the oxford handbook of daniel defoe is the most comprehensive overview available of the author s life times writings and reception daniel defoe 1660 1731 is a major author in world literature renowned for a succession of novels including robinson crusoe moll flanders and a journal of the plague year but more famous in his lifetime as a poet journalist and political agent across his vast oeuvre which includes books pamphlets and periodicals defoe commented on virtually every development and issue of his lifetime a turbulent and transformative period in british and global history defoe has proven challenging to position in some respects he is a traditional and

conservative thinker but in other ways he is a progressive and innovative writer he therefore benefits from the range of critical appraisals offered in this handbook the handbook ranges from concerns of gender class and race to those of politics religion and economics in accessible but learned chapters contributors explore salient contexts in ways that show how they overlap and intersect such as in chapters on science environment and empire the handbook provides both a thorough introduction to defoe and to early eighteenth century society culture and literature more broadly thirty six chapters by leading literary scholars and historians explore the various genres in which defoe wrote the sociocultural contexts that inform his works his writings on different locales from the local to the global and the posthumous reception and creative responses to his works

Plague

2004-05

1666 was a watershed year for england an outbreak of the great plague the eruption of the second dutch war and the devastating great fire of london all struck the country in rapid succession and with devastating repercussions shedding light on these dramatic events and their context historian rebecca rideal reveals an unprecedented period of terror and triumph based in original archival research drawing on little known sources 1666 opens with the fiery destruction of london before

taking readers on a thrilling journey through a crucial turning point in english history as seen through the eyes of an extraordinary cast of historical characters while the central events of this significant year were ones of devastation and defeat 1666 also offers a glimpse of the incredible scientific and artistic progress being made at that time from isaac newton s discovery of gravity to the establishment of the london gazette it was in this year that john milton completed paradise lost frances stewart posed for the iconic image of britannia and a young architect named christopher wren proposed a plan for a new london a stone phoenix to rise from the charred ashes of the old city with flair and style 1666 exposes readers to a city and a country on the cusp of modernity and a series of events that altered the course of history

never has contemporary fiction been more widely discussed and passionately analysed recent years have seen a huge growth in the number of reading groups and in the interest of a non academic readership in the discussion of how novels work drawing on his weekly guardian column elements of fiction john mullan examines novels mostly of the last ten years many of which have become firm favourites with reading groups he reveals the rich resources of novelistic technique setting recent fiction alongside classics of the past nick hornby s adoption of a female narrator is compared to daniel defoe s ian mcewan s use of weather is set against austen s and hardy s carole shield s chapter divisions are likened to fanny burney s each section shows how some basic element of fiction is used some topics like plot dialogue or location will appear familiar to most novel readers others metanarrative prolepsis amplification will open readers eyes to new ways

of understanding and appreciating the writer's craft how novels work explains how the pleasures of novel reading often come from the formal ingenuity of the novelist it is an entertaining and stimulating exploration of that ingenuity addressed to anyone who is interested in the close reading of fiction it makes visible techniques and effects we are often only half aware of as we read it shows that literary criticism is something that all fiction enthusiasts can do contemporary novels discussed include monica ali's brick lane martin amis's money margaret atwood's the blind assassin a.s. byatt's possession jonathan coe's the rotters club j. m. coetzee's disgrace michael cunningham's the hours don delillo's underworld michel faber's the crimson petal and the white ian fleming's from russia with love jonathan franzen's the corrections mark haddon's the curious incident of the dog in the night time patricia highsmith's ripley under ground alan hollinghurst's the spell nick hornby's how to be good ian mcewan's atonement john le carré's the constant gardener andrea levy's small island david mitchell's cloud atlas andrew o hagan's personality orhan pamuk's my name is red ann patchett's bel canto ruth rendell's adam and eve and pinch me philip roth's the human stain jonathan safran foer's everything is illuminated carol shields's unless zadie smith's white teeth muriel spark's aiding and abetting graham swift's last orders donna tartt's the secret history william trevor's the hill bachelors and richard yates's revolutionary road

winner of the christian gauss award for excellence in literary scholarship from the phi beta kappa society having excavated the world s earliest novels in his previous book literary historian steven moore explores in this sequel the remarkable flowering of the novel between the years 1600 and 1800 from don quixote to america s first big novel an homage to cervantes entitled modern chivalry this is the period of such classic novels as tom jones candida and dangerous liaisons but beyond the dozen or so recognized classics there are hundreds of other interesting novels that appeared then known only to specialists spanish picaresques french heroic romances massive chinese novels japanese graphic novels eccentric english novels and the earliest american novels these minor novels are not only interesting in their own right but also provide the context needed to appreciate why the major novels were major breakthroughs the novel experienced an

explosive growth spurt during these centuries as novelists experimented with different forms and genres epistolary novels romances gothic thrillers novels in verse parodies science fiction episodic road trips and family sagas along with quirky unclassifiable experiments in fiction that resemble contemporary avant garde works as in his previous volume moore privileges the innovators and outriders those who kept the novel novel in the most comprehensive history of this period ever written moore examines over 400 novels from around the world in a lively style that is as entertaining as it is informative though written for a general audience the novel an alternative history also provides the scholarly apparatus required by the serious student of the period this sequel like its predecessor is a zestfully encyclopedic avidly opinionated and dazzlingly fresh history of the most elastic of literary forms booklist

the acclaimed historian demonstrates a link between climate change and social unrest across the globe during the mid 17th century revolutions droughts famines invasions wars regicides government collapses the calamities of the mid seventeenth century were unprecedented in both frequency and severity the effects of what historians call the general crisis extended from england to japan and from the russian empire to sub saharan africa and the americas in this meticulously researched volume historian geoffrey parker presents the firsthand testimony of men and women who experienced the many political economic and social crises that occurred between 1618 to the late 1680s he also incorporates the scientific evidence of climate change during this period into

the narrative offering a strikingly new understanding of the general crisis changes in weather patterns especially longer winters and cooler and wetter summers disrupted growing seasons and destroyed harvests this in turn brought hunger malnutrition and disease and as material conditions worsened wars rebellions and revolutions rocked the world

1882

william muggins an impoverished but highly literate weaver poet lived and wrote in london at the turn of the seventeenth century when few of his contemporaries could even read a weaver poet and the plague s microhistorical approach uses muggins s life and writing in which he articulates a radical vision of a commonwealth founded on labor and mutual aid as a gateway into a broader narrative about london s middling sort during the plague of 1603 in debt in prison and at odds with his livery company muggins was forced to move his family from the central london neighborhood called the poultry to the far poorer and more densely populated parish of st olave s in southwark it was here confined to his home as that parish was

devastated by the plague that muggins wrote his minor epic london s mourning garment in 1603 the poem laments the loss of life and the suffering brought on by the plague but also reflects on the social and economic woes of the city from the pains of motherhood and childrearing to anxieties about poverty insurmountable debt and a system that had failed london s most vulnerable part literary criticism part microhistory this book reconstructs muggins s household his reading his professional and social networks and his proximity to a culture of radical religion in southwark featuring an appendix with a complete version of london s mourning garment this volume presents a street level view of seventeenth century london that gives agency and voice to a class that is often portrayed as passive and voiceless
