Star Schools--Chapter 1 Funding 2009-12-04 in his health practice and as owner of two thriving health and nutrition stores david card has consulted with thousands of clients for over 40 years using homeopathic remedies people who see him want to take care of their own and their family's health in the most self sufficient way possible since most folks don't have access to a trained homeopathic practitioner at a moment's notice dave recognized the need for an easy access book free of jargon that could be their go to for dozens of conditions homeopathy today is current interesting to read and full of common sense lists to assist any newbie in this field yet it will serve as a standard for seasoned practitioners who will recognize dave's grounded understanding coupled with his intuitive sensitivity gained from decades of experience homeopathy is a traditional system of medicine that treats both physical and emotion symptoms of disease or imbalance with small even minute doses of a natural substance primarily from plants like lobelia for instance or from minerals like zinc etc the system has been used for over 200 years by hundreds of millions of people worldwide homeopathics are natural low cost and non toxic remedies they can be used by adults and children regardless of age gender special conditions like pregnancy or the use of other medications from common colds and flu to more challenging situations like anxiety and migraine headaches homeopathic remedies have a long history of efficacy in more than 2 000 double blind scientific studies around the world homeopathic medicines have been proven to work the world health organization cites that homeopathic medicine should be used alongside conventional medicine to provide adequate global healthcare medical professionals in many countries recommend homeopathic medicine first and most pharmacists in europe dispense herbs and homeopathics as well as conventional medications using homeopathy is as simple as matching the symptoms of the person with the right homeopathic remedy and this book is designed to make that process easy clear and immediately applicable more than symptom relief however homeopathic medicine also deals with underlying health issues often when western medicine has no answers many people have turned to homeopathy and found significant help we don't always know the mechanisms at work here says the author but we certainly see the results

Information Services Today 1993 effective strategic plans take action they are used regularly reviewed regularly change regularly they are dynamic and fluid by design and intent regularly corresponds both to your business cycle as well as the cycle of goal and goalette completion examples of businesses and their logical cycles follow a non profit building homes in impoverished areas might be reviewed on a project basis while a start up business might be reviewed on a weekly basis critical to the success of any strategic plan is the ability of all people at all levels in the organization to know what their part or role is in order to give them the ability to contribute to the organization with their full potential each person in the organization must perceive their role to be crucial to the achievement of the goals each action must lead toward achievement of the goals each person finds a match between what their roles are how they contribute and what they are being required to do act upon and achieve assessment criteria must lead directly back to goal achievement there are 5 major questions to ask in creating a living dynamic strategic action plan that can be implemented at all levels in your organization 1 what is your purpose major goals or mission 2 what will you do to achieve that purpose minor goals or goalettes 3 what resources do you need to achieve your purpose

assignment of resources 4 how will you know when you've achieved that purpose assessment criteria 5 how much has been accomplished thus far in achieving your purpose status these five questions will be asked over and over in the dynamic strategic action planning process you will set up cycles of review for each goal and goalset with action plans that lead to results the key to this dynamic strategic action planning process is simple what you focus on gets done focus on your goals and goalsets what you give attention to gets done review your progress regularly what you measure gets done set realistic criteria for achievement and assess your results
