

Free pdf Economics of the public sector joseph e stiglitz (PDF)

what should be the role of government in society how should it design its programmes how should tax systems be designed to promote both efficiency and fairness nobel laureate joseph stiglitz and new co author jay rosengard bring an unparalleled level of expertise to address these key issues of public sector economics no other text is as modern as accessible or incorporates as much first hand policy advising experience by its authors as stiglitz rosengard a longtime favorite among teachers and students economics of the public sector returns to the classroom in a fresh edition that has been fully revised to reflect the latest developments in public policy and economic research professor stiglitz builds on the book's classic strengths an integrated approach to public economics a readable and inviting style and careful attention to real world problems and applications thoroughly revised and updated to reflect the public finance landscape of today economics of the public sector fourth edition focuses on the heavily changed post global recession world this new modern approach includes a discussion on global public goods in chapter 5 which addresses the difficulty of coping with public health and security threats when they transcend government coping mechanisms while chapter 8 examines corporatization and the transition from government enterprise to private enterprise an easily accessible book that teaches conceptual mastery instead of technical detail stiglitz and rosengard write with the student in mind not only do they use accessible language but also the graphs throughout the text are simple and easy to understand case studies and references to real world programs and policies such as welfare programs and the redistribution of income in chapter 15 are found in the body of the text ensuring that students are introduced to policy applications while they read the text's international coverage reflects a global economy the authors introduce students to a global perspective by sharing their first hand experiences working with foreign governments a host of promising public sector reform efforts are underway throughout the world in governments challenged by budget deficits and declining public trust these reform efforts seek to improve policy decisions and public management along the way program efficiency and effectiveness help rebuild public confidence in government whether through regular measurement of program inputs activities and outcomes or through episodic one shot studies performance monitoring plays a central role in the most important current reform efforts monitoring performance in the public sector now available in paperback is based on experiences derived from comparative analysis in different countries it explains why there is interest in performance monitoring in a given setting why it has failed or created uncertainties and identifies criteria for improving its design and use one of the challenges this book offers is the need to consider dimensions of performance beyond the traditional ones of economy efficiency and effectiveness with an increasingly diverse interdependent and uncertain public sector environment for some stakeholders meeting objectives fixed some time ago may not be as important as the capacity to adapt to current and future change in this vein the contributors address a number of themes the critical importance of organizational support for performance monitoring and making it consistent with the organizational culture the need for active and effective leadership in defining criteria and implementing practical performance monitoring the value of linking ongoing measurement with more than the traditional strictly quantitative aspects of public sector performance as we gain experience with performance monitoring and its uses such systems should become more cost effective over time this book will be of deep interest to public managers government officials economists and organization theorists and useful in courses on public administration john mayne is currently audit principal in the office of the auditor general of canada eduardo zapico goi is deputy director of policy analysis at the directorate of the budget ministry of finance spain and associate professor of public management and budgeting in the department of politics and public administration universidad autonoma de madrid joseph s wholly is professor of public administration in the school of policy planning and development university of southern california this book provides a detailed examination of public service reforms in malta focusing on both the trajectory and substance of the reforms the volume provides a holistic treatment of the public sector in the european union's smallest member state the book is divided into four parts part i covers the historical background of public service administration and management in malta from the 1500s to the 2010s part ii focuses on recent reforms begun in 2013 after the election of prime minister joseph muscat each chapter in this part addresses a particular reform theme transparency and accountability civil service systems and hr management service delivery and digitalisation organisation and management of government reforms policy making coordination and implementation part iii investigates the internal and external impact of the reforms reporting and analyzing the results of a survey carried out among government employees and the maltese population the book concludes with a chapter on global reform trends that are likely to impact public service delivery in the future providing an in depth view of public service in a small island state this volume will be useful to researchers and students interested in public sector management administration and public policy as well as practitioners consultants and government employees reforming the african public sector retrospect and prospects is an in depth and wide ranging review of the available literature on african public sector reforms it illustrates several differing country experiences to buttress the main observations and conclusions it adopts a structural institutional approach which underpins most of the reform efforts on the continent to contextualize reform of the public sector and understand its processes dynamics and intricacies the book examines the state and state capacity building in africa especially when there can be no state without an efficient public sector in addition the book addresses a number of theories such as the new institutional economics public choice and new public management which have in one way or another influenced most of the initiatives implemented under public sector reform in africa there is also a survey of the three phases of public sector reform which have emerged and the balance sheet of reform strategies namely decentralization privatization deregulation agencification co production and public private partnerships it concludes by identifying possible alternative approaches such as developing a vigorous public sector ethos and sustained capacity building to promote and enhance the renewal and reconstruction of the african public sector within the context of the

