course description taking back astronomy take a breathtaking look at the universe in this comprehensive guide to the heavens sit back and explore the world at your fingertips this book explains the scale and size of the universe that is hard for our minds to imagine yet can only indicate the master s hand at work marvel at over 50 full color rarely seen photos of stars nebulas and galaxies study the facts that challenge secular theories and models of the universe how it began and how it continues to amaze the scientific community explore numerous evidences that point to a young universe magnetic poles of planets the spiral shape of galaxies comets and how long scientists think they can last and much more step out among the stars and experience the truly awesome power of god through this glimpse of his vast creation our created moon for eons the moon has intrigued humanity from its creation through the current issues of space exploration the moon has been both a light in the night and a protective shield of earth placed perfectly by god regulating our seasons and keeping our atmosphere purified billions of dollars have been spent to reach its surface and discover its secrets open these pages and discover those secrets for yourself the stargazer s guide to the night sky explore the night sky identify stars constellations and even planets stargaze with a telescope binoculars or even your naked eye allow dr jason lisle a research scientist with a masters and phd in astrophysics to guide you in examining the beauty of god s creation with 150 full color star charts learn the best ways and optimal times to observe planets and stars with easy to use illustrations create or expand the hobby of stargazing an outdoor educational hobby to enjoy with friends or family our created moon dvd in this illustrated presentation dr don deyoung looks at four of the most popular ideas evolutionists have to offer regarding the moon s origin and logically concludes that this lesser light could only have been placed in its orbit by an all knowing all powerful creator created cosmos dvd our universe is truly an amazing thing the vastness of space boggles the mind and the beauty of diversity we find there points to a creator the psalmist wrote when i consider your heavens the work of your fingers the moon and the stars which you have ordained what is man that you are mindful of him and the son of man that you visit him take a tour through the universe during this awe inspiring presentation arise basic health 101 health and hygiene ends your students confusion about health literacy health and hygiene topics include personal hygiene skin care common illnesses general health std symptoms prevention and treatment and more arise basic health 101 nutrition and exercise motivates your students to develop healthy nutritional habits no bribes or deals involved your nutrition and exercise students will really eat it up because they learn by working in groups not by themselves watch the energy build as they realize how exercise and proper nourishment supercharge their minds memories and social lives the vital resource for grading all assignments from the cultural issues creation evolution and the bible course which includes learning answers information and strategies when facing destructive influences found in the workplace or school environments studying fossils the age of the earth the beginning of life and more in these two volumes focused on points of contention related to the bible faith and science overview this curriculum has been put together to provide the answers to many common objections to biblical worldviews and scriptural authority of the bible practical tests are included to strengthen the student s grasp of key concepts and terms while providing critical thinking opportunities to put their knowledge to work students will learn to apply the biblical worldview to subjects such as evolution carbon dating noah s ark and the flood and dozens more they will discover answers to help know the depths of god s wisdom found in his word and in his world and why this matters to your life your family and your faith features
