A house is one of those things in life that you wish came with an owner's manual. Things break, spring leaks, and sometimes just need to be properly maintained, but you usually have to consult a separate guide for each issue. Not any longer! The Homeowner's Manual will help you get acquainted with your home and assist you in making decisions regarding maintenance and repair. Illustrations and a knowledgeable author will not only cover the basics from A to Z, but will also provide you with safety tips on how to protect your home from severe weather damage, what equipment to install for fire and carbon monoxide detection, drills to conduct with your family, an easy-to-follow seasonal checklist, and more. So that you can stay on top of home maintenance even when you're at your busiest, from appliances to pools, to landscaping to walls, the Homeowner's Manual covers it all.

Section 608 of the Federal Clean Air Act requires that all persons who maintain, service, repair, or dispose of appliances that contain ozone-depleting refrigerants be certified in proper refrigerant handling techniques. These regulations were revised in the fall of 2016 to address HCFCs, HFCs, revised allowable leak rates, and expanded record-keeping guidelines. The ESCO Institute's EPA Section 608 Certification Program has been revised to incorporate these new regulations. Now in its second release, the ESCO Institute's EPA Section 608 Preparatory 9th Edition v2 manual covers the material required to successfully pass the Universal Exam in 32 pages.
