beckh ventures into provinces that i have not had the opportunity of investigating myself rudolf steiner lost for decades the manuscript of hermann bekh s final lectures on the subject of music present fundamentally new insights into its cosmic origins bekh characterises the qualities of musical development examines select musical works that represent for him the peak of human ingenuity and throws new light on the nature and source of human creativity and inspiration published here for the first time the lectures demonstrate a distinctive approach founded on the raw material of musical perception bekh discusses the whistling wind the billowing wave the song of the birds and particularly the theme of longing never losing the ground from under his feet he penetrates perennial themes from the yearning for real spontaneity and the mystery background uniting heaven and earth to spiritual knowledge that can meet the demands of the twenty first century out of the cosmic context bekh writes to the individual situation from there he seeks again the re won cosmic context he does not write as a musical specialist and then turn to universal human concerns rather bekh writes from universal human concerns and reveals music as of special concern to everyone in addition to the transcripts of fifteen lectures this book contains a valuable introduction and editorial footnotes it also features appendices including bekh s essay the mystery of the night in wagner and novalis reminiscences of bekh by august pauli and harro rückner donald francis tovey s wagnerian harmony and the evolution of the tristan chord and several contemporaneous reviews of bekh s published works

Transiting the Sun

1889

reading shakespeare s poetry a lively exploration of shakespeare s poems and how they speak to readers reading shakespeare s poetry presents a fresh interpretation of shakespeare s non dramatic poems providing insights into the individual poems their themes and composition and their relation to the cultural context of shakespeare s world dympna callaghan considers what makes shakespeare s language poetic and shows how his poetry is comprised not only of lyrical intensity but also of the language of everyday life presented chronologically lucidly written chapters examine venus and adonis lucrece the phoenix and the

turtle the sonnets and a lover s complaint special attention is paid to the distinctive ways in which lineation rhyme verse forms and meter serve to delineate or erase the boundaries of shakespeare s poetry throughout the book the author explains how shakespeare s language is influenced by predecessors such as ovid and petrarch while highlighting how ideas about the social and cultural function of poetry permeate shakespeare s works offers an eminently readable yet scholarly exploration of the literary importance of shakespeare s poems explains the technical features of shakespeare s poetic language addresses the significance of the material form in which shakespeare s poems appear includes a discussion of songs poems and sonnets embedded in shakespeare s dramatic verse reading shakespeare s poetry is both a fresh and indispensable guide to the poems and a significant critical intervention this is a must have book for scholars students and general readers alike

Biology Pamphlets

1897

the collected writings of franz liszt dramaturgical leaves richard wagner completes the second half of liszt s writings about stage works its composers and music drama in this volume liszt focuses on the works of his most controversial devotee and son in law richard wagner whose music dramas liszt championed as conductor during his tenure in weimar

here we see liszt prove his skill and expertise as a music critic as well he offers a critical analysis of the aesthetic and musical principles that underlie wagner s operas tannhäuser lohengrin and the flying dutchman including a thorough discussion of wagner s leitmotif system of composition additionally his findings are substantiated with a plethora of music examples which will satisfy those who wanted greater musical substance from his writings he also foretells the magnitude of wagner s influence on prosperity in his pamphlet length essay the rhine s gold finally the editor and translator of this volume janita hall swadley provides a unique perspective on these same principles which is based on wagner s own mysterious diagram of the philosopher s stone which was supposed to be included in the original 1863 edition of the composer s important writing opera and drama but never made it to publication

Introducing Erlang

1792

this is the extraordinary story of knight and lomas s fourteen year quest to uncover the secret teachings buried beneath roslin chapel near edinburgh their quest ends with extraordinary revelations about early human history the origins of christianity of freemasonry and of science they show that all were charged with a belief in a secret cosmic code linking for example the exodus from egypt the founding of solomon s

temple and the star of bethlehem this book reveals for the first time why there were such high expectations of a messiah at the time of the birth of jesus christ the book of hiram will change everything you thought you knew about both the bible and freemasonry

The works of Horace

2021-09-27

this book lays bare the dialogue between shakespeare and critics of the stage and positions it as part of an ongoing cultural ethical and psychological debate about the effects of performance on actors and on spectators in so doing the book makes a substantial contribution both to the study of representations of theatre in shakespeare s plays and to the understanding of ethical concerns about acting and spectating then and now the book opens with a comprehensive and coherent analysis of the main early modern english anxieties about theater and its power these are read against twentieth and twenty first century theories of acting interviews with actors and research into the effects of media representation on spectator behaviour all of which demonstrate the lingering relevance of antitheatrical claims and the personal and philosophical implications of acting and spectating the main part of the book reveals shakespeare s responses to major antitheatrical claims about the powerful effects of poetry music playacting and playgoing it also demonstrates the evolution of shakespeare s view of these claims over the course of his career from light hearted parody in a midsummer night s dream through systematic contemplation in hamlet to acceptance and dramatization in the tempest this study will be of great interest to scholars and students of theater english literature history and culture
