Escape Velocity 2009-12-18

without a doubt the best guide i have read to the new computer culture witty and provocative sane and thoughtful j g ballard a lively compendium of dispatches from the far reaches of today s computer savvy avant garde escape velocity explores the dawn of the information age and the high tech subcultures that celebrated critiqued and gave birth to our wired world and a counterculture digital underground the new york times book review poised between technological rapture and social rupture escape velocity poses the fundamental question of our time is technology liberating or enslaving us in the twenty first century mark dery takes us on an electrifying tour of the high tech underground investigating the shadowy byways of cyberculture we meet would be cyborgs who believe the body is obsolete and dream of downloading their minds into computers cyberhippies who boost their brainpower with smart drugs and mind machines techno primitives who sport biomechanical tattoos of computer circuitry and cyberpunk roboticists whose dystopian contraptions duel to the death before howling crowds re prov ing dery an astute and trustworthy patrolman of the cultural and social borderland between science fiction and non fiction escape velocity stands alone as the first truly critical inquiry into cyberculture wired shifting the focus of our conversation about technology from the corridors of power to disparate voices on the cultural fringes dery wires it into the power politics and social issues of the moment it is essential reading for everyone interested in computer culture and the shape of things to come

Escape Velocity *2007-12-01*

in physics escape velocity is the minimum speed needed for an object to break free from the gravitational attraction of a massive body the escape velocity from earth is about 40 270 km h 25 020 mph all you need to get started now that you have this book is a pen some paper and a willingness to accept the fact that you are the only one who can defeat these invisible intangible forces holding you down only by taking appropriate actions and setting yourself upon the right trajectory can you achieve escape velocity and break away from the gravity like pull of these forces however they manifest in your life this book will empower you to make that break and once and for all once you do nothing will have the power to slow you down to affect your trajectory or to bring you crashing back down to earth

Escape Velocity *2015-11-02*

a twisty new near future genre bending thriller knives out in space with a parasite twist a decades old murder looms over the glamorous clientele of a high end space hotel while an unforeseen threat percolates in the service corridors the guests are about to experience the hospitality they deserve space habitat altaire is the premier luxury resort in low earth orbit playground of the privileged and the perfect location to host reunions for the rochford institute rochford boasts only the best the wealthiest most promising students with the most impressive pedigrees complete with space walks these lavish reunions are a prime opportunity for alumni to jockey for power with old friends and rivals and crucially to advance their applications to live in an exclusive mars settlement earth is dying and only the best deserve to save themselves aboard the altaire for their 25th reunion finance magnate ava pursues the truth about her brother s murder during their senior year which cast a dark shadow over their time at rochford laz ambassador and political scion hopes to finally win ava s heart sloane collecting secrets to conceal his family s decline angles for a key client and henry heir to a healthcare empire creates an unorthodox opportunity to get to mars in a last ditch effort to outrun a childhood secret while these erstwhile friends settle scores and rack up points they fail to notice that other agendas are afoot at the space habitat altaire and their own futures aren t the only ones at stake the best will soon regret underestimating those they would leave behind on earth

Quinn of Cygnus: Escape Velocity 2020

read this book to learn how to create a company as powerful as apple guy kawasaki former chief evangelist of apple inescape velocity geoffrey a moore author of the marketing masterwork crossing the chasm teaches twenty first century enterprises how to overcome the pull of the past and reorient their organizations to meet a new era of competition the world's leading high tech business strategist moore connects the dots between bold strategies and effective execution with an action plan that elucidates the link between senior executives and every other branch of a company for readers of larry bossidy's execution clay christensen's innovator's solution and gary vaynerchuck's crush it and for anyone aiming for the pinnacle of business success escape velocity is an irreplaceable roadmap to the top

Escape Velocity 2011-09-06

lou's dad has been addicted to painkillers since an accident left him unable to work he's a good loving dad but kind of useless lou's mother zoe a successful novelist abandoned lou at birth and showed no interest in her until three years ago when lou was twelve their relationship since then has been strained but when lou's dad has a stroke there is nowhere else for her to go while he recovers lou struggles to find her bearings and figure out why her mom left her all those years ago she is convinced the answers are in zoe's fiction but when lou's grandmother heather appears at a reading lou realizes she may have misjudged her mother

