The Great Literacy Debate 2012-03-29 drawing from the latest research teaching primary english encourages education students to develop a deeper understanding of the essential issues involved in teaching english in order to approach a career in the elementary classroom with the confidence and knowledge required to succeed jackie brien strikes an engaging balance between the practical requirements of english teaching and encouraging informed reflection on key aspects of literacy

Common Entrance 13+ English for ISEB CE and KS3 2021-07-09 helps students to test their knowledge and gain crucial exam practice

Teaching Primary English 2012-02-22 what is the trouble with schools and why should we want to make school trouble schooling is implicated in the making of educational and social exclusions and inequalities as well as the making of particular sorts of students and teachers for

this reason schools are important sites of counter or radical politics in this book deborah youdell brings together theories of counter politics and radical traditions in education to make sense of the politics of daily life inside schools and explores a range of resources for thinking about and enacting political practices that make school trouble the book offers a solid introduction to the much debated issues of intersectionality and the limits of identity politics and the relationship between schooling and the wider policy and political context it pieces together a series of tools and tactics that might destabilize educational inequalities by unsettling the knowledges meanings practices subjectivities and feelings that are normalized and privileged in the business as usual of school life engaging with curriculum materials teachers lesson plans and accounts of their pedagogy and ethnographic observations of school practices the book investigates a range of empirical examples of critical action in school from overt political action pursued by educators to day to day pedagogic encounters between teachers and students the book draws on the work of michel foucault judith butler ernesto laclau and chanel mouffe and gilles deleuze and felix guattari to make sense of these practices and identify the political possibilities for educators who refuse to accept the everyday injustices and wide reaching social inequalities that face us school trouble appears at a moment of political and economic flux and uncertainty and when the policy moves that have promoted markets and private sector involvement in education around the globe have been subject to intense scrutiny and critique against this backdrop renewed attention is being paid to the questions of how politics might be rejuvenated how societies might be made fair and what role education might have in pursuing this this book makes an important intervention into this terrain by exploring a politics of discourse an anti identity politics a politics of feeling and a politics of becoming it shows how the education assemblage can be unsettled and education can be re imagined the book will be of interest to advanced undergraduate and postgraduate students and scholars in the fields of education sociology cultural studies and social and political science as well as to critical educators looking for new tools for thinking about their practice

Gcse Success Workbook French 2007-07 making good progress is a research informed examination of formative assessment practices that analyses the impact assessment for learning has had in our classrooms making good progress outlines practical recommendations and support that primary and secondary teachers can follow in order to achieve the most effective classroom based approach to ongoing assessment written by daisy christodoulou head of assessment at ark academy making good progress offers clear up to date advice to help develop and extend best practice for any teacher assessing pupils in the wake of life beyond levels

Gcse Success Workbook English 2007-07 literacy learning continues to be central to schooling and is currently of major concern to educators policy developers and members of the public alike however the proliferation of communication channels in this digital era requires a fundamental re thinking of the nature of literacy and the pedagogy of literacy teaching and teacher education this text brings together papers by experts in teacher education literacy and information technology to help chart a way forward in this complex area because of

their background in teacher education the authors are realistic about what is appropriate and feasible they do not just jump on a technology bandwagon but they are also able to provide extended examples of how to embed technology in the practice of teacher education taking a multi disciplinary perspective literacy teacher education and digital technology and informed by a range of empirical studies policy analyses and scholarly reflection this book makes a unique contribution to the literature on one of education s most pressing challenges how we prepare teachers of literacy at a time when understandings of literacy are expanding chapters by leading researchers are complemented by those offering illuminating vignettes of practice that in turn provide opportunities for interrogation by the rich theoretical toolkit that characterizes the field the book is thoughtfully structured and manages a coherence that is rare in edited collections an impressive and heartening read viv ellis professor of education at brunel university england and bergen university college in norway