new partnerships for africa s development nepad good governance and the millennium development goals mdgs packed with real world examples drawn from all levels of government the handbook of training and development for the public sector provides a complete and up to date guide to human resource development for both new and veteran public hrd managers and trainers it furnishes public sector managers with a comprehensive survey and in depth analysis of new methods of hrd instructional technology and is filled with numerous tips on conducting and evaluating programs from the dawn of the twentieth century to the early 1960s public sector unions generally had no legal right to strike bargain or arbitrate and government workers could be fired simply for joining a union public workers is the first book to analyze why public sector labor law evolved as it did separate from and much more restrictive than private sector labor law and what effect this law had on public sector unions organized labor as a whole and by extension all of american politics joseph e slater shows how public sector unions survived represented their members and set the stage for the most remarkable growth of worker organization in american history slater examines the battles of public sector unions in the workplace courts and political arena from the infamous boston police strike of 1919 to teachers in seattle fighting a yellow dog rule to the bseiu in the 1930s representing public sector janitors to the fate of the powerful transit workers union after new york city purchased the subways to the long struggle by afsme that produced the nation s first public sector labor law in wisconsin in 1959 slater introduces readers to a determined and often ignored segment of the union movement and expands our knowledge of working men and women the institutions they formed and the organizational obstacles they faced essay from the year 2018 in the subject business economics controlling grade 3 81 language english abstract this study examines the effect of internal controls on financial accountability in the public sector the study adopts a survey design method with a population of sixty respondents consisting of staff of the accountant general office in benue state nigeria using questionnaire in generating primary data from respondents the statistical tool used for testing the hypotheses is the chi square statistics the findings revealed that internal controls instituted in public sector are in compliance with coso integrated framework which is used in detecting errors and fraud the study also revealed that internal controls have significant role in the management of financial resources allocated to public sector and that management staff in public sector interfere with the effective administration of internal control procedures in line with these findings we recommend that the internal control in nigerian public sector be constantly reviewed by management so as to be in line with national and international best practices in order to reduce irregularities inaccuracies fraud and errors all employees and those in charge of managing financial resources should constantly be schooled workshops seminars as well as in service trainings so as to enable them to be conversant with matters relating to internal controls management staff interfering with the internal control should be sanctioned accordingly to serve as a deterrent to others to desist from such acts and finally auditors should be encouraged to expose wrong doings and apply the rules as and at when the situation demands this book provides a comparative analysis of performance budgeting and financing implementation and examines failures and successes across both developed and developing countries beginning with a review of theoretical research on performance budgeting and financing the book synthesises the numerous studies on the subject the book describes the situation in the us australia new zealand germany austria and switzerland netherlands and italy as well as in seven developing countries bulgaria czech republic slovakia slovenia ukraine russia and south africa at the national and at the local level each chapter provides historical and descriptive details of successful or failed experiments in performance budgeting and performance financing bringing together over fifty leading global experts this research handbook provides a state of the art overview of research findings regarding human resource management hrm in the public sector original chapters provide useful insights from two different disciplines public administration and hrm they illustrate that the public context of organisations matters and discuss research findings detailing how this plays out in practice in this new exciting exposition brian dollery and joe wallis here joined by linda mcloughlin continue their unique explorations advancing the frontiers of public administration and political economy with a fresh challenging and thought provoking analysis of the effects and implications of more than two decades of public sector reform zane spindler simon fraser university canada few developments have had broader consequences for the public sector than the introduction of the internet and digital technology in this book darrell west discusses how new technology is altering governmental performance the political process and democracy itself by improving government responsiveness and increasing information available to citizens using multiple methods case studies content analysis of over 17 000 government sites public and bureaucrat opinion survey data an e mail responsiveness test budget data and aggregate analysis the author presents the most comprehensive study of electronic government ever undertaken among other topics he looks at how much change has taken place in the public sector what determines the speed and breadth of e government adoption and what the consequences of digital technology are for the public sector written in a clear and analytical manner this book outlines the variety of factors that have restricted the ability of policy makers to make effective use of new technology although digital government offers the potential for revolutionary change social political and economic forces constrain the scope of transformation and prevent government officials from realizing the full benefits of interactive technology funded by taxation public spending cannot be separated from politics and ensuring efficiency and effectiveness is always high on the political and policy agenda accounting accountability governance and auditing are essential ingredients in evaluating public sector performance australia and new zealand are world leaders when it comes to public sector accounting such as being the first to introduce transaction neutral accounting standards this edited collection considers current issues impacting the public sector by primarily drawing upon experiences of australia and new zealand then by combining history from the time of the domesday book early sovereignty and shakespeare with current practice differential reporting international financial reporting standards government performance voter turnout joined up government and auditing practices we use these experiences to illuminate the global issues of public sector accounting accountability and governance based on rigorous research by top public sector researchers this edited collection offers a multitude of future research ideas to enable those interested in following this pathway whether they are in australia new zealand the united kingdom europe the united states of america africa or anywhere else in the world an avenue to traverse the best of peter f drucker on non profits and the public

