

Reading free Entrepreneurship a south african perspective 2nd edition (PDF)

what are the factors which have made south africa so appealing to terrorist and radical islamic organisations what role has south africa played within global jihad this book examines how south africa has come to play a major role in global terror networks stemming from growing criminality and corruption within state structures it also examines the interaction between local and foreign extremist elements which undermine south africa s security the author brings the discussion beyond the usual mundane academic treatise to the sharp reality of the global dangers of politicised islam a muslim talking candidly about islam this text provides an introduction to the central tenets of economic theory each section of the book takes the reader from the elementary to the more advanced theories and applications and is written from a southern african perspective this collective volume takes a social scientific approach to the subject of violence violence manifests itself on different levels often beyond our comprehension the book comprises 15 chapters in which experts from different academic disciplines and backgrounds examine violence carefully logically and in a challenging way although it is written from south african perspectives it is relatable to other countries as a source aimed at local and international scholars researchers and peers it invites open and critical discussion the arguments are presented systematically intersectionally and constructivistically it focuses on violence as an evolutionary phenomenon on how it effects children on interpersonal collective and structural violence on ecological violence and on violence as metaphor amongst others this scholarly work appears at a crucial moment in south africa with the country now democratically independent for close to 20 years the authors provide a comprehensive description of schooling and overall education that allows the reader to see if or how the wide social development gaps that existed during the apartheid period are changing this book is a rare academic contribution to the current linguistic and culturally rich classroom that teachers now work in daily the authors report that some teachers are flummoxed by what they find newly trained teachers seem better prepared while others bring old but good teaching habits into the classroom overall this book rooted as it is in meticulous long term ethnographic classroom observations and multiple teacher interviews shows that what is effective for the learning of learners is not by any means detachable from demographic economic or political contexts with that in mind the book s intentions and structure are clear

and the initial historical analyses provide insight to the important linguistic social and cultural connections or disconnections present in contemporary south africa based on 25 years of community development practice six of which have been lived in south africa peter westoby s ground breaking monograph moves away from dominant normative accounts of community development to provide an appreciative and critical analysis of concrete examples of community development theory and practice by examining community development stories as experienced on the ground westoby is able to show how the poor are organising themselves using various forms of community development as well as demonstrating how the state and non state actors are attempting to organise engage or accompany the poor through community development the book also breaks new ground in theorising the practice of community development drawing inductively from the stories analysed the diversity of south african contexts and the proliferation of different kinds of community practice make this a hugely difficult task despite this westoby argues it is one worth undertaking given the seriousness of the challenges facing the poor and progressive social change agents within south africa in this undertaking westoby draws upon a unique analytical framework to help illuminate current community development policy and programme challenges along with practice dilemmas and wisdom entrepreneurship a south african perspective is a guide to becoming a successful entrepreneur it describes and illustrates new venture creation within a south african context the start up process the growth stages and the challenges in the maturity phase of the business this book is about public administration in contemporary society more specifically contemporary society in south africa but why contemporary society the answer can be found in the fact that there is scarcely a single duty of government which was once simple which is not now complex government once had but a few masters it now has scores of masters majorities only underwent government they now conduct government where government once might follow the whims of a court it must now follow the whims of a nation the authors of this book took cognizance of the transitional stage in which south africa currently finds itself all the most recent developments in public administration in south africa have been taken into account recent reform in south africa has shown conclusively that systems must be adapted from time to time however irrespective of changing systems the basic premises of public administration remain unaltered providing a constant frame of reference for evaluating new developments it is for this very reason that public administration in contemporary society will never lose its relevance for academics students and public officials the essentials of mental health nursing are presented in this fourth edition of a landmark nursing textbook on psychiatric nursing in south african primary health care and community health care settings education leadership and management have changed dramatically since 1994 with the changes in legislation

governing schools the new policies involve the learners educators and parents to a larger extent in terms of managing schools this text looks at these changes and the practical implications of the policies it explores management skills such as communication understanding systems planning and accountability it gives detailed explanations of the new management systems by looking at different aspects of each piece of legislation as well as the way in which it relates to the numerous role players involved in managing a school this book has the advantage of taking into account all aspects of managing the whole school environment in a very practical manner reports for 1980 19 also include the annual report of the national council on the arts deals with the history of the human rights movement and slavery in many parts of the world includes biographies of human rights activists and abusers as well as the text of the draft bill of rights of the african national congress the draft charter of fundamental rights issued by the south african government in february 1993 fundamental rights proposed in the constitution of the state of kwazulu natal the organization of african unity s african charter on human and people s rights and the bill of rights for the transitional period in the republic of south africa corporate finance a south african perspective 2e takes a fresh principles based approach to the study of financial management it is aimed at second and third year students following courses in financial management in bcom or bbussc degree programmes this book is not merely a new edition but a complete and significantly expanded rewrite it comprises over 900 pages of expert and in depth exposition of this complex subject that has become so important in the modern global economy already established over four previous editions as the pre eminent work on the subject it is a must own book for all students and practitioners of tax whether from a legal business or accounting perspective professor lynette olivier and michael honiball are without peer in their understanding and clarity in this highly specialised field five new chapters have been added on taxation of individuals taxation of companies and dividends taxation of partnerships cross border vat and interpretation of statutes a comprehensive introduction to micro economics in general this book is set against a contemporary south african background straightforward language practical examples and numerous graphs illustrate the theory in this textbook and make it especially accessible for distance learners an in depth look at the changing sociolinguistic dynamics that have influenced south african society to date there has been no published textbook which takes into account changing sociolinguistic dynamics that have influenced south african society multilingualism and intercultural communication breaks new ground in this arena the scope of this book ranges from macro sociolinguistic questions pertaining to language policies and their implementation or non implementation to micro sociolinguistic observations of actual language use in verbal interaction mainly in multilingual contexts of higher education he there is a gradual move for the study of language

