## **Unmasking Obama**

2024-05-30

during the obama years an asymmetrical media war was waged to control the critical first draft of american history there is no fair way to record that history without first acknowledging the war the field of battle shaped up as follows on the right the alternative conservative media and the responsible right occasionally working together often working at odds on the left the mainstream media the social media giants hollywood broadway the federal bureaucracies the national security apparatus and what ray bradbury would call firemen the virtual book burners amateur and professional rarely at odds these forces routinely worked together to amplify what obama adviser ben rhodes famously called the white house s messaging campaign money resources and power overwhelmingly favored the left but the right had the equalizer on its side the truth

## **Hitler's British Nazis**

2019-02-05

following the end of the first world war many countries experienced economic decline unemployment high inflation low wages and poor working conditions led to widespread unrest this manifested itself in the rise of powerful militaristic leaders first in italy where fascism was born and then in germany and elsewhere the policies of the likes of mussolini and hitler were hugely popular and fascism was seen by many as a viable political alternative to democracy to some degree these ideals also gained traction in the uk where some individuals in and among the elite of british society believed fascism was the way forward for the country this is fully explored in hitler s british nazis which traces the evolution of extreme right wing opinion from the turn of the century right through to the end of the second world war in particular it looks at the way british fascism developed its own character due to britain having been on the winning side during the first world war early fascist movements of the 1920s are analyzed including the fascist tendencies of the suffragette movement the book then traces the way in which domestic politics and the dire economic situation of the early 1930s created a political vacuum that was filled by oswald mosley and his blackshirt movement throughout the 1930s right wing sympathisers looked to hitler s germany rather than to mussolini s italy for inspiration some members of aristocratic and political elites many with virulent anti semitic views saw in german fascism a template for britain to build on but remained wilfully blind to the excesses of the nazi regime that were getting worse by

the day the book looks at the way in which nazi germany was depicted in the press and how powerful press barons many of whom were pro german and supported chamberlain s appeasement policies were able to influence public opinion the role of the mitford sisters unity in particular is explored in detail as is the influence of the cliveden set under the leadership of the astors and perhaps most interesting of all is the role played by king edward viii and wallis simpson as they flirted unashamedly with fascism and threatened to take britain down a very different path to that which it took after the abdication

## **The Meaning of Trump**

2010-11-03

the election of donald trump was a shattering moment to the political sensibilities of america immediately sending the country into a frenzy of commentary critique and a never ending media coverage that has bordered on the absurd but the question still remains what does it all mean the meaning of trump is an ideological critique that sees the election of donald trump as a completely natural progression to the general trajectory of digitized technologies neoliberalism and a new breed of financialized capitalism destructive global forces that know no party affiliation or national boundary although donald trump is undoubtedly the symptom that has exploded to the surface after nearly four decades of failed policies and broken promises by both republicans and democrats alike his election can also be seen as an existential fork in the road for both the united states and even humanity itself what path is taken still remains to be seen

without exception this is the most revealing commentary of the book of revelation in decades this fresh and historically researched commentary reveals what early christians had known so many years ago about the apocalypse after 1 900 years present day christians finally have a reliable document that explains christ s prophetic book this commentary contains amazing insights one of the main adversaries in the book of revelation was a prominent historical figure he was known as the savior of the church people looked up to him and worshipped him the apostle paul called him the man of sin and the son of perdition 2 thessalonians 2 3 the apostle john in one of his earlier writings called him the antichrist 1 john 2 18 those who failed to get their names written in the book of life marveled at his presence in eternal punishment revelation 17 8 that person is

identified by name in this commentary armageddon is more than a great battle in the book of revelation it is the one defining event that will affect everyone's life the number of combatants is as the sand of the sea yet the battle will be over before it ever begins revelation 20 8 9 the bowls of god's wrath were poured out on a wicked and unsuspecting world historically a foul and loathsome sore came upon the men who had the mark of the beast and those who worshipped his image revelation 16 2 this plague was described in detail by writers who lived as it occurred this commentary includes their firsthand accounts the winepress of god's wrath depicts god's anger at a wicked society while providing hope and comfort to believers the theme in the book of revelation is clear the wicked will not escape destruction only obedient christians will avoid the winepress of god's wrath

