the whole range of student abilities and requirements for 15 18 year olds it suggests 200 plays suitable for students of all abilities and requirements providing sound advice on selection and realisation and opening up plays and playwrights you may have never known existed structured in 2 parts part 1 consists of 8 easy to read chapters explaining how to get the most out of the resource part 2 is a vast resource listing 200 plays suitable for study performance at gcse and a level the details of each play are set out in an easy to navigate chart that offers introductory information on play playwright casting numbers gender splits ability genre description brief summary exam level workshop ideas warnings advice where necessary suggested scenes for study performance notes including lighting sound costume and space budget literacy is defined as the ability to read decipher and understand public budgets to enable and enhance meaningful citizen participation in the budget process it is comprised of two main parts i a technical understanding of public budgets including familiarity with government spending tax rates and public debt and ii the ability to engage in the budget process comprising of practical knowledge on day to day issues as well as an elementary understanding of the economic social and political implications of budget policies the stakeholders involved and when and how to provide inputs during the annual budget cycle given that no international standards or guidelines have been established for budget literacy education to date this book seeks to address this gap by taking stock of illustrative initiatives promoting budget literacy for youth in selected countries the underlying presumption is that when supply side actors in the budget process governments simplify and disseminate budget information for demand side actors citizens this information will then be used by citizens to provide feedback on the budget however since citizens are often insufficiently informed about public budgets to constructively participate in budget processes one way to empower them and to remedy the problem of budget illiteracy is to provide budget literacy education in schools to youth helping them evolve into civic minded adults with the essential knowledge needed for analyzing their government s fiscal policy objectives and measures and the confidence and sense of social responsibility to participate in the oversight of public resources this book elaborates on approaches learning outcomes pedagogical strategies and assessment approaches for budget literacy education and presents lessons that are relevant for the development improvement or scaling up of budget literacy initiatives knowledge has been a defining focus for the curriculum studies field in the early part of the 21st century convincing arguments were mounted that knowledge needed to be brought back in both to the curriculum of schools and to the attention of curriculum researchers this book is a result of these arguments and what some regarded as a crisis in curriculum study related

to the growing emphasis on international comparisons between education systems the book's most important contribution is to build on seminal work in the sociology and philosophy of education in order to develop new foundations for curriculum study using the importance of transactions as the context for understanding knowledge in the curriculum the contributors build on this importance to suggest a rapprochement in the field around the idea of curriculum knowledge as both constructed and real this book was originally published as a special issue of the curriculum journal written by an experienced pe teacher and author this new resource is designed to be highly visual accessible and practical presented in a knowledge organiser format to a give clear and concise overview of the key content provides a student friendly checklist of the specification content being covered in each chapter tips and ideas to remember key information application of knowledge activities and extend your knowledge tasks help prepare for assessment includes a chapter devoted to exam preparation with support for 6 mark extended answer synoptic questions and data analysis advice provides a dedicated section on how to approach the new specification including aep advice includes the most recent 2019 data on participation events and the world of sport plus insight from teachers and examiners reports from the first two years of this new specification available open access under cc by nc nd licence gendering women is an engaging and accessible account of how constructions of femininity fundamentally affect women's mental wellbeing through the life course led by women's life history accounts of growing up and growing older in the north of england this book shows how experiences of becoming and being a woman in family life education employment motherhood and situations of violence both enable and erode self confidence and esteem the challenges to women's mental wellbeing cut across age and class differences and have profound impacts on the material conditions of women's lives throughout the life course this is in turn a driver of inequality that is often under recognised in mainstream policy based on feminist and ethnographically informed research with over five hundred women gendering women provides a critical link between gender theory and the lived realities of women's daily lives and will appeal to students and academics in sociology and social sciences business ethics will equip students with the strategies necessary to analyse and improve the broad scope of business ethics today this timely book examines what a meaningful school accountability system could look like in england the book starts with a deep dive into our current inspection model discussing some of the current pressures within the system and comparing our inspection approach to that of other countries and sectors it moves on to show how ofsted and school inspections are perceived and portrayed using first hand accounts academic papers

government publications and media reports and pulls together some of the current thinking on how the model could be improved the author ends with her own proposals for a more meaningful and humane school accountability system she suggests we rethink what we do and how we do it with a call for wide ranging consultation leading to evidence informed reform of the school inspection process this book is an indispensable guide for anyone training to become a secondary english teacher it provides an overview of the main topics taught in schools informed by good teaching practice drawn from the classroom and supported by research and theory and engages with the requirements of the 2014 national curriculum for england each chapter is based around a lesson feedback case study informed by real classroom observations combined with research findings to explore and analyse what underpins high quality english teaching coverage includes encouraging a love of reading in your classroom how to teach effective writing for pleasure and for information developing students grammar vocabulary and spoken english inspiring teaching using drama poetry and shakespeare intelligent use of media and new literacies in teaching this is essential reading on all secondary english initial teacher education courses including school based scitt school direct teach first university based pgce and employment based routes into teaching

## ***International Practices to Promote Budget Literacy 2014-10-29***

budget literacy is defined as the ability to read decipher and understand public budgets to enable and enhance meaningful citizen participation in the budget process it is comprised of two main parts i a technical understanding of public budgets including familiarity with government spending tax rates and public debt and ii the ability to engage in the budget process comprising of practical knowledge on day to day issues as well as an elementary understanding of the economic social and political implications of budget policies the stakeholders involved and when and how to provide inputs during the annual budget cycle given that no international standards or guidelines have been established for budget literacy education to date this book seeks to address this gap by taking stock of illustrative initiatives promoting budget literacy for youth in selected countries the underlying presumption is that when supply side actors in the budget process governments simplify and disseminate budget information for demand side actors citizens this information will then be used by citizens to provide feedback on the

budget however since citizens are often insufficiently informed about public budgets to constructively participate in budget processes one way to empower them and to remedy the problem of budget illiteracy is to provide budget literacy education in schools to youth helping them evolve into civic minded adults with the essential knowledge needed for analyzing their government s fiscal policy objectives and measures and the confidence and sense of social responsibility to participate in the oversight of public resources this book elaborates on approaches learning outcomes pedagogical strategies and assessment approaches for budget literacy education and presents lessons that are relevant for the development improvement or scaling up of budget literacy initiatives

### ***Creating Curricula: Aims, Knowledge and Control 2016-09-09***

knowledge has been a defining focus for the curriculum studies field in the early part of the 21st century convincing arguments were mounted that knowledge needed to be brought back in both to the curriculum of schools and to the attention of curriculum researchers this book is a result of these arguments and what some regarded as a crisis in curriculum study related to the growing emphasis on international comparisons between education systems the book s most important contribution is to build on seminal work in the sociology and philosophy of education in order to develop new foundations for curriculum study using the importance of transactions as the context for understanding knowledge in the curriculum the contributors build on this importance to suggest a rapprochement in the field around the idea of curriculum knowledge as both constructed and real this book was originally published as a special issue of the curriculum journal
