Ghosts of Cielo Drive 2019-10-03

i wrote the book from my own unique perspective regarding the spirits or ghosts amongst us one not commonly seen or shown on tv and rarely discussed however i live in what one paranormal expert declared the mount everest of haunted houses and the disneyland for the dead and have now for over 17 years with no problems or issues while just down the drive from my house one of the most gruesome and notorious murders of our time was committed on august 8th 1969 when charles manson s family descended on roman polanski s residence on cielo drive in beverly hills and brutally murdered 5 people including polanski s wife pregnant sharon tate now my home is visited by far more than those who were killed down from my home the house seems to be a ghost flophouse according to mary anne winkowski the real life ghost whisperer she is convinced that it truly is a one of a kind location and my attitude towards my unseen house guests is also unheard of you see i don t and am not afraid of the spirits that visit and hang out here my thoughts are that we all will pass from this earth and those who have passed before us returning to visit us isn t something to be scared about quite to the contrary i believe it is unique to have such an experience and that it s a positive to be one of the few who has had an encounter with a spirit my motto is you have more to fear from the living than you do the dead

The Ghost Hunter Next Door 2017-09-15

the first rule of being a ghost whisperer don't tell anyone seriously don't sure it might sound harmless a fun party trick even i assure you it's not how do i know well let's just say that i've had a lot of experience with this sort of thing and nine times out of ten it turns into an all-consuming disaster being plagued by needy ghosts twenty-four-seven is one thing being harassed by a horde of curious or worse grieving flesh and blood people is an entirely different circus i mean really who wants to hold an impromptu séance in the middle of the cereal aisle not me and the manager of the grocery store probably isn't too crazy about the idea either so that's it if you're a ghost whisperer just keep your mouth shut and act normal ghosts what ghosts now if only i would start listening to my own advice the ghost hunter next door is the first book in the beechwood harbor ghost mysteries series perfect for fans of angie fox and kristen painter
