## **Process Visionary 2011-08**

body knowledge a path to wholeness provides a critical exposition of the philosophy of michael polanyi a twentieth century hungarian scientist and philosopher professor long focuses on polanyi

s controversial multi disciplinary work that charts a new vision of knowledge the knower  
knowledge seekers and the philosophical foundations of science long integrates polanyi s work  
into contemporary philosophical and scientific discussions about consciousness knowledge and  
the role of the knower as person polanyi s pioneering work restores the wholeness of body mind  
and spirit

**BABOK 2015-01-05**

this book analyses and compares concretely the processes of knowledge production  
dissemination and use in the engineering the information and communication technology the  
health and the education sectors

**Knowledge Sharing in Chinese Hospitals 2022-02-01**

Knowledge sharing in Chinese hospitals is a critical factor for the development of the healthcare system. This book provides a comprehensive overview of the current status of knowledge sharing in Chinese hospitals, including the challenges and opportunities. The book is divided into five parts, with a total of 10 chapters. The first part discusses the importance of knowledge sharing in the healthcare system, while the second part focuses on the current status of knowledge sharing in Chinese hospitals. The third part explores the challenges and opportunities of knowledge sharing in Chinese hospitals, and the fourth part discusses the strategies for promoting knowledge sharing in Chinese hospitals. The fifth part provides a conclusion and future research directions.

***Scientific Knowledge as a Culture* 1891**

Scientific knowledge as a culture is a concept that has been discussed by many scholars. It refers to the idea that scientific knowledge is not just a collection of facts and theories, but a way of thinking and a culture. This book explores the relationship between scientific knowledge and culture, and how they have influenced each other over time.

**The Chief Works of Benedict de Spinoza: De intellectus**

**emendatione. Ethica. Correspondence. (abridged) 2011-02-28**

The Chief Works of Benedict de Spinoza: De intellectus emendatione. Ethica. Correspondence. (abridged) is a collection of Spinoza's most important works, including his treatise on the intellect, his ethical treatise, and his correspondence. This abridged version provides a concise and accessible introduction to Spinoza's philosophy and thought.
