this work explores the interaction of american protestant missionaries with iranians during the 1960s and 1970s it focuses on the missionary activities of four american protestant groups presbyterians assemblies of god international missions and southern baptists it argues that american missionaries predisposition toward their own culture confused their message of the gospel and added to the negative perception of christianity among iranians this bias was seen primarily in the american missionaries desire to modernize iran through education and healthcare and between the missionaries relationship with iranian christians iranian attitudes towards missionary involvement in these areas are investigated as is the changing american missionary strategy from a traditional method where missionaries had the final say on most matters related to american and iranian christian interaction to the beginnings of an indigenous system where a partnership developed between the missionary and the iranian christian in a gripping story of international power and deception jeffrey engel reveals the special relationship between the united states and great britain in a new and far more competitive light as allies they fought communism as rivals they locked horns over which would lead the cold war fight in the quest for sovereignty and hegemony one important key was airpower which created jobs forged ties with the developing world and perhaps most importantly in a nuclear world ensured military superiority only the united states and britain were capable of supplying the post war world s ravenous appetite for aircraft the americans hoped to use this dominance as a bludgeon not only against the soviets and chinese but also against any ally that deviated from washington s rigid brand of anticommunism eager to repair an economy shattered by war and never as committed to unflinching anticommunism as their american allies the british hoped to sell planes even beyond the iron curtain reaping profits improving east west relations and garnering the strength to withstand american hegemony engel traces the bitter fights between these intimate allies from europe to latin america to asia as each sought control over the sale of aircraft and technology throughout the world the anglo american competition for aviation supremacy affected the global balance of power and the fates of developing nations such as india pakistan and china but without aviation engel argues britain would never have had the strength to function as a brake upon american power the way trusted allies should as the first naacp field secretary for mississippi medgar wiley evers put his life on the line to investigate racial crimes including emmett till s murder and to organize boycotts and voter registration drives on june 12 1963 he was shot in the back by white supremacist byron de la beckwith as the civil rights leader unloaded a stack of jim crow must go t shirts in his own driveway his was the first assassination of a high ranking public figure in the civil rights movement while evers s death ushered in a decade of political assassinations and ignited a powder keg of racial unrest nationwide his life of service and courage has largely been consigned to the periphery of u s and civil rights history in her compelling study of collective memory and artistic production remembering medgar evers minrose gwin engages the powerful body of work that has emerged in response to evers s life and death fiction poetry memoir drama and songs from james baldwin margaret walker eudora welty lucille clifton bob dylan and willie morris among others gwin examines local news accounts about evers 1960s gospel and protest music as well as contemporary hip hop the haunting poems of frank x walker and contemporary fiction such as the help and gwin s own novel the queen of palmyra in this study evers springs to life as a leader of plural singularity who modeled for southern african americans a new form of cultural identity that both drew from the past and broke from it to quote gwendolyn brooks he leaned across tomorrow fifty years after his untimely death evers still casts a long shadow in her examination of the body of work he has inspired gwin probes wide ranging questions about collective memory and art as instruments of social justice remembered evers s life s legacy pivots to the future she writes linking us to other human rights struggles both local and global a sarah mills hodge fund publication vol for 1963 includes section current australian serials a subject list one of the great figures of the twentieth century chairman mao looms irrepressibly over the economic rise of china mao zedong was the leader of a revolution a communist who lifted hundreds of millions out of poverty an aggressive and distrustful leader and a man

