to the war in arkansas gristmill destruction military farm colonies nitre mining operations mountain clan skirmishes federal plantation experiments and racial atrocities and reprisals together the essays provoke thought on the character and cost of the war away from the great battlefields and suggest the pervasive change wrought by its destructiveness in the cogent introduction daniel e sutherland and anne j bailey set the historiographic record of the civil war in arkansas tracing a line from the first writings through later publications to our current understanding as a volume in the civil war in the west series civil war arkansas elucidates little known but significant aspects of the war encouraging new perspectives on them and focusing on the less studied western theater as such it will inform and challenge both students and teachers of the american civil war conflict is now identified as one of the most significant sources of development failure and thus of growing income divergence between nations dr murshed s book addresses the issues of weak institutions conflict and slow growth it presents a synthesis of the existing theories and provides many new insights it will certainly be much consulted and read by academics policy makers and all those who are interested in the causes of conflict and post conflict reconstruction branko milanovic the world bank masterfully integrating the logic of formal economic models the insights of normative philosophy and evidence from empirical history and culture indian sub

~~murshed explains civil wars this is a brilliant original work scott gates prio and norwegian university of science~~
and technology norway this masterly book succinctly surveys contemporary literature on the sources of conflict in developing countries as well as policies to secure a stable peace including many insightful contributions by the author the treatment of this important but controversial field is both informative and well balanced it should be essential reading for all students and policy makers who believe that policy should be evidence based frances stewart university of oxford uk using the rational choice approach syed mansoob murshed analyses the motivations behind civil war and identifies growth and institutional failure as catalysts of the greed and grievance that characterise the onset and persistence of civil war this book explores the pre conditions for conflict in terms of growth failure and critically appraises the greed and grievance theories common to conflict literature it is argued that various institutional mechanisms of restraint that can be labeled the social contract are crucial for violent conflict avoidance the reasons underpinning the instability of treaties ending civil wars post conflict reconstruction issues liberal peace theory and how globalization and conflict relate are also examined explaining civil war will be of interest to development economists and political scientists as well as to students and researchers of political economy and conflict studies the end of the civil war is a fast paced western murder mystery war story that plays out in the american west soon after the supposed end of civil war it asks the question what would happen if some confederates had refused to give up and instead moved west to form alliances with anti american militants the story begins when a confederate general known for his ruthless tactics in the war suddenly appears in the west along with his loyal company of men when the general begins to wreak havoc in california and arizona famous san francisco detective drew steele is hired to be a go between negotiator the cat and mouse game that ensues leads from california through mexico and into the mountains of arizona it pits two brilliant minds against each other in a life and death struggle against a backdrop of spectacular western scenery the authors analyze the relationship between ethnic polarization and the duration of civil wars several recent papers have argued that the uncertainty about the relative power of the contenders in a war will tend to increase its duration in these models uncertainty is directly related to the relative size of the contenders the authors argue that the duration of civil wars increases the more polarized a society is uncertainty is not necessarily linked to the structure of the population but it could be traced back to the measurement of the size of the different groups in the society given a specific level of measurement error or uncertainty more polarization implies lengthier wars the empirical results show that ethnically polarized countries have to endure longer civil wars than ethnically less polarized societies intriguing and authoritative filled with fascinating history and an easy to use full color catalog of issues the twelfth edition of confederate states paper money will delight and inform every confederate note collector from novice to expert it features full color images of all major confederate states currency from the civil war through reconstruction authoritative pricing in up to six grades for confederate state issues complete coverage of upham and other facsimile notes as well as bogus notes enigmatical issues advertising notes uncut sheets and errors featuring the work of text of legendary numismatist arlie slabaugh and pricing by william bradimore no paper money enthusiast s library is complete without confederate states paper money 12th edition this madison adams edition presents the greatest novels and stories written in the aftermath of the civil war of the new york times bestselling novel the widow of the south a detailed and enjoyable set of facts and stories that will engage every reader from the newest initiate to the civil war saga to the most experienced historian this book is a must have for any civil war reading collection james lewis park ranger at stonewall national battlefield do you think you know the civil war the history buff s guide to the civil war clears the powder smoke surrounding the war that changed america forever what were the best the worst the largest and the most lethal aspects of the conflict with over thirty annotated top ten lists and unexpected new findings author thomas r flagel will have you debating the most intriguing questions of the civil war in no time from the top ten causes of the war to the top ten bloodiest battles this invaluable guide to the great war between the states will delight and inform you about one of the most crucial periods in american history the book tells about the vents and political attitudes during the reconstruction period in alabama after the civil war it provides a great background for understanding the current political and economic situation of the state from a historical perspective the author of the book walter lynwood fleming 1874 1932 a historian of the south and reconstruction prepared the ph d thesis on the same topic and some parts of the book are part of the materials he collected for the work an introduction to civil wars provides a comprehensive overview of the civil wars that have taken place globally since world war ii a discussion of the human and economic costs of civil war is followed by a systematic examination of all aspects of these conflicts civil war patterns types and causes the effect of natural resources conflict duration outcomes and termination peace agreements counterinsurgency terrorism international intervention and post conflict issues author karl derouen jr draws on the latest empirical research and pedagogical features tables figures maps photos a comprehensive bibliography lists of suggested readings and an appendix listing all civil wars since 1946 make the book an especially useful research tool for undergraduates and graduate students in political science and public policy

