Retention of Fines and Fillers During Papermaking

1998

this book provides tools and insights for university and college administrators to use when evaluating changes in retirement policy and it presents valuable information in the form of case studies concerning changes in retention policies and retirement policies lisa m dickson industrial and labor relations review this volume a collection of papers presented at the 2004 tiaa cref institute conference on higher education contains many excellent chapters john heuer journal of pension economics and finance this book enlightens the reader about two important policy issues health care provision and retirement plans by addressing both broad macro issues and specific concerns of higher education administrators such content is both valuable and practical for the concerned higher education researcher and administrator marc kaulisch the review of higher education attracting and retaining highly qualified faculty is essential to maintaining productivity at institutions of higher education colleges and universities are at a critical juncture in their history as they attempt to achieve their teaching and research goals this volume examines some of the most pressing employment and compensation issues confronting academic administrators contributors discuss topics such as ageing of faculty changing economic conditions and shifts in faculty employment patterns rapid increases in health care costs and trends in retiree health insurance and adoption of phased and early retirement programs the volume also includes a series of case studies on how individual universities are confronting these challenges institutions in these case studies include syracuse university the university of north carolina the university of california institutions in the association of new american colleges and other colleges and universities included in several surveys and research projects this timely volume will appeal to academic administrators at colleges and universities in the us and internationally as they face the common challenges of rising employment costs faculty aging and global competition researchers interested in the future of higher education economics and the academic labor market in general will find this a valuable addition to their library

Recruitment and Retention of Women in Clinical Studies

1994

in its second edition handbook of pulping and papermaking is a comprehensive reference for industry and academia the book offers a concise yet thorough introduction to the process of papermaking from the production of wood chips to the final testing and use of the paper product the author has updated the extensive bibliography providing the reader with easy access to the pulp and paper literature the book emphasizes principles and concepts behind papermaking detailing both the physical and

chemical processes a comprehensive introduction to the physical and chemical processes in pulping and papermaking contains an extensive annotated bibliography includes 12 pages of color plates

Records Management

2007

student retention continues to be a vexing problem for all colleges and universities in spite of the money spent on creating programs and services to help retain students until they achieve their academic and personal goals and graduate the figures have not improved over time this is particularly true for minority students who have a greater attrition rate than majority students demographic information shows that the minority population in the united states is growing at a faster rate than the majority it is imperative that educational institutions find ways to help improve retention rates for all students but particularly minority students retention rates should not differ appreciably among different racial ethnic groups the journal of college student retention research theory and practice is the only scholarly peer reviewed journal devoted solely to college student retention it has published many articles on minority student retention and this topic continues to garner much attention this book is a compilation of the very best of these articles selected on the basis of reviews by a cadre of experts in the education field the articles discuss african american latino latina asian and asian pacific native american and biracial students and institutional commitments to retaining a diverse student population for those interested in this vital area the collection will teach and inspire them to achieve greater heights and pay additional attention to retaining minority students in our colleges and universities

Recruitment, Retention, and Retirement in Higher Education