responsible for more civilian deaths than perhaps any other historical figure now four decades after mao's death acclaimed biographer philip short presents a fully updated and revised edition of his ground breaking and masterly biography vivid uncompromising and unflinching short presents in one volume the man behind the propaganda his family his beliefs and his horrors in doing so he shows us both the human being mao was and the monster he became when christopher madsen made the snap decision perhaps a rash decision to buy and renovate the famous 1916 racing yacht for which this story is named he could scarcely have imagined the consequences that were to follow during the renovation madsen's investigation of the original owner new york senator holland sackett duell uncovered a remarkable true life 1920s adventure and love story one which fully brings to life the era and flair of gatsby and hemmingway yet by contrast rowdy is completely true historically significant and meticulously documented in support of the authenticity the reader first walks in duell's footsteps as he departs new york in 1918 to participate in the great war the most detailed accounting ever written on new york's 306th field artillery 77th division highly decorated upon return the adventure continues as duell is immersed in politics at the highest level the birth of hollywood sailing competitions with some of the richest men in america fortunes and mansions and love affairs as well as scandalous affairs a newly unearthed gem in american history rowdy will enjoyably transport the reader back in time to the golden age of yachting and ever so much more a multi award winning story and a beautiful coffee table book 8 a1 2 x 11 hardcover with the look of worn vintage leather gold leaf stamping rounded spine woven burgundy book mark full reviews sample pages awards etc at rowdystory.com an examination of the varied paths of the american inter city bus industry from its origins in the second decade of the 20th century to deregulation in 1982 this sector of transport has been much neglected by historians and this book seeks to uncover a range of useful and pertinent information to those who are interested in understanding entrepreneurial endeavours patterns of mobility and consumer attitudes it analyzes the development of the national industry probes the growth of particular companies and investigates specific aspects of business behaviour the work is presented as a series of focused essays which offer insights into such topics as regulation marketing gender patterns and intermodal competition it draws on diverse archival materials government surveys and findings trade publications interviews and photographs a wide ranging bibliographical essay offers a guide to available sources looking toward the heavens the destroyer crew saw what seemed to be the entire japanese air force assembled directly above hell was about to be unleashed on them in the largest single ship kamikaze attack of world war ii on april 16 1945 the crewmen of the uss laffey were battle hardened and prepared they had engaged in combat off the normandy coast in june 1944 they had been involved in three prior assaults of enemy positions in the pacific at leYTE and lingayen in the philippines and at iwo jima they had seen kamikazes purposely crash into other destroyers and cruisers in their unit and had seen firsthand the bloody results of those crazed tactics but nothing could have prepared the crew for this moment an eighty minute ordeal in which the single small ship was targeted by no fewer than twenty two japanese suicide aircraft by the time the unprecedented attack on the laffey was finished thirty two sailors lay dead more than seventy were wounded and the ship was grievously damaged although she lay shrouded in smoke and fire for hours the laffey somehow survived and the gutted american warship limped from okinawa's shore for home where the ship and crew would be feted as heroes using scores of personal interviews with survivors the memoirs of crew members and the sailors wartime correspondence historian and author john wukovits breathes life into the story of this nearly forgotten historic event the us navy described the kamikaze attack on the laffey as one of the great sea epics of the war in hell from the heavens the author makes the ordeal of the laffey and her crew a story for the ages this reference work chronicles and categorizes more than 23 000 union casualties at gettysburg by generals and staff and by state and unit thirteen appendices also cover information by brigade division and corps by engagements and skirmishes by state by burial at three cemeteries and by hospitals casualty transports incarceration records and civilian casualty lists are also included this is an account of the nation's first intelligence agency the office of special services o s s how it operated what it accomplished and how it laid the basis for the present central intelligence agency and how its charismatic founder wild bill donovan established control over it recruited its staff and most importantly sold roosevelt the armed services the allies and the rest of the country on the agency's varied and often bizarre shadow warfare missions during world war ii the o s s's special relationship with the british the key role

of academics and its embarrassing connection with the soviets n k v d are also addressed smith concludes that the creation of the c i a after the war owed less to the accomplishments of the o s s than to donovan s public relations skills and the precarious military situation the country found itself in at the time mr smith has done an exhaustive job of research on the o s s and donovan the book offers an honest lively portrait of an important american and the contributions good and bad that he and the o s s made to the american intelligence system much of this book can be read for the pleasure of observing a genuine american character in action mr smith who does not fawn on his subject captures donovan s kinetic energy and vision philip taubman the new york times this may be as close to a definitive medium length history of oss as we are likely to get it draws fully on the extensive original files now available both american and british and on the recent flood of secondary writing the author has a sure grasp of the basic history of the war his narrative chapters put oss firmly into that wider context and his perspectives and judgments ring true and there are excellent chapters on the usually neglected research and analysis section and on the relations between oss and soviet intelligence agencies an important book foreign affairs a lmost certainly the most balanced study to date of the shadow or irregular warfare that was the special province of oss resting on an impressive amount of research into unpublished manuscript collections in both this country and great britain the shadow warriors is a convincing account in large measure because its author retains a balance in his conclusions even as he does not hesitate to render firm judgments the public historian bradley f smith has produced a carefully researched lucid study of the office of strategic services oss smith deserves recognition for writing the most comprehensive study to date on the origins of united states central intelligence the journal of american history bradley smith has undertaken a formidable task in writing this history of the office of strategic services which is the most reliable record to date of its wide range of activities during the second world war an audacious book that is fascinating for its disclosures and entertaining to read the slavonic and east european review bradley smith credits the oss with accomplishments in support of the military but considers shadow warfare dangerously overvalued the book is humanly interesting at the same time that it addresses the very largest moral and military questions kirkus this volume is an inspiring and breakthrough piece of academic scholarship and the first of its kind featuring a comprehensive reader friendly approach to teach the intricacies of the various aspects of international farm animal wildlife conservation food safety and environmental protection law the selected focus areas are grouped in sections such as agrobiodiversity fishing and aquaculture pollinators and pesticides soil management industrial animal production and transportation and international food trade farm animal welfare environmental protection biodiversity conservation and food safety are the core of the selected chapters every chapter provides real world examples to make the complex field easy to understand with its systematic approach this book is devoted to anyone interested in the subject becomes a valuable resource for professionals working in food regulation and provides a solid foundation for courses and master s programs in animal law environmental policy food and agriculture law and regulation of these subjects around the world through its emphasis on sustainable food production this work offers a cutting edge selection of evolving topics at the heart of the pertinent discourse as one of its highlights this books also provides tools for change a unique compilation and analysis of laws from the major farm animal product trading nations with these tools practitioners advocates policy makers and other state holders are equipped with information to start work toward improving farm animal welfare wildlife conservation and food safety through the use of law and policy this volume unites scholars from brazil the u s and europe who draw on a close re reading of the vargas literature hitherto unavailable or unused sources and a wide array of methodologies to shed new light on the political changes and cultural representations of vargas s regimes realising why he meant different things to different people american national trade bibliography o shaughnessy s excellent clearly written book is an important contribution to caribbean and us history he successfully explains why the caribbean colonists far from supporting the american revolution preferred to keep the british empire intact highly recommended choice the 1936 olympic games played a key role in the development of both hitler s third reich and international sporting competition the nazi olympics gathers essays by modern scholars from prominent participating countries and lays out the issues sporting as well as political surrounding the involvement of individual nations the volume opens with an analysis of germany s preparations for the games and the attempts by the nazi regime to allay the international concerns about hitler s racist