the wonder that was india a survey of history and culture indian sub continent before coming muslims arthur llewellyn basham

there is an expectation as part of the political landscape on how elected officials will behave how they will conduct business and how they will be a voice of the people white paper delves deep into the different types of leadership and how the character and decisions that are made effect and preserve democracy we are in need of a political reform that can be fulfilled by looking at the old school political machine a machine that many desire to no longer exists as the people have spent years trying to defeat it in order to preserve democracy democracy is an outcome of the development of the political civilization of mankind it is the common desire of people to be represented by legislatures that keep to the thinking for the people of the people by the people these are the principles desired in politicians with the hope of finding a modern day lincoln re emerge and to end an already existing political civil war the civil war is a fascinating time period in american history life in civil war america 2nd edition provides readers with fast facts and statistics about the 1860s from military life to civilian life in both the north and south topics covered include social and economic realities of daily life common slang and idioms diets of the era including recipes food preparation and the impact of shortages and inflation on rations civilian dress military dress and technology of the time the book focuses on the era not just the events of the war period illustrations and photos further illuminate the era a highly original history tracing the least understood and most intractable form of organized human aggression from ancient rome through the centuries to the present day we think we know civil war when we see it yet ideas of what it is and what it isn't have a long and contested history from its fraught origins in republican rome to debates in early modern europe to our present day defining the term is acutely political for ideas about what makes a war civil often depend on whether one is a ruler or a rebel victor or vanquished sufferer or outsider calling a conflict a civil war can shape its outcome by determining whether outside powers choose to get involved or stand aside from the american revolution to the war in iraq pivotal decisions have depended on such shifts of perspective the age of civil war in the west may be over but elsewhere in the last two decades it has exploded from the balkans to rwanda burundi somalia and sri lanka and most recently syria and the language of civil war has burgeoned as democratic politics has become more violently fought this book's unique perspective on the roots and dynamics of civil war and on its shaping force in our conflict ridden world will be essential to the ongoing effort to grapple with this seemingly interminable problem civil war the opening stages of the american civil war caused considerable diplomatic uncertainty in the relationship between great britain and the united states the suspension of the federal custom house at charleston south carolina and the future status of the british consul in that city are typical of some of the relatively minor but nonetheless significant problems treated by the sessional papers of rather greater importance are papers devoted to the federal blockade of southern ports and to the activities of british nationals in both the union and the confederacy v 18 includes papers concerned with the closing stages of the civil war and the occasional papers relating to claims arising from the conflict during the period 1865 to 1870 or until just before the treaty of washington a lengthy paper is devoted to the confederate raid launched from canada into vermont and other papers deal with the assassination of lincoln and the end of the war itself naval affairs are a continuing topic the alabama story is temporarily closed with its sinking at the hands of the kearsage and a long paper gives the saga of the confederate raider shenandoah the final papers in the volume comprise a general picture of the claims between the two countries arising out of the civil war publisher's catalogue in civil war the causal mechanism on recruitment of combatants is complicated because armed groups interact for context based strategic this book argues that a group will adopt varying mobilization strategies depending upon the difference in a group's influence between the stronghold and contested areas using as examples two cambodian civil wars this comprehensive new handbook explores the significance and nature of armed intrastate conflict and civil war in the modern world civil wars and intrastate conflict represent the principal form of organised violence since the end of world war ii and certainly in the contemporary era these conflicts have a huge impact and drive major political change within the societies in which they occur as well as on an international scale the global importance of recent intrastate and regional conflicts in afghanistan pakistan iraq somalia nepal cote d ivoire syria and libya amongst others has served to refocus academic and policy interest upon civil war drawing together contributions from key thinkers in the field who discuss the sources causes duration nature and recurrence of civil wars as well as their political meaning and international impact the handbook is organised into five key parts part i understanding and explaining civil wars theoretical and methodological debates part ii the causes of civil wars part iii the nature and impact of civil wars part iv international dimensions part v termination and resolution of civil wars covering a wide range of topics including micro level issues as well as broader debates routledge handbook of civil wars will set a benchmark for future research in the field this volume will be of much interest to students of civil wars and intrastate conflict ethnic conflict political violence peace and conflict studies security studies and ir in general