sector peter f drucker s classic and timeless insights on improving effectiveness in the public sector including government agencies hospitals universities and other nonprofits are as relevant now as when they were written in these prescient essays drucker explores the merits of proper governance for nonprofits and the public sector by offering advice and guidance on effective business management strategies to help leaders of these organizations better understand and manage the complex challenges they face in our volatile world public sector leaders will learn how to apply many of drucker s trusted management practices to nonprofits in this practical guide drucker offers insights on a range of perennial issues the global economy board governance environmental challenges succession planning and other essential management topics packed with evergreen advice from the world s most trusted management thinker peter f drucker on nonprofits and the public sector is regarded as essential reading for all leaders in this sector of the economy monograph comprising a collection of essays on public sector collective bargaining in usa and canada discusses trade unionism role of public management impact on wages dynamics of dispute settlement and strikes courts response to grievance and interest arbitration and comments on labour relations labour legislation references and statistical tables the core problem tackled in this book is the measurement of public sector efficiency with data envelopment analysis dea the book is intended to inject new ideas into the diverse academic literature which up till now has lacked a critical book length exploration of dea the text is readable and intuitive making it suitable for a broad audience including policy makers and civil servants working on the control of public expenditure privatisation etc graduates and advanced undergraduates should also find this book a valuable introduction to the nature and implementation of dea these will include students on economics management science and accounting degrees the book provides a realistic approach to dea acknowledging its problems such as the fundamental output measurement and variable selection problems which are rarely recognised in applied studies this book is one of two volumes that examines the successes and failures of the ghanaian fourth republic from a political public administration and public policy viewpoint published to coincide with the thirtieth anniversary of the founding of the fourth republic these volumes bring together leading scholars to consider the political achievements and failures that have taken place in the country since 1993 and what these tell us about the state of politics and democracy in twenty first century ghana and beyond this volume focuses on public sector management and economic governance it assesses themes such as policy elites policing bureaucrats and public servants the economy decentralization rural development and foreign policy the volume also places ghana in a global context demonstrating how lessons learnt from the country can be applied elsewhere and what is unique about the ghanaian experience it will appeal to all those interested in public management public administration governance economics and african politics black money and financial crime are emerging global phenomena during the last few decades corrupt financial practices were increasingly being monitored in many countries around the globe among a large number of problems is a lack of general awareness about all these issues among various stakeholders including researchers and practitioners the handbook of research on theory and practice of financial crimes is a critical scholarly research publication that provides comprehensive research on all aspects of black money and financial crime in individual organizational and societal experiences the book further examines the implications of white collar crime and practices to enhance forensic audits on financial fraud and the effects on tax enforcement featuring a wide range of topics such as ethical leadership cybercrime and blockchain this book is ideal for policymakers academicians business professionals managers it specialists researchers and students this book explores the various economic and institutional factors that explain why huge investments are made in unworthy transportation mega projects in the us and other countries it is based on research the general literature economic analyses and results from a specifically collected database showing that a significant proportion of implemented mega projects have been found to be inferior ex ante or incapable of delivering the returns they promised ex post transportation infrastructure and other public investments of a similar scope mega projects reflect public sector priorities and objectives non pecuniary as well as financial constraints and a range of decision making processes this book describes how decisions made in the public sector with respect to transportation infrastructure investments are affected by the large populations and territories they serve the estimation of the substantial opportunity costs they entail the formal procedures instituted for quantitatively appraising projected outcomes and monetary returns and the political environment in which these decisions are made compilation of articles on the range of subjects acceptable for public sector collective bargaining at local level in six usa states and at national level in the federal administration considers wage determination hours of work right to strike etc and comments on relevant labour legislation references published for the world bank includes bibliographies and index from the wharton school offering a comprehensive assessment of the political and financial dimensions of public sector pensions from the colonial period until the emergence of modern retirement plans in the twentieth century public sector entrepreneurship traces the historical development of the concepts of private and public sector entrepreneurship and their connection to the separate notions of risk and uncertainty based on a formal conceptualization of these notions the book illustrates public entrepreneurship in practice using examples from u s technology and innovation policy from dust jacket this law school casebook includes materials dealing with constitutional rights of public employees civil service and tenure laws as well as public employee collective bargaining statutes and or significant unionization among public employees it emphasizes how the law governing the public sector workplace differs from the private sector the book facilitates classroom examination different policies issues and concerns that arise when government is the employer laws from a variety of states as well as the federal government enables the instructor to compare different approaches to matters such as bargaining unit definitions scope of bargaining impasse resolution and grievance arbitration ever since introducing the concept in the late 1980s historians have been debating the origins nature scope and limitations of the new deal order the combination of ideas electoral and governing strategies redistributive social policies and full employment economics that became the standard bearer for political liberalism in the wake of the great depression and commanded democratic majorities for decades in the decline and break up of the new deal coalition historians found keys to understanding the transformations that by the late twentieth century were shifting american politics to the right in beyond the new deal order contributors bring fresh perspective to the historic meaning and significance of new deal liberalism while identifying the elements of a

