36... 2 000... fbi... 2000... 10... 16... sgd... cnn rnn... from popular pacific theatre expert jeffrey r cox comes this insightful new history of the critical Guadalcanal and Solomons campaign at the height of World War II. Cox's previous book *Morning Star Rising Sun* had found the US Navy at its absolute nadir and the fate of the *Enterprise*, the last operational US aircraft carrier at this point in the war, unknown. This second volume completes the history of this crucial campaign, combining detailed research with a novelist's flair for the dramatic to reveal exactly how, despite missteps and misfortunes, the tide of war finally turned by the end of February 1944 thanks to hard fought and costly American victories in the first and second naval battles of Guadalcanal, the Battle of Empress Augusta Bay, and the Battle of Cape St. George. The Japanese would no longer hold the material or skilled manpower advantage from this point on. Although the war was still a long way from being won, the American star was unquestionably on the ascendant, slowly but surely edging Japanese imperialism towards its sunset. Jeffrey Cox's analysis and attention to detail of even the smallest events are second to none, but what truly sets this book apart is how he combines this microscopic attention to detail, often unearthing new facts along the way, with an engaging style that transports the reader to the heart of the story, bringing the events on the deep blue of the Pacific vividly to life.

The first amendment religion clause: Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof. This book takes an in-depth look at the religion clause portion of the first amendment, using historical documents and letters. In chapter one, examples are given of the historical reasons for why the framers of the first amendment, the founding fathers, thought it was necessary to list religion as part of the Bill of Rights in the manner that they did. In chapter two, documentation is presented showing how they applied it during their times of service in government. The application of the 14th amendment is examined along with whether or not it should be applied to the 1st amendment based on the history of both. In chapter three, a complete analysis is made of Thomas Jefferson's wall of separation letter, and in chapter four, an in-depth investigation is taken into Jefferson's Virginia Act for Establishing Religious Freedom, James Madison's Memorial and Remonstrance against Religious Assessments, and Madison's detached memorandum on religion and government interaction. These

documents along with others examined in this book display the founding fathers views as to why there is a religious clause and what its proper application should be between church that is religion and state this book also contains present day solutions for how the government could act legally and constitutionally regarding religion and related religious books and toward those who claim religious reasons as their motivation to physically harm others history reveals the continued purpose and need for the religion clause in the bill of rights

esteemed pacific war historian jeffrey cox has produced a fast paced and absorbing read of the crucial new georgia phase of the Guadalcanal Solomons Campaign during the Pacific War thousands of miles from friendly ports the US Navy had finally managed to complete the capture of Guadalcanal from the Japanese in early 1943 now the allies sought to keep the offensive momentum won at such a high cost this is the central plotline running through this page turning history beginning with the Japanese operation I-Go and the American ambush of Admiral Yamamoto and continuing on to the Allied invasion of New Georgia Northwest of Guadalcanal in the middle of the Solomon Islands and the location of a major Japanese base determined not to repeat their mistakes at Guadalcanal the allies nonetheless faltered in their continuing efforts to roll back the Japanese land air and naval forces using first hand accounts from both sides this book vividly recreates all the terror and drama of the nighttime naval battles during this phase of the Solomons Campaign and the ferocious firestorm many Marines faced as they disembarked from their landing craft the reader is transported to the bridge to stand alongside Admiral Walden Ainsworth as he sails to stop another Japanese reinforcement convoy for New Georgia and vividly feels the fear of an 18 year old Marine as he fights for survival against a weakened but still determined enemy dark waters starry skies is an engrossing history which weaves together strategy and tactics with a blow by blow account of every battle at a vital point in the Pacific War that has not been analyzed in this level of detail before

## ***1984 2009***

1984 is a dystopian novel by George Orwell. It depicts a totalitarian society where the government, known as the Party, controls every aspect of life. The novel is set in a world where the population is constantly monitored and manipulated. The story follows the journey of Winston Smith, a man who begins to rebel against the Party's oppressive regime. The novel is a powerful critique of totalitarianism and a warning about the dangers of unchecked government power.