conflict is now identified as one of the most significant sources of development failure and thus of growing income divergence between nations dr murshed's book addresses the issues of weak institutions conflict and slow growth it presents a synthesis of the existing theories and provides many new insights it will certainly be much consulted and read by academics policy makers and all those who are interested in the causes of conflict and post conflict reconstruction branko milanovic the world bank masterfully integrating the logic of formal economic models the insights of normative philosophy and evidence from empirical analysis syed mansoob murshed explains civil wars this is a brilliant original work scott gates prio and norwegian university of science and technology norway this masterly book succinctly surveys contemporary literature on the sources of conflict in developing countries as well as policies to secure a stable peace including many insightful contributions by the author the treatment of this important but controversial field is both informative and well balanced it should be essential reading for all students and policy makers who believe that policy should be evidence based frances stewart university of oxford uk using the rational choice approach syed mansoob murshed analyses the motivations behind civil war and identifies growth and institutional failure as catalysts of the greed and grievance that characterise the onset and persistence of civil war this book explores the pre conditions for conflict in terms of growth failure and critically appraises the greed and grievance theories common to conflict literature it is argued that various institutional mechanisms of restraint that can be labeled the social contract are crucial for violent conflict avoidance the reasons underpinning the instability of treaties ending civil wars post conflict reconstruction issues liberal peace theory and how globalization and conflict relate are also examined explaining civil war will be of interest to development economists and political scientists as well as to students and researchers of political economy and conflict studies

Anthony Arie Civil War Discharge Paper

1865

the end of the civil war is a fast paced western murder mystery war story that plays out in the american west soon after the supposed end of civil war it asks the question what would happen if some confederates had refused to give up and instead moved west to form alliances with anti american militants the story begins when a confederate general known for his ruthless tactics in the war suddenly appears in the west along with his loyal company of men when the general begins to wreak havoc in california and arizona famous san francisco detective drew steele is hired to be a go between negotiator the cat and mouse game that ensues leads from california through mexico and into the mountains of arizona it pits two brilliant minds against each other in a life and death struggle against a backdrop of spectacular western scenery

Civil War Arkansas

2000-07-01

the authors analyze the relationship between ethnic polarization and the duration of civil wars several recent papers have argued that the uncertainty about the relative power of the contenders in a war will tend to increase its duration in these models uncertainty is directly related to the relative size of the contenders the authors argue that the duration of civil wars increases the more polarized a society is uncertainty is not necessarily linked to the structure of the population but it could be traced back to the measurement of the size of the different groups in the society given a specific level of measurement error or uncertainty more polarization implies lengthier wars the

empirical results show that ethnically polarized countries have to endure longer civil wars than ethnically less polarized societies

Civil War and Reconstruction in Alabama

2019-11-22

a highly original history tracing the least understood and most intractable form of organized human aggression from ancient rome through the centuries to the present day we think we know civil war when we see it yet ideas of what it is and what it isn't have a long and contested history from its fraught origins in republican rome to debates in early modern europe to our present day defining the term is acutely political for ideas about what makes a war civil often depend on whether one is a ruler or a rebel victor or vanquished sufferer or outsider calling a conflict a civil war can shape its outcome by determining whether outside powers choose to get involved or stand aside from the american revolution to the war in iraq pivotal decisions have depended on such shifts of perspective the age of civil war in the west may be over but elsewhere in the last two decades it has exploded from the balkans to rwanda burundi somalia and sri lanka and most recently syria and the language of civil war has burgeoned as democratic politics has become more violently fought this book's unique perspective on the roots and dynamics of civil war and on its shaping force in our conflict ridden world will be essential to the ongoing effort to grapple with this seemingly interminable problem

Extreme weather and civil war in Somalia: Does drought fuel conflict through livestock price shocks?

2014-09-23

civil war the opening stages of the american civil war caused considerable diplomatic uncertainty in the relationship between great britain and the united states the suspension of the federal custom house at charleston south carolina and the future status of the british consul in that city are typical of some of the relatively minor but nonetheless significant problems treated by the sessional papers of rather greater importance are papers devoted to the federal blockade of southern ports and to the activities of british nationals in both the union and the confederacy v 18 includes papers concerned with the closing stages of the civil war and the occasional papers relating to claims arising from the conflict during the period 1865 to 1870 or until just before the treaty of washington a lengthy paper is devoted to the confederate raid launched from canada into vermont and other papers deal with the assassination of lincoln and the end of the war itself naval affairs are a continuing topic the alabama story is temporarily closed with its sinking at the hands of the kearsage and a long paper gives the saga of the confederate raider shenandoah the final papers in the volume comprise a general picture of the claims between the two countries arising out of the civil war publisher's catalogue

An Introduction to Civil Wars

2021-08-24

in civil war the causal mechanism on recruitment of combatants is complicated because armed groups interact for context based strategic this book argues that a group will adopt varying mobilization strategies depending upon the difference in a group's influence between the stronghold and contested areas using as examples two cambodian civil wars
