the five and a half month long somme campaign in the summer and autumn of 1916 was a defining moment in the history of the british army from the disastrous opening day on 1 july to the final attacks in november each large battle and minor action is given equal treatment inside these pages the book concentrates on the british army s repeated efforts to first break through the enemy lines and then to wear down the german in a bloody war of attrition by compiling information from the official history and the printed histories we get a balanced view of the most talked about side of the campaign the british side you will find plenty of information on the reasoning behind each battle and the objectives there is discussion on artillery bombardments tactics zero hours the terrain and insights into the successes and failures of each attack over ninety new maps chart the day by day progress of fourth and the reserve army across the rolling chalk downs of the somme together the narrative and maps provide an insight into the british army s learning curve during that fateful summer a learning curve which set the scene for future battles on the western front we can see the hard lessons learnt and the solutions used to solve a multitude of problems from communication and all arms co operation to the inclusion of tanks and the growing role of the royal flying corps where possible the men who made a difference are mentioned the men who lead the assault companies and bombing teams those who cut the wire and led the survivors into the german trenches those who stopped the counterattacks and those awarded the victoria cross discover the real somme campaign fought by the british army and learn how its brave soldiers fought hard to achieve their objectives vancouver s streetscapes and neighbourhoods have changed drastically in recent years new buildings representing current architectural trends are mixing with and often replacing those of earlier eras and tastes and a maturing architectural melange is emerging this book invites the reader to explore the city s continually evolving urban landscape in a highly readable yet authoritative guide to its architecture in this completely updated edition of exploring vancouver with brand new entries and accompanying photographs harold kalman and robin ward have divided the city including the north shore richmond burnaby and new westminster into fourteen areas selecting buildings and structures in these neighbourhoods that represent the best examples of the new and old architecture each area is preceded by an informative introduction that provides historical context for the entries that follow there are over 400 entries each featuring a short description that combines architectural historical and social commentary the prose is lively as the authors consider the new and the old the modest and the grand the attractive and the not so attractive in a wide ranging work that encompasses everything from heritage to monster homes this book is designed as a walking tour guide with a map of each area showing the location of every entry a collection of the monthly
