in the deviant s advantage ryan mathews and watts wacker demonstrate how ideas create increasingly profitable markets as they move from the fringe to the edge to the realm of the cool to the next big thing to social convention the book tracks the products and people haunting the fringes of sex science art language faith war and marketing branding and macro economics tomorrow s commercial success is an obsession in the mind of today s deviant las vegas is a perfect example it morphed from a bus stop in the desert to a neon sin city and finally into a family vacation destination in 1945 a handsome murderous sociopath called benny bugsy siegel decided to build a luxury gambling oasis in the desert at the time las vegas was a crossroads in the middle of the desert siegel understood the emerging desire for escape in the american psyche and out of nothing created what became an enormous gambling haven las vegas has now transformed itself into a gigantic family oriented theme park albeit one with slots and roulette wheels it s become a holiday destination for the entire family not just a place that fathers sneak off to las vegas moved from the fringe bugsy s original vision to the edge the first hotel to the realm of the cool where everyone wanted to go to the next big thing where everyone went to social convention

Ford Focus Diesel 2013

how the partnership between ford and the uaw forged through more than fifty pivotal events transformed their capacity to combine good jobs with high performance in 2009 the ford motor company was the only one of the big three automakers not to take the federal bailout package how did ford remain standing when its competitors were brought to their knees it was a gutsy decision but it didn t happen in isolation the united auto workers joined with ford to make this possible not only in 2009 but in a series of more than fifty pivotal events during three decades that add up to a transformation that simultaneously values work and delivers results the pivotal events some planned and some unplanned some at the facility level and some at the enterprise level were not all successful all had the potential however to further the transformation and all provide insight into how large scale system change really happens the authors each with years of experience with ford the uaw and the industry provide an unprecedented inside look at how core operating assumptions are shifted and at the emergence of integrated operating systems for quality safety and other aspects of the enterprise it is a transformation built on a foundation of dignity and mutual respect guided by a vision of combining good jobs with high performance

Ford Focus, 2000-2007 2010-10-15