Escape Velocity 2011-04-01

after the millions spent on tools and software after hours of classes for certifications and the myriad of meetings and status reports why do projects keep failing failure has an inherent gravitational pull all things move towards that ultimate state with or

without your help in projects it is usually with your help the question you should ask yourself is how do i succeed in light of that gravitational pull the answer is simple but not easy we have become good at costing projects and identifying what needs to be done we have to become great at costing projects when what needs to be done does not get done or is undone this book shows you how and is based on our patented process method and apparatus for enterprise delivery and value assurance and decades of experience in the field at many of the fortune 500 governments and startups

Escape Velocity *2011-10-01*

in the movie version i start to merge with the car the shifter grows into my hand which quickly becomes metal wiry tentacles grow out of the back of the seat and attach themselves to my brain stem my eyes discover a terminator like heads up display and my foot grows into the accelerator pedal my heart beats in synch with the tach and all the gauges register across my face i m becoming one with the machine there s no telling where the firebird ends and i begin i am the car the car is me i am the road the journey is the destination there s nowhere to go and yet no turning back there is only the drive the car and the driver and all are one

picking up where paxcorpus left us escape velocity shoves you face first into the abyss grabs hold and never lets go follow dante meryl and a ragtag squad of survivalists who call themselves belligerent underpaid tactical team from the depths of the devastated state of new jersey to the bowels of post apocalyptic manhattan with less than a day s worth of supplies and their underground shelter lying in ruins thanks to the terrorist cell zerofactor there is only one course of action fight tooth and nail bullet by bullet to the enemy stronghold and rift of manhattan or die trying the insanity doesn t stop there cybernetically modified former harrisburg pennsylvanian cop dante marcellus has a new problem an implant inside of his head where a bullet had once been acts as a telepathic network between him and the thought to be dead nuhm de ara leaving a trail of bodies all the way to new york city survival is less than certain as their enemy clamps down with violent determination and when there isn t even a glimmer of hope left for who remains a man once known as jack marcellus returns with vengeance and anger fueled hatred for the only person who could possibly save him from himself this time there will only be one man left standing there are things

much worse than the bite of a deader and the undead plague

Escape Velocity *2016-03-08*

velocity is the most commonly used metric in agile software delivery it is also perhaps the least effective metrics in agile software delivery in escape velocity doc norton walks the reader through common issues with metrics and how to avoid them alternative metrics that not only help agile teams perform better but enable them to continuously improve and techniques for forecasting that vastly outperform the use of velocity in a quirky casual and information dense style doc norton makes the topic of tracking data entertaining and shows us how to be more effective in the pursuit of excellent software

Escape Velocity *2013-04-11*

linguist elios campbell is thrilled to be granted flight time in a colonial guard fighter jet until he catches sight of his pilot spending time with sender kinnison holds even more appeal than the flight itself sender s desire for other men is forbidden by his faith and his family he tries to resist his attraction to elios who is unlike anyone he s ever known when he fails the incredible sex quickly leads to something deeper forcing sender to question his long held beliefs then duty calls sender home to the repressed colony of themis will he be forced to give up a future with elios to honor the ghosts of his past first published as runaway star newly revised by the authors 61 000 words

Escape Velocity: Better Metrics for Agile Teams

2020-02-02

a remote colony a mysterious threat one man is all that stands between destruction and salvation in 2271 space is anything but empty exoplanet settlements drive a constant demand for new colonists and unending trade but the dangers of interstellar expansion are many with responsibility for everything from pirates to broken spacecraft lieutenant wyatt wills doesn t understand his latest orders perform a covert reconnaissance mission to juliet home to twenty million people and humanity s largest presence beyond earth all contact has been lost from the other side of the

quantum gate and what few rumors make it through smack of government conspiracies and an uncontrolled pandemic some even mention an alien invasion it will be up to wyatt and a hastily assembled team of replacements to go to juliet and uncover the truth once there they may not make it back alive

