(Re)Writing War in Contemporary Literature and Culture 2024-07-09

re writing war in contemporary literature and culture beyond post memory is an exploration of war narratives through the lens of postmemory offering a critical re evaluation of how contemporary literature and cultural products reshape our understanding of past conflicts this volume presents a rich tapestry of perspectives drawing from an array of conflicts and incorporating insights from international experts across various disciplines including contemporary literature film studies visual arts and cultural studies it critically builds upon and extends marianne hirsch s concept of postmemory engaging with complex themes like the ethical dimensions of war writing the authenticity of representations and the creative power of art in reimagining traumatic events this study not only challenges traditional boundaries in war literature and memory studies but also resonates with contemporary concerns about societal engagement with violent pasts making it a significant addition to scholarly discourse and essential reading for those interested in the intersection of history memory and literature

Lamentation: A Shardlake Novel 6 2014-11-01

matthew shardlake is back in lamentation from the number one bestselling author c j sansom this gripping new novel by the inventive c j sansom shows that when it comes to intriguing tudor based narratives hilary mantel has a serious rival sunday times shardlake s back and better than ever independent on sunday summer 1546 king henry viii is slowly painfully dying his protestant and catholic councillors are engaged in a final and decisive power struggle whoever wins will control the government of henry s successor eight year old prince edward as heretics are hunted across london and the radical protestant anne askew is burned at the stake the catholic party focus their attack on henry s sixth wife matthew shardlake s old mentor queen catherine parr shardlake still haunted by events aboard the warship mary rose the year before is working on the cotterstoke will case a savage dispute between rival siblings then unexpectedly he is summoned to whitehall palace and asked for help by his old patron the now beleaguered and desperate queen for catherine parr has a secret she has written a confessional book lamentation of a sinner so radically protestant that if it came to the king s attention it could bring both her and her sympathizers crashing down but although the book was kept secret and hidden inside a locked chest in the queen s private chamber it has inexplicably vanished only one page has been found clutched in the hand of a murdered london printer shardlake s investigations take him on a trail that begins among the backstreet printshops of london but leads him and jack barak into the dark and labyrinthine world of the politics of the royal court a world he had sworn never to enter again loyalty to the queen will drive him into a swirl of intrigue inside whitehall palace where catholic enemies and protestant friends can be equally dangerous and the political opportunists who will follow the wind wherever it blows more dangerous than either the theft of queen catherine s book proves to be connected to the terrible death of anne askew while his involvement with the cotterstoke litigants threatens to bring shardlake himself to the stake the previous books in the bestselling shardlake series are dissolution dark fire sovereign revelation and heartstone

The Bible in Crime Fiction and Drama 2019-01-24

the bible has always enjoyed notoriety within the genres of crime fiction and drama numerous authors have explicitly drawn on biblical traditions as thematic foci to explore social anxieties about violence religion and the search for justice and truth the bible in crime fiction and drama brings together a multi disciplinary scholarship from the fields of biblical interpretation literary criticism criminology and studies in film and television to discuss international texts and media spanning the beginning of the 20th century to the present day the volume concludes with an afterword by crime writer and academic liam mcivanney these essays explore both explicit and implicit engagements between biblical texts and crime narratives analysing the multiple layers of meaning that such engagements can produce cross referencing sherlock holmes with the murder mystery in the book of tobit observing biblical violence through the eyes of christian fundamentalists in henning mankell s before the frost catching the thread of homily in the serial murders of se7en or analysing biblical sexual violence in light of television crime procedurals the contributors also raise intriguing questions about the significance of the bible as a religious and cultural text its association with the culturally pervasive themes of violence im morality and redemption and its relevance as a symbol of the often fraught location that religion occupies within contemporary secular culture

from one of the most perceptive observers of the english today comes a brilliantly insightful mordantly funny account of their seemingly irrational embrace of nationalism england s recent lurch to the right appears to be but one example of the nationalist wave sweeping across the world yet as acclaimed irish critic fintan o toole suggests in the politics of pain it is in reality a phenomenon rooted in world war ii we must look not to the vagaries of the european union but instead far back to the end of the british empire if we hope to understand our most fraternal ally and the royal mess in which the british now find themselves o toole depicts a roiling nation that almost ludicrously dreams of a german invasion if only to get the blood going and that erupts in faux outrage over regulations on prawn flavored crisps a sympathetic yet unsparing observer o toole asks how did a great nation bring itself to the point of such willful self harm his answer represents one of the most profound portraits of the english since sarah lyall s new york times bestseller the anglo files

the advent of the new age has alerted us to the conflicted nature of historical memory which defined the 20th century while simultaneously assaulting us with new historical upheavals that demand responsibility and critical consideration as the historical text bears traces of the writing subject the element of deception is remarkable meaning historical memory easily lends itself to forgery and false and subjective projections as such how do we think about the past about history about memory

and how does memory function is history an objective account a collection of dry reliable facts is it an imaginative narrative tinged with nostalgia a projection of our wishful thinking the workings of our subjective perceptions and attitudes our states of mind the essays in this volume focus on the relevance of the past to the present and future in terms of the shifting attitudes to personal and collective experiences that have shaped dominant western critical discourses about history memory and nostalgia the contributors here take issue with the epistemological hermeneutic ethical and aesthetic dimensions of the representational practices through which we revisit and revise the meaning of the past

morphological chasm between vertebrates and invertebrates remains vast and enigmatic as gee shows even as scientific advances have falsified a variety of theories linking these groups the extant relatives of vertebrates are too few for effective genetic analysis moreover the more we learn about the species that do remain from sea squirts to starfish the clearer it becomes that they are too far evolved along their own courses to be of much use in reconstructing what the latest invertebrate ancestors of vertebrates looked like fossils present yet further problems of interpretation tracing both the fast changing science that has helped illuminate the intricacies of vertebrate evolution as well as the limits of that science across the bridge helps us to see how far the field has come in crossing the invertebrate to vertebrate divide and how far we still have to go a beautiful ode to some of the least appreciated animals guides the reader joyfully through deuterostomes weaving disparate elements of embryology paleontology and morphology into an unprecedented and accessible narrative jakob vinther university of bristol
