through the use of stories of the nation and its people and with emphasis on the fact that american history has never been the preserve of any particular region this book weaves together the complex interaction of social political and historical forces that have shaped the united states and from which the american people have evolved it integrates traditional turning points and watershed events with the stories of the country s many diverse communities this volume covers reconstruction 1863 1877 conquest and survival in the trans mississippi west 1860 1900 the incorporation of america 1865 1900 commonwealth and empire 1870 1900 urban america and the progressive era 1900 1917 world war i 1914 1920 the twenties 1920 1929 the great depression and the new deal 1929 1940 world war ii 1941 1945 the cold war 1945 1952 america at mid century 1952 1963 the civil rights movement 1945 1966 war at home war abroad 1965 1974 the overextended society 1974 1980 the conservative ascendancy since 1980 for americans with a passion for history and their country

Out of Many 2000-06

excerpt from a history of the early part of the reign of james the second with an introductory chapter the manner in which the most popular historians and other writers of eminence had treated the subject was likely to stimulate him more strongly to such an undertaking it could not escape the observation of mr fox that some from the bias of their individual opinions had given a false colour to the whole transaction that others had wilfully distorted the facts to serve some temporary purpose and that bolingbroke in particular had confounded the distinct and even opposite views of the two leading parties who though they concurred in the measure retained even in their union all their respective tenets and fundamental distinctions about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

A History of the Early Part of the Reign of James the Second 2017-11-19

originally published in 1933 and written by america s historian james truslow adams this volume tells the story of the rise of the american nation encompassing economics religion social change and politics from settlement to the civil war due emphasis is given to the inter connectedness of america with europe both in terms of cultural heritage and political and military entanglements extensive in size and scope and richly illustrated with half tones and maps these volumes balance a historical narrative with philosophical interpretation whilst touching on as many aspects of american life and history as possible

A History of the American People 2020-09-02

excerpt from a history of the american people among the great events that marked the world s revival from the sleep of the dark ages none was more remarkable than the revelation of the american continent from the moment when the ship of columbus was sighted off the coast of spain bearing the proofs of his discovery the mere mention of the marvellous land brought up visions of wealth of adventure of freedom no tale

was too romantic for belief if its scenes were laid in the new world and the popular enthusiasm of the crusades was repeated in the stir and excitement that ensued when the early adventurers prepared to set out on their quests for the terrestrial paradise the fountain of youth and the treasures of gold which were supposed to be in the possession of the savages the story of the discovery and exploration of america presents to us one after another the deluded searchers after gold the martyrs who paid for their knowledge of a new continent with their lives and the devotees of religion who earnestly endeavored to carry the christian faith to a people whose blank heathenism they honestly commiserated the records of the early settlers have furnished an unfailing source of romantic themes for the poet and the novelist and now as we close the fourth century in america s history as a factor in modern civilization all past predictions of wealth and greatness sink into insignificance in the presence of accomplished facts and the future of our country looms up before the world in grander proportions and with more commanding promise than ever before about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
