as a writer i mainly focus on relationships all the perils concerned with becoming involved in and maintaining a relationship with the opposite sex as women are emotional creatures they sometimes feel that they must have an emotional relationship before beginning a sexual relationship while men are usually more visual and physical by nature they are turned on by physical contact and visual stimuli but women need so much more than that women need emotional and spiritual nurturing while men tend to lack understanding in that area of womens needs when the two come together this tremendous lack of understanding causes an abundance of pain and heartache women are left feeling under appreciated neglected and unloved men on the other hand usually dont understand what the problem is in the relationship we often assume they will not understand there is also a gap in communication which furthers the stress we feel as a writer i attempt to explain this pain and heartache that women so often go through because of these misunderstandings but in the end we must eventually turn to a real relationship with god in order to reach the fullest potential that life has to offer