and culture to be taught in the context of professional disciplines in which they would be used for example journalism and african languages education and african languages etc the book caters for this growing market because of its multilingual nature it caters to english and afrikaans language speakers as well as the sotho and nguni language groups the largest languages in south africa and also increasingly used in the context of south african higher education it brings together various inter linked disciplines such as sociolinguistics and applied language studies media studies and journalism history and education social and natural sciences law human language technology music intercultural communication and literary studies the unique cross cutting disciplinary features of the book will make it a must have for twenty first century south african students and scholars and those interested in applied language issues a comprehensive introduction to macro economics set against a contemporary south african background it covers all the material usually prescribed for introductory courses in macro economics and also lays a solid foundation for intermediate and advanced studies in macro economics this book examines and addresses the particular character of urban tourism occurring in the global south it presents research essays on tourism in urban areas of south africa a country which is associated with big 5 nature tourism but where urban areas are also major tourism destinations the book contextualizes urban tourism in south africa as part of the other half of urban tourism an overlooked but energetic scholarship which is emerging on urban places in the global south the volume moves to present a collection of original material variously on national perspectives on urban tourism following by a cluster of city level perspectives the last three contributions turn to the role of tourism in small towns the bottom rung in the urban settlement system issues of concern include gastronomic tourism vfr travel airportsclapes climate change airbnb and creative tourism finally as covid 19 is potentially a defining historical moment for urban tourism the volume incorporates historical research perspectives in order to address the overwhelming present mindedness of mainstream urban tourism writings the book highlights the challenges and opportunities for tourism development in the environment of the urban global south and is relevant to scholars of both tourism and urban studies as well as researchers in development studies this book brings together a series of papers and responses to papers presented at a conference on the minimum core content of socio economic rights in pretoria south africa during august 2000 the papers aim to describe the minimum core content of different socio economic rights first from an international law perspective and then by way of response from a south african perspective in the process the normative content of the rights concerned is given flesh the authors attempt to identify particular obligations that can be said to form the core of rights such as the right to housing the right to food the right to education and the rights to social security and assistance at the same time the concept of a

minimum core content or minimum core obligations of economic and social rights is problematised and the difficulties of using concepts developed within the general and abstract realm of international law in the more particular and concrete context of domestic rights adjudication are explored this book as a result contains a great deal of practically useful information for use by human rights practitioners both legal and non legal at the same time it provides some critical reflection on that information and the conceptual framework from which it is derived this fifth edition of international law a south african perspective is now titled dugard s international law a south african perspective in recognition of the fact that this work is a continuation of the earlier editions written by john dugard the substance of the work has undergone major changes to take account of new developments both on the international legal scene and in south africa dugard s international law a south african perspective presents a south african perspective of international law the basic principles of international law are described and examined with reference to the principal sources of international law this examination however takes place within the context of south african law south african state practice judicial decisions and legislation on international law receive equal treatment with international law as it is practised and taught abroad the present work is designed to assist judicial officers and practitioners educate students and guide diplomats in the intricacies of international law both at home in south africa and abroad a step by step approach to learning an applying the principles of strategic management evaluates and clarifies each participant s role in the process includes a case study for self assessment and self assessment exercises based on this continue throughout the book aimed at both undergraduate students and practitioners this book is the first southern african edition of stephen p robbins s organizational behaviour the best selling organisational behaviour textbook worldwide the world has experienced traumatic events and witnessed dramatic changes since the second edition this new edition addresses these developments and integrates them into the body of established international law grounded in democratic culture and values education management and leadership a south african perspective second edition enables individuals in school leadership and management positions to have an in depth understanding of leading and managing effective schools the book comprises twelve chapters each discussing a different aspect of school management and or leadership such as managing diversity and multiculturalism in the south african context so that a comprehensive model of an effective school is created consideration is given to african perspectives on management and leadership applied within educational settings important concepts such as effectiveness efficiency and economy are explained and various leadership and management theories are introduced to the reader pertinent topics covered include the policy and legal frameworks within which educational leaders and managers operate

the management of relationships between parents teachers learners and the broader community t he need for school development and planning processes involved in establishing accountability and quality assurance the systems required for good governance and financial and physical resource management page 4 of cover this book deals with the conceptualization of access to land by the dispossessed in south africa as a human right yanou examines the country s property model in the context of the post apartheid constitutional mandate to redress the skewed land distribution of the past the book reviews the strengths and weaknesses of the land restitution process as well as the question of the payment of just and equitable compensation for land expropriated for restitution it also reviews the phenomenon of land invasion and quality of access to land enjoyed by the south african black woman under the present dispensation yanou argues that the courts have on occasions construed just and equitable compensation generously this approach has failed to reflect the fact that what is being paid for is land dispossessed from the forebears of indigenous inhabitants in a south africa that lost most of its ancestral land during colonialism and apartheid access to land for the dispossessed should not be equated with the protection of property acquired under apartheid getting it right would entail truth and reconciliation with the collective dispossession suffered by south african blacks this book takes a fresh look at marketing and covers relevant and topical issues in the marketing world this book not only covers the fundamental marketing issues but also focuses on emerging issues such as leadership in marketing marketing metrics and the contribution to roi customer value and retention as prime strategies and marketing in developing countries the book has been developed for south african students with a south african frame of reference the well designed text with ample examples and case studies will enable the students to understand and identify with this book
