aqa formerly the assessment and qualifications alliance is an awarding body in england wales and northern ireland it compiles specifications and holds examinations in various subjects at gcse as and a level and offers vocational qualifications aqa gcse chinese mandarin specification designed for students who take mandarin chinese as foreign language we are expert in chinese for foreigners and we pay attention to aqa gcse chinese edexcel gcse gce chinese closely since 1999 we are building the most authentic teaching materials for chinese oversea teaching combining the cutting edge it and modern teaching methods combining our 26 years experience in teaching and editing our own materials here is the life saving book called by many students for their exams grab this unique book

Modular Science for AQA.

2005-04

this series is designed to help students prepare effectively for their aqa modular science exams the year 10 and year 11 textbooks are available in both higher and foundation editions for students of a wide range of abilities

My Revision Notes: AQA Applied Science

2006

target exam success with my revision notes our updated approach to revision will help you learn practise and apply your skills and understanding coverage of key content is combined with practical study tips and effective revision strategies to create a guide you can rely on to build both knowledge and confidence my revision notes aqa applied science will help you build quick recall with bullet pointed summaries at the end of each chapter improve maths skills with helpful reminders and tips accompanied by worked examples practise and apply your skills and knowledge with exam practice questions and frequent now test yourself questions and answer guidance online develop your subject knowledge by making links between topics for more in depth exam

answers understand key terms you will need for the exam with user friendly definitions and a glossary avoid common mistakes and enhance your exam answers with exam tips plan and manage your revision with our topic by topic planner and exam breakdown introduction

Advancing Maths for AQA Mechanics 2

2004

provides preparation for the new aqa specification b the text provides clear explanations of key topics worked examples with examiners tips graded exercises guiding the pupil from basic to examination level and self assessment tests

Revise A2 Physics for AQA A

2005

we have had lots of students contacting us to say how useful they ve found this series of revision guides so why have they found them so valuable students know just what they need to revise for each exam because each guide matches the specification exactly information is presented in a straightforward user friendly way content is organised into double page spreads to make revision more manageable short questions at the end of each section really make students stop and think about the topic tips on common pitfalls and advice on how to tackle different types of exam question and exam preparation practice exam style questions are included at the end of each module the answers to all questions are in the back of the books so students can work on their own

Maths AQA

2005

written by examiners and practising teachers this work offers study and homework support throughout gcse it is useful as a reference source a lesson back up and a revision guide

Mathematics

2005

the highly illustrated single volume study guides have been combined into one all you need for a level revision aid this new updated edition provides the same comprehensive coverage of the as and a2 specifications but at outstanding value the mathematics title has been fully revised for the new mathematics courses being taught in schools from september 2004 all titles are written by experienced examiners they contain in depth coverage of the key information plus hints tips and guidance from examiners progress check questions test recall and understanding and end of unit sample questions and model answers provide essential practice to improve students exam technique

Revise for Core 2

2001

containing all the help guidance and support needed by students in the run up to the 2005 exams this text has been updated to meet the latest aqa exam criteria including worked examples similar to what students can expect in the exam itself

Revise for Core

2002

suitable for use alongside the pure core textbooks in the advancing maths for aqa series or on its own this revision guide is part of a revision series including revise for core maths 2 mechanics 1 and statistics 1