all my books can be read online for free at waynedonnell.com mt 10 8 freely you have received freely give this booklet is included in and comprises of one section of my book predestination is to glory not to faith anti calvinism reformed theology pro certainty of sanctification glorification in romans 8 romans 9 john 6 as in romans 8 we were predestined to glorification not to faith or unbelief so in romans 9 israel was predestined to glorification not to faith or unbelief the best way to demonstrate this is by paul's examples of the adversaries pharaoh and moses despite the unscriptural claims of calvinists pharaoh wasn't hardened about believing in god or the gospel over and over the scripture makes it clear that god hardened pharaoh's heart about not letting his people go i will harden his heart so that he will not let the people go ex 4 21 see also ex 7 14 8 32 9 7 10 20 27 11 10 etc and god didn't harden pharaoh's heart so that he would go to hell but so that once pharaoh had made his decision not to let israel go he wouldn't give in too soon due to weakness or aversion to pain so that god could complete all ten plagues and destroy the mightiest army in the world of that time in the sea so that all the world would hear of it i will harden pharaoh's heart and multiply my signs and my wonders in the land of egypt so that i can lay my hand on egypt and bring forth my armies and my people the children of israel out of the land of egypt by great judgments ex 7 3 4 see also ex 10 1 2 7 9 1 14 4 17 and in our passage even for this same purpose i have raised you an unbeliever up to be pharaoh so that i could show my power in you and so that my name would be declared throughout all the earth rm 9 17 in contrast to pharaoh moses accomplished something that wasn't predestined at all through his free will choice when israel sinned by worshipping the golden calf moses interceded and was granted mercy for them but then moses went beyond even that and asked to see god's glory as a gracious favor and was also granted that request moses said i beseech you show me your glory and the lord said i will make all my goodness pass before you and will be gracious to whom i will be gracious and will show mercy on whom i will show mercy ex 33 18 19 god knows beforehand which vessels are destined for eternal glory and which are destined for eternal shame and it isn't unrighteous of him in his providential control to make use of both kinds of vessels in his plans during our time on earth he formed a man like pharaoh who is destined for eternal shame into a vessel to rule egypt so his name would be magnified in the earth at the time of israel's national birth and he gives men like moses and us experiences that help fit rom 9 22 and prepare rom 9 23 us for even more glorification our light affliction light compared to the weight of glory which is but for a moment a moment compared to the eternal glory produces for us a far more exceeding and eternal weight of glory 2 cor 4 17 flowers non calvinist would anyone dare adopt or seek to defend this most troubling doctrine of reprobation if not for the perceived defense offered by the apostle in romans 9 pink calvinist it is a remarkable and telling phenomenon that those who find no individual predestination to eternal life in rom 9 6 13 cannot successfully explain the thread of paul's argument as it begins in rom 9 1 5 and continues through the chapter berkouwer calvinist every hesitation about or hidden resistance against the sovereign freedom of god every form of indeterminism which defends man's cooperation against the divine act will suffer shipwreck on romans 9 we shall see

neoliberalism has become the operative buzzword among pundits and academics to characterise an increasingly dysfunctional global political economy it is often wrongly identified exclusively with free market fundamentalism and illiberal types of cultural conservatism combining penetrating argument and broad ranging scholarship carl raschke shows what the term really means how it evolved and why it has been so misunderstood he lays out how the present new world disorder signalled by the election of trump and brexit derives less from the ascendancy of reactionary forces and more from the implosion of the post cold war effort to establish a progressive international moral and political order for the cynical benefit of a new cosmopolitan knowledge class mimicking the so called civilising mission of 19th century european colonialists