ideals and expansionist ambitions essays follow on the united states great britain and france top tier olympian nations with misgivings about participation as well as germany s future axis partners italy and japan other contributions examine the issues involved for finland sweden norway denmark and the netherlands throughout the authors reveal the high political stakes surrounding the games and how the nazi olympics distilled critical geopolitical issues of the time into a spectacle of sport neville florian usborne entered the royal navy as a cadet in 1897 in the years between him joining up and the outbreak of the first world war he engaged in a huge number of enterprises and endeavours praise and respect garnered in accordance with his achievements all helped to establish his reputation in later years as an irreplaceable pioneer and a leading light of early british airship design his fertile imagination and enterprising spirit fused to form a dynamic personality able in wartime to draw up countless schemes in an effort to outwit the enemy his chief task during the great war was to dream up new tactics and designs to combat the zeppelin menace perceived as one of the most damaging threats of the entire conflict he was also deeply involved in the design of the very successful ss and coastal class airships indeed during 1915 he was actually appointed inspector commander of airships at the admiralty unfortunately his illustrious career was destined to be cut short in 1916 when he was killed testing a prototype of one of his own designs this new biography seeks to shine a light on an overlooked pioneer of early aviation and it does so in entertaining and reverential style the importance of usborne the pioneer is made plain as one of his contemporaries commented upon his death no one can talk of the early days of british airship design without mention of his name and work a personality was lost on that february day which was irreplaceable the city of london vol iv a club no more is the fourth and final volume of david kynaston s epic history of the square mile in the modern era this lively and informative book takes the story from the post war era when the city was hemmed in by bombsites and austere chancellors through to very recent developments such as the big bang deregulation of 1986 this is as much a social history as a financial study with interesting discussions of the changing class and complexion of the city and with fascinating details on the early computerisation of the big companies as with earlier volumes kynaston s style is that of an anecdotal storyteller colourful characters dramatic boardroom struggles and heated exchanges between politicians and bankers dominate the pages

Report of the President of Harvard College and Reports of Departments 1890 this work explores the interaction of american protestant missionaries with iranians during the 1960s and 1970s it focuses on the missionary activities of four american protestant groups presbyterians assemblies of god international missions and southern baptists it argues that american missionaries predisposition toward their own culture confused their message of the gospel and added to the negative perception of christianity among iranians this bias was seen primarily in the american missionaries desire to modernize iran through education and healthcare and between the missionaries relationship with iranian christians iranian attitudes towards missionary involvement in these areas are investigated as is the changing american missionary strategy from a traditional method where missionaries had the final say on most matters related to american and iranian christian interaction to the beginnings of an indigenous system where a partnership developed between the missionary and the iranian christian

Advocate 1874 in a gripping story of international power and deception jeffrey engel reveals the special relationship between the united states and great britain in a new and far more competitive light as allies they fought communism as rivals they locked horns over which would lead the cold war fight in the quest for sovereignty and hegemony one important key was airpower which created jobs forged ties with the developing world and perhaps most importantly in a nuclear world ensured military superiority only the united states and britain were capable of supplying the post war world s ravenous appetite for aircraft the americans hoped to use this dominance as a bludgeon not only against the soviets and chinese but also against any ally that deviated from washington s rigid brand of anticommunism eager to repair an economy shattered by war and never as committed to unflinching anticommunism as their american allies the british hoped to sell planes even beyond the iron curtain reaping profits improving east west relations and garnering the strength to withstand american hegemony engel traces the bitter fights between these intimate allies from europe to latin america to asia as each sought control over the sale of aircraft and technology throughout the world the anglo american competition for aviation supremacy affected the global balance of power and the fates of developing nations such as india pakistan and china but without aviation engel argues britain would never have had the strength to function as a brake upon american power the way trusted allies should
