CSS: The Missing Manual

2006-08-24

site design has grown up unlike the old days when designers cobbled together chunky html bandwidth hogging graphics and a prayer to make their sites look good cascading style sheets css now lets your inner designer come out and play but css isn't just a tool to pretty up your site it's a reliable method for handling all kinds of presentation from fonts and colors to page layout css the missing manual clearly explains this powerful design language and how you can use it to build sparklingly new sites or refurbish old sites that are ready for an