distinctively neoliberal politics that emerged in its wake part i offers contemporary interpretations of the new deal with essays that focus on its approach to economic security and inequality its view of participatory governance and its impact on the republican party as well as congressional politics part ii features essays that examine how intersectional inequities of class race and gender were embedded in new deal labor law labor standards and economic policy and brought demands for employment economic justice and collective bargaining protections to the forefront of civil rights and social movement agendas throughout the postwar decades part iii considers the precepts and defining narratives of a post new deal political structure while the closing essay contemplates the extent to which we may now be witnessing the end of a neoliberal system anchored in free market ideology neo victorian moral aspirations and post communist global politics contributors eileen boris angus burgin gary gerstle romain huret meg jacobs michael kazin sophia lee nelson lichtenstein joe mccartin alice o connor paul sabin reuel schiller kit smemo david stein jean christian vinel julian zelizer this book is an investigation into the economic policy formulation and practice of neoliberalism in britain from the 1950s through to the financial crisis and economic downturn that began in 2007 8 it demonstrates that influential economists such as f a hayek and milton friedman authors at key british think tanks such as the institute of economic affairs and the centre for policy studies and important political figures of the thatcher and new labour governments shared a similar conception of the consumer for neoliberals the idea that consumers were weak in the face of businesses and large corporations was almost offensive instead consumers were imagined to be sovereign agents in the economy whose consumption decisions played a central role in the construction of their human capital and in the enabling of their aspirations consumption just like production came to be viewed as an enterprising and entrepreneurial activity consequently from the early 1980s until the present day it was felt necessary that banks should have the freedom to meet the borrowing needs of consumers credit rationing would be a thing of the past just like businesses consumers and households could use debt to expand their stock of personal assets by utilizing the method of french philosopher michel foucault this book provides an original analysis of the policy ideas and political speeches of key figures in the new right in government and at the bank of england and it addresses the key question as to why policy makers both in britain and the united states did little or nothing to stem rising consumer and household indebtedness instead always choosing to see increasing house prices and homeownership as a positive to be encouraged

