the reader is about to embark on a journey of discovery and perhaps even reckoning religion and science have been understood as inherently at odds and inimical toward each other however both employ metaphor religion when it calls the spirit descending upon jesus a dove science when it describes electrons as a current flowing through a wire for only fluids flow and electrons are not a fluid both use myths some religions in the sense that there was a golden age of humans in a garden science when it promises unlimited progress both enlist hypothetical entities some religions when a storm heralds that the gods are angry science with the existence of a vacuum and a frictionless surface and each bears its fundamentalist contingent just observe a debate between creationists and evolutionists and the zeal and fervor with which the bible and darwin must be defended at any cost no matter what given all this it becomes readily apparent that religion and science display more in common than was once expected and that is precisely what is in peril in the following pages our expectations may the intrepid traveler benefit from the voyage

DIETSYS Version 3.0 User's Guide

2013-07

a user s guide to capitalism and schizophrenia is a playful and emphatically practical elaboration of the major collaborative work of the french philosophers gilles deleuze and felix guattari when read along with its rigorous textual notes the book also becomes the richest scholarly treatment of deleuze s entire philosophical oeuvre available in any language finally the dozens of explicit examples that brian massumi furnishes from contemporary artistic scientific and popular urban culture make the book an important perhaps even central text within current debates on postmodern culture and politics capitalism and schizophrenia is the general title for two books published a decade apart the first anti oedipus was a reaction to the events of may june 1968 it is a critique of state happy marxism and school building strains of psychoanalysis the second a thousand plateaus is an attempt at a positive statement of the sort of nomad philosophy deleuze and guattari propose as an alternative to state philosophy
