2000-12

the book is a trivia list of multiple choice questions where the answer is always d mimicking the style of the author humorist mr dave barry it seeks to impart a smattering of knowledge about popes most especially the more oddball ones for example whereas bill clinton was taken to task for engaging in sex with a white house intern pope alexander vi was accused of fathering a child with his own daughter other pontiffs among this papal roster of rascals include john viii he created a navy captured 18 enemy ships and was hammered to death by his own bishops john xii he committed incest with his sisters raped female tourists and was murdered by a jealous husband formosus his rotting corpse was dug up dressed in pontifical vestments placed on trial and found guilty john xx he never existed pope john xxi simply had difficulty counting that high benedict ix he became pope three times was

nicknamed the demon from hell and auctioned off the papacy and joan for centuries the catholic church preached as gospel that it had once been ruled by a woman pope over the past two millennia there have been 264 true popes with another 30 or so imposters or antipopes the vast majority of these have been italian along with 15 french 3 martians 1 english 1 dutch 1 polish and a partridge in a pear tree in theory any male roman catholic laymen can become pope but in reality usually only cardinals make the cut and needless to say no woman has ever been elected pope except pope joan why the title idiots you might well ask simple when it comes to history most americans are shall we say somewhat intellectually challenged they are not born that way nor is the condition self inflicted they are victims they hate history simply because misguided fools called teachers have crammed their heads full of meaningless politically correct rubbish

hq trivia is the hottest game what you need to know know that the questions are hard and you need a study guide you won't be able to google the answers so you need to study what else do you need to know well that is how to play are your friends taking breaks at 3 p m and 9 p m every day to gather around an iphone they're probably playing hq a recent sensation on smartphones in which they play trivia for real money the rules are simple the host is personable and the lure of a real cash prize brings hundreds of thousands of people to the table what is hq trivia hq trivia is a live trivia app that you play for real money the game goes live at 3 p m and 9 p m est on weekdays and 9 p m est on weekends the game is hosted by comedian scott rogowsky though he occasionally has substitutes including british broadcast personality sharon carpenter what are the rules the game consists of 12 multiple choice trivia questions ranging from easy to devastatingly hard the latter have been labeled savage questions by the hosts you have roughly ten seconds to answer each question starting from when the host begins reading it hq's creators suggest this keeps the questions from being google-able i've found that they're right everyone who completes all 12 questions split the jackpot if no one wins it carries over to the next game how much money can i win when the game debuted in august jackpots were around 100 but they have since ballooned to regular games for 250 and now 1 000 every once in a while a game will go much higher including a recent set for a grand prize of 8 000 of course if you win you're likely splitting it with other winners you can cash out with a paypal account you mentioned iphones is there an android version right now hq trivia is only available on ios but it seems to be coming to android soon in a tweet the company suggested that android owners could see the game by time the holidays roll around how do i get extra lives while hq used to hand out extra lives now you seemingly only get them by referring friends give them your referral code which is identical to your username when they plug it in you'll get a

second chance in your next game what s with all of the memes hq has a chat on the bottom and boy is it active i mean it s really something else if you find it annoying you can swipe it away but it s also the breeding ground for a bunch of weirdness chat is where fans started calling rogowsky quiz daddy and started continuously writing the phrases dink fam and fish squad worldwide neither of which i understand there s also a lot of horror in the chat too with people writing derogatory statements about all types of minority groups seemingly for no reason some people get banned but that hasn t stopped the behavior what is the q is it related you may have recently heard of a similar game the q which has received some buzz it s an hq clone with fewer players for now far less charismatic hosts poorer production values and a smaller prize pool usually 500 or less but it s on both ios and android so it planted a flag on the trivia app landscape on android before hq did if you ve noticed in uptick in coworkers and friends stopping dead in their tracks around 3pm est to stare intensely at their phones it s likely they ve fallen under the spell of hq trivia the live mobile game show app developed by the team behind vine and launched in late august draws hundreds of thousands of contestants multiple times a day to compete for a pot of actual cash to win you just need to answer 12 multiple choice trivia questions correctly within the time limit and a piece of the jackpot usually 1 000 per game but it s been as big as 8 500 is yours simple enough right wrong winning hq is hard as hell