Economics of the Public Sector 2015-02-25 what should be the role of government in society how should it design its programmes how should tax systems be designed to promote both efficiency and fairness nobel laureate joseph stiglitz and new co author jay rosenbard bring an unparalleled level of expertise to address these key issues of public sector economics no other text is as modern as accessible or incorporates as much first hand policy advising experience by its authors as stiglitz rosenbard

Public Sector Management and Economic Governance in Ghana 2024-08-05 from the wharton school offering a comprehensive assessment of the political and financial dimensions of public sector pensions from the colonial period until the emergence of modern retirement plans in the twentieth century

Collective Bargaining in the Public Sector 1985 public sector entrepreneurship traces the historical development of the concepts of private and public sector entrepreneurship and their connection to the separate notions of risk and uncertainty based on a formal conceptualization of these notions the book illustrates public entrepreneurship in practice using examples from u s technology and innovation policy from dust jacket

Public Sector Labor Relations 1975 this law school casebook includes materials dealing with constitutional rights of public employees civil service and tenure laws as well as public employee collective bargaining statutes and or significant unionization among public employees it emphasizes how the law governing the public sector workplace differs from the private sector the book facilitates classroom examination different policies issues and concerns that arise when government is the employer laws from a variety of states as well as the federal government enables the instructor to compare different approaches to matters such as bargaining unit definitions scope of bargaining impasse resolution and grievance arbitration

Handbook of Research on Theory and Practice of Financial Crimes 2021-03-18 ever since introducing the concept in the late 1980s historians have been debating the origins nature scope and limitations of the new deal order the combination of ideas electoral and governing strategies redistributive social policies and full employment economics that became the standard bearer for political liberalism in the wake of the great depression and commanded democratic majorities for decades in the decline and break up of the new deal coalition historians found keys to understanding the transformations that by the late twentieth century were shifting american politics to the right in beyond the new deal order contributors bring fresh perspective to the historic meaning and significance of new deal liberalism while identifying the elements of a distinctively neoliberal politics that emerged in its wake part i offers contemporary interpretations of the new deal with essays that focus on its approach to economic security and inequality its view of participatory governance and its impact on the republican party as well as congressional politics part ii features essays that examine how intersectional inequities of class race and gender were embedded in new deal labor law labor standards and economic policy and brought demands for employment economic justice and collective bargaining protections to the forefront of civil rights and social movement agendas throughout the postwar decades part iii considers the precepts and defining narratives of a post new deal political structure while the closing essay contemplates the extent to which we may now be witnessing the end of a neoliberal system anchored in free market ideology neo victorian moral aspirations and post communist global politics contributors eileen boris angus burgin gary gerstle romain huret meg jacobs michael kazin sophia lee nelson lichtenstein joe mccartin alice o connor paul sabin reuel schiller kit smemo david stein jean christian vinel julian zelizer

The Infrastructure We Ride On 2018-04-13 this book is an investigation into the economic policy formulation and practice of neoliberalism in britain from the 1950s through to the financial crisis and economic downturn that began in 2007 8 it demonstrates that influential economists such as f a hayek and milton friedman authors at key british think tanks such as the institute of economic affairs and the centre for policy studies and important political figures of the thatcher and new labour governments shared a similar conception of the consumer for neoliberals the idea that consumers were weak in the face of businesses and large corporations was almost offensive instead consumers were imagined to be sovereign agents in the economy whose consumption decisions played a central role in the construction of their human capital and in the enabling of their aspirations consumption just like production came to be viewed as an enterprising and entrepreneurial activity consequently from the early 1980s until the present day it was felt necessary that banks should have the freedom to meet the borrowing needs of consumers credit rationing would be a thing of the past just like businesses consumers and households could use debt to expand their stock of personal assets by utilizing the method of french philosopher michel foucault this book provides an original analysis of the policy ideas and political speeches of key figures in the new right in government and at the bank of england and it addresses the key question as to why policy makers both in britain and the united states did little or nothing to stem rising consumer and household indebtedness instead always choosing to see increasing house prices and homeownership as a positive to be encouraged
