the code of federal regulations is a codification of the general and permanent rules published in the federal register by the executive departments and agencies of the united states federal government

Rudimenta Linguae Latinae

1858

we hold these truths to be self evident an interdisciplinary analysis of the roots of racism and slavery in america delves into the philosophical historical socio cultural and political evolution of racism and slavery in america the premise of this work is that racism and slavery in america are the result of an unintentional historical intertwining of various western philosophical religious cultural social economic and political strands of thought that date back to the classical era these strands have become tangled in a gordian knot which can only be unraveled through the bold application of a variety of multidisciplinary tools by doing so this book is intended help the reader understand how the united states a nation that claims all men are created equal could be responsible for slavery and the intractable threads of racism and inequality that have become woven into its cultural the fabric

U.S. Fish and Wildlife Service's Mammalian Predator Damage Management for Livestock Protection in the Western United States

1979

in the scramble for africa britain took a lion s share of the continent it occupied and controlled vast territories including the uganda protectorate which it ruled for 68 years early administrators in the region encountered the progressive kingdom of buganda which they incorporated into the british empire under the guise of protection indirect rule and patronage britain overran plundered and disempowered the kingdom s traditional institutions on liquidation of the empire buganda was coaxed into a problematic political order largely dictated from london today 56 years after independence the kingdom struggles to rediscover itself within uganda s fragile politics based on newly de classified records this book

reconstructs a history of the machinations underpinning british imperial interests in b uganda and the personalities who embodied colonial rule it addresses anglo uganda relations demonstrating how uganda s politics reflects its colonial past and the forces shaping its future it is a far reaching examination of british rule in b uganda questioning whether it was designed for protection for patronage or for plunder