Escape Velocity *2012-01-02*

Escape Velocity *2017-06-27*

despite our best efforts to control our lives the people we happen to meet often direct our sails affecting how long we live whom we marry the children we have and the lives of others in escape velocity 50 true poems richard peres pulls us into the lives of his past friends and family with passion wit and irony he describes flashing moments whose impacts are lifelong and relentless encapsulating a lifetime in a few chosen words lacking creativity he did nothing not making the connection nor the intersection with her life we identify almost immediately with our own lives making us reflect on how we arrived to this point and how it all happened

Escape Velocity *2008*

this book is a story about growing up in ireland some of it is fiction

Escape Velocity 2005-06

the fast and the furious meets transformers in the second book of this high stakes series about twelve year old mace blazer who pilots state of the art vehicles that transform seamlessly to race on the road in the air and even underwater mace blazer is the world s hottest turbonaut compared to the other nauts he drives faster dares harder and pulls the craziest stunts since he won the gauntlet prix and revealed that he s only twelve the world has been screaming mace s name now nothing not even his friends and family can hold mace back from becoming the greatest racer of all time but when mace suffers a nearly fatal accident while behind the wheel he loses the nerve that made him the best he s done with driving fast he s done with turbo until he finds out that his two best friends have mysteriously disappeared as part of a sinister plot that could destroy not just turbo but the world mace has no choice but to buckle back in swallow his fears and race to save the day in the thrilling sequel to turbo racers trailblazer mace will have to decide if he s willing to risk everything to save the sport and the people that he loves every morph matters in this heart pounding exhilarating adventure series by acclaimed author austin aslan

Escape Velocity 2015-09-06

this book is enhanced with content such as audio or video resulting in a large file that may take longer to download than expected the enhanced edition includes five exclusive videos from the author as he presents his theory of the hierarchy of powers and uses it to challenge current approaches to portfolio management resource allocation for competitive advantage investments in innovation and driving change management across a global enterprise based on twenty years experience advising the top leaders of many of the world s most successful enterprises moore s escape velocity offers a pragmatic plan to engage the most critical challenge that established enterprises face in the twenty first century economy how to escape the gravitational pull of legacy businesses and build material positions in next generation categories in escape velocity moore presents a cogent strategy for generating future growth within an established enterprise organized around a hierarchy of powers category power company power offer power and execution power this insightful work can show how each level of power can be orchestrated to achieve overall success moore explains how to measure and manage the treacherous adolescent phase of next generation businesses

when they are not yet material to financial results yet must make sizable demands on resources needed to meet the current fiscal year s commitments how to reallocate resources across an enterprise in deliberately asymmetrical ways to create a powerful and sustainable foundation for a long term competitive advantage how to leverage target market initiatives as accelerants to growth and as stepping stones to broad overall category success how to create unmatched offerings by being swift to neutralize competitors innovations and laser focused on driving in house innovations to make a business impervious to competitors how to fundamentally change the execution cadence of an organization pushing change from innovation to broad deployment creating an irreversible tipping point along the way at a time when the world is looking to established enterprises not just for investment stability but as job generation engines as well moore s analysis is penetrating and his prescriptions are right on the mark escape velocity gives executives and their teams a practical way forward to take advantage of the opportunities amid industry and economic disruptions

Escape Velocity *2020-02-25*

about the book escape velocity among other company benefits using the concepts found inside these pages will produce lower customer acquisition costs higher employee productivity higher customer retention higher sales volume per customer lower administrative costs and headaches more fun excitement and enjoyment inspired by real life business cases escape velocity focuses on one concept that will transform a good company into a great one written in allegory format the reader is taken into the conversations fears and feelings of the characters to learn about how this one concept impacts every business it provides insight into the constraints many businesses unknowingly have placed upon themselves and keeps them from the next level many people talk about taking the company to the next level but most do not know how to describe or define what that means much less know how to get there

this book contains a map of levels so the leader can clearly navigate towards the next level many other real life business tools are found inside this book is intended for leadership in privately held small to medium sized businesses escape velocity will challenge much of the established management education that is taught in business schools however this book is applies evidence based practices and uses a wealth of solid research with a complete bibliography at the end keynote how often do we as leaders really consider how our actions decisions and behaviors affect those we lead we are one of the most productive countries in the world yet our workforce is only engaged less than 15 of the time this book has the keys to unlock engagement and pull productivity significantly beyond 15 in the process the business grows without extra resources being spent
