it is a troubling time in the kingdom of shale as a marauding group calling themselves the rogues begins launching raids across the kingdom a small group of hybrid warriors intertwined magically with mythical beasts swears to defend the kingdom when a hooded prowler breaches castle security and escapes into the night the royal guard splits in two one group pursues the oddly powerful intruder while the other chafes at being left behind the powerful stranger is on a ruthless search for just one thing the relic sword and he ll stop at nothing to get it after he leaves the royal guard with nothing but destruction unanswered questions and a taste for revenge the king s soldiers begin a dangerous journey to find the supposed assassin before he unleashes a legendary power on the world but as they search the lines between friend and foe begin to blur and the allegiance of some becomes questionable as swords clash and arrows soar through the air no one knows who to trust but everyone is about to learn that the relic sword has the capability to change the future of the kingdom of shale forever

National Bureau of Standards Circular

1998

emphasizing the important social relationships that form among people who participate in small scale economic transactions contributors to this volume explore often overlooked networks of intimate and shadow economies terms used to describe trade that takes place outside formal market systems case studies from a variety of historical contexts around the world reveal the ways such transactions created community and identity subverted class and power relations and helped people adapt to new social realities in maine woven baskets sold by native american artisans to euroamerican consumers supported native strategies for

cultural survival and agency alcohol exchanged by scandinavian merchants for furs and skins enabled their indigenous trading partners to expand social webs that contested colonialism moonshine production in appalachia was an integral part of economic exchanges in isolated mountain communities caribbean and american plantations contain evidence of interactions exchanges and attachments between enslaved communities and poor whites that defied established racial boundaries from brothel workers in boston to seal hunters in antarctica the examples in this volume show how historical archaeologists can use the concept of intimate economies to uncover deeply meaningful connections that exist beyond the traditional framework of global capitalism

1891

from west indian sugar and bottles of southeast asian arrack to french red wines english felt cloth and mediterranean lemons many global wares ended up in the scandinavian borderlands during the late eighteenth century this book explores how and why these goods came to be there and analyses what smuggling can reveal about the emergence of global trade the formation of the nation state and the development of consumer society in europe s

northernmost outskirts this book shows that the global underground was ubiquitous in the nordic countries and fundamentally altered them politically economically socially and culturally through re evaluating the role of smuggling the book complements and challenges established historical accounts about state building market dynamics consumer culture and ideas and identity it also offers a roadmap for how to think about illegal global trade and how to approach this notoriously difficult research field by integrating illegality the book aims to show how an illicit web entangled often overlooked peripheral territories with traditional portals of globalisation and proposes a novel take on early modern globalisation and the paths to modernity in the european hinterlands to achieve this a wide variety of sources are used including court records administrative sources diaries ambassadorial correspondence and maps in various languages including swedish finnish norwegian english and french this book makes a significant contribution to the literature on economic history the first wave of globalisation the study of shadow economies and scandinavian history more broadly
